

Hi! My name is Keri Yadow. I am a graduate student in the Occupational Therapy program. I have worked in the Writing Center for a year and a half and truly enjoy the art of writing. I love dotting the "I's" and crossing the "T's": techniques that make a strong and well written paper.

I graduated from a small high school in Madison, New York. I attended Lemoyne College for my freshmen year; but, transferred to Utica College for my sophomore year. Currently, I live with my parents in Whitesboro, NY. I cannot be happier with my experience at Utica College!
