
Tutorial Information

If want to know if any new messages have come in while you are using the mail tool, the Update Listing will refresh your screen. If there any new messages while you were in the mail tool, they will show up in the listing.

Updating the Listing

1. Click the Update Listing button to see if any new messages have been sent while you are still using the mail tool. (See Fig. U1-1)

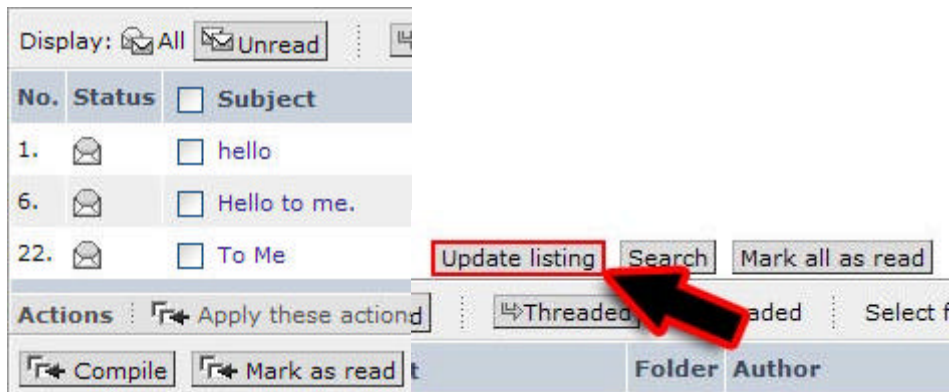

Fig. U 1-1

2. If any new messages have been sent, they will show up after clicking on the Update listing button. (See Fig. U1-2)
