

UCC 101 Journal I

Tuesday, September 5, 2006

Your first Journal Assignment is to tell me about yourself. In this entry you will tell me who you are, where you come from, what your major is, and what your interests are. Also include what your individual goals are and what you want to get out of the college experience at Utica. The journal assignment should be about 1-2 pages in length. If you feel like writing more, please do! Include anything you want to share about yourself. The journal will be kept confidential. The due date is next Tuesday, September 12.
