

**UTICA
COLLEGE**

GRADUATE RESEARCH PROPOSAL APPROVAL

This form must be submitted prior to the beginning of any research. After the student acquires all needed signatures, he/she should bring the original to the School of Graduate and Extended Studies. The office will then distribute a copy to each of the following: Registrars, Committee Chair and student.

NOTE: No research proposal will be approved unless a completed **Research Committee Application** is on file in the Program Director's office. Once your research proposal is approved, you may need to seek approval from Utica College's Institutional Review Board for the protection of Human Subjects. Consult the College's Research Guidelines for further details.
