My name is Emily Brien and I am in my first year of the Occupational Therapy graduate program at Utica College. I have been working in the Writing Center since the spring semester of 2012. I spent my first two years of college at SUNY Brockport, and transferred to Utica in the fall of 2011. I am on the soccer team here, as well as being a resident assistant in Boehlert Hall. I enjoy working in the Writing Center and assisting my fellow students in expressing creativity and passion in their writing. I look forward to seeing you stop by the Writing Center this year!
