

UTICA COLLEGE

TRANSFER ARTICULATION AGREEMENT

Utica College

Bachelor of Science in Criminal Justice

and

Onondaga Community College

Associates in Applied Science
or Associates in Science:
Criminal Justice

February 2013

Utica College and Onondaga Community College, in recognition of a mutual respect for the integrity of parallel academic programs and in an effort to better serve students intending to pursue the completion of a bachelors degree, hereby enter into an agreement of an articulated program.

OBJECTIVES:

1. To encourage the transfer of qualified students from Onondaga Community College (OCC) to Utica College (UC).
2. To award academic credit for courses completed at OCC, that meet the terms of the Associate in Applied Science or Associate in Science Degree: Criminal Justice program for application toward the requirements for the Bachelor of Science in Criminal Justice at UC.
3. To provide effective and concise guidelines for students seeking to transfer to UC. Students will have accurate and clear information regarding the transfer of their coursework and credits toward the Bachelor of Science in Criminal Justice at UC.

TERMS OF THE TRANSFER ARTICULATION AGREEMENT:

1. UC guarantees the acceptance of students who completed either the Associate in Applied Science or Associate in Science Degree: Criminal Justice program at OCC with a cumulative GPA of 2.5 or better to the Bachelor in Criminal Justice. Transfer students who do not meet these criteria will be evaluated individually.
2. UC guarantees the transfer of credit as stipulated in the attached Program of Studies. This agreement assumes the completion of the Associate Degree and completion of the courses listed on the attached Program of Studies. UC requires that the last 30 credit hours granted toward the Bachelor of Science in Criminal Justice must be earned in residence, with matriculated status. Additionally, a Bachelor of Science degree requires that a minimum of 60 of the 120 credits must be in the liberal arts.
3. OCC transfer students will be subject to all general education requirements of UC as set forth in the UC catalogue.
 - Transfer students with a completed Associates Degree will be exempt from Components I & II of UC's Core Requirements.
 - Students who transfer 30 credits of liberal arts and sciences (with at least 2 courses in each of UC's three categories of Component II Core—including one lab science course) will be exempt from Component II Core.
 - Transfer Students who enter Utica College with Components I & II complete will be required to complete 3 credits of Component III: Integrated Writing.
4. This document is based upon the evaluation of course descriptions presented to UC. Courses listed in this agreement will transfer to UC provided a grade of "C" or better has been earned. Credit will be granted according to the appended list of equivalent courses or as general elective credit.
5. This Agreement shall remain in effect for a period of two years from the date listed below, with the provision that the terms specified herein will continue to apply to the students admitted from OCC's Associate in Applied Science or Associate in Science Degree: Criminal Justice within one year of the expiration of the agreement. Each institution agrees to provide timely notice to the other in the event of any modification to the curriculum that might affect the compatibility for admission and transfer of coursework. This agreement may be subject to change, without notice, if curriculum requirements change at either institution. Students admitted to the OCC's Associate in Applied Science or Associate in Science Degree: Criminal Justice program prior to such notification shall be admitted to UC on the basis of this agreement.

BENEFITS/ADVANTAGES:

1. OCC transfer students are eligible for scholarship and financial aid in all ways the same as continuing UC students.
2. UC will provide housing in campus residence halls within the guidelines and practices governing availability of housing for continuing students.
4. OCC transfer students are eligible to participate in internships, externships, co-ops, field placements and study abroad opportunities open to continuing UC students.

Approved on (date)

3/20/13
