CONTINUOUSLY INSURED

Persons who have remained continuously insured under this Policy or other policies will be covered for any Pre-Existing Condition, which manifests itself while continuously insured, except for expenses payable under prior policies in the absence of this Policy. Previously Covered Persons must re-enroll for coverage, including dependent coverage, by **August 17, 2009**, for the Fall Semester, and by **February 15, 2010**, for the Spring Semester in order to avoid a break in coverage for conditions which existed in prior policy years. Once a break in continuous coverage occurs, the Pre-Existing Conditions Limitation will apply (see page 40).

PRE-CERTIFICATION PROGRAM

Pre-certification simply means calling Aetna Student Health prior to treatment to obtain approval for a medical procedure or service. Pre-certification can be done by you, your doctor, a hospital administrator, or one of your relatives. All requests for certification must be obtained by contacting Aetna Student Health at **(866) 746-7181** (attention Managed Care Department).

We recommend to call Aetna Student Health for precertification inpatient services to Utica College Student Health Insurance Plan members even though precertification is not required to receive benefits for the following:

- All inpatient admissions, including length of stay, to a hospital, convalescent facility, skilled nursing facility, a facility established primarily for the treatment of substance abuse, or a residential treatment facility.
- All inpatient maternity care, after the initial 48/96 hours.
- All partial hospitalization in a hospital, residential treatment facility, or facility established primarily for the treatment of substance abuse.

Pre-Certification does not guarantee the payment of benefits for your inpatient admission. Each claim is subject to medical policy review, in accordance with the exclusions and limitations contained in the Policy, as well as a review of eligibility, adherence to notification guidelines, and benefit coverage under the student Accident and Sickness Plan.

Pre-Certification of Non-Emergency Inpatient Admissions, Partial Hospitalization, Identified Outpatient Services and Home Health Services:

The patient, Physician or hospital should telephone at least **three (3) business days** prior to the planned admission or prior to the date the services are scheduled to begin.

Notification of Emergency Admissions:

The patient, patient’s representative, Physician or hospital should telephone within **one (1) business day** following inpatient (or partial hospitalization) admission.

PRE-EXISTING CONDITIONS/ CONTINUOUSLY INSURED PROVISIONS

[If a blanket plan is mandatory and covers 300 or more lives/students, then no pre-existing clause may apply to the mandatory plan enrollees. If the plan is voluntary, and client chooses pre-existing clause, the below applies.]

Pre-existing Condition

A preexisting condition is an injury or disease that was present before your first day of coverage under a group health insurance plan. If you received medical advice, treatment or services for that injury or disease, or you took prescription drugs or medicines for that injury or disease during the **6 months** prior to your first day of coverage, that injury or disease will be considered a pre-existing condition.

Limitation

Preexisting conditions are not covered during the first **12 months** that you are covered under this plan. However, there is an important exception to this general rule if you have been Continuously Insured.

Continuously Insured

You have been continuously insured if you (i) had “creditable health insurance coverage^{*}” (including but not limited to: COBRA, HMO, another group or individual policy, Medicare or Medicaid) prior to enrolling in this plan; **and** (ii) the creditable coverage ended within **63 days** of the date you enrolled under this plan. If both of these tests are met, then the pre-existing limitation period under this plan will be reduced (and possibly eliminated altogether) by the number of days of your prior creditable coverage. You will be asked to provide evidence of your prior creditable coverage.

Once a break of more than **63 days** in your continuous coverage occurs, the definition of Pre-Existing Conditions will apply.

Any limitation as to a pre-existing condition will not apply in the case of a newborn enrolled within 30 days of the date of birth or a child who is adopted or placed for adoption before attaining 18 years of age and enrolled within 30 days of adoption or placement for adoption.

It is the duty of the Covered Person to notify Aetna within 45 days of the date when any notice is given to any party, including an attorney, of the intention to pursue or investigate a claim, to recover damages, due to injuries sustained by the Covered Person.

The Covered Person acknowledges that this Plan's subrogation and reimbursement rights are a first priority claim against all potential responsible parties, and are to be paid to Aetna before any other claim for the Covered Person's damages. This Plan shall be entitled to full reimbursement first from any potential responsible party payments, even if such payment to the Plan will result in a recovery to the Covered Person, which is insufficient to make the Covered Person whole, or to compensate the Covered Person in part or in whole for the damages sustained. This Plan is not required to participate in or pay attorney fees to the attorney hired by the Covered Person to pursue the Covered Person's damage claim. In addition, this Plan shall be responsible for the payment of attorney fees for any attorney hired or retained by this Plan. The Covered Person shall be responsible for the payment of all attorney fees for any attorney hired or retained by the Covered Person or for the benefit of the Covered Person.

The terms of this entire subrogation and reimbursement provision shall apply. This Plan is entitled to full recovery regardless of whether any liability for payment is admitted by any potentially responsible party, and regardless of whether the settlement or judgment received by the Covered Person identifies the medical benefits this Plan provided. This Plan is entitled to recover from any and all settlements or judgments, even those designated as "pain and suffering" or "non-economic damages" only.

Coordination of Benefits

If the Covered Person is insured under more than one group health plan, the benefits of the plan that covers the insured student will be used before those of a plan that provides coverage as a dependent. When both parents have group health plans that provide coverage as a dependent, the benefits of the plan of the parent whose birth date falls earlier in the year will be used first. The benefits available under this Plan may be coordinated with other benefits available to the Covered Person under any auto insurance, Workers' Compensation, Medicare, or other coverage. The Plan pays in accordance with the rules set forth in the Policy.

EXTENSION OF BENEFITS

If Basic Sickness Expense, Supplemental Sickness Expense coverage for a **covered person** ends while he is **totally disabled**, benefits will continue to be available for expenses incurred for that person only while the **covered person** continues to be **totally disabled**. Benefits will end three months (90 days) from the date coverage ends. Benefits will continue to be available for a **covered person** who incurs medical expenses directly relating to a pregnancy that began before coverage under this Policy ceased. Such benefits will be covered only for the period of that pregnancy.

If a **covered person** is confined to a **hospital** or under treatment for a covered condition on the date his or her Basic Sickness Expense, Supplemental Sickness Expense coverage terminates, charges incurred during the continuation of that hospital confinement or for that treatment of the covered condition shall also be included in the term "Expense", but only while they are incurred during the 31 day period following such termination of insurance.

TERMINATION OF INSURANCE

Benefits are payable under this policy only for those Covered Expenses incurred while the policy is in effect as to the Covered Person. No benefits are payable for expenses incurred after the date the insurance terminates, except as may be provided under the Extension of Benefits provision.

TERMINATION OF STUDENT COVERAGE

Insurance for a **covered student** will end on the first of these to occur:

- (a) The date this Policy terminates,
- (b) The last day for which any required premium has been paid,
- (c) The date on which the **covered student** withdraws from the school because of entering the armed forces of any country. Premiums will be refunded on a pro-rata basis when application is made within 90 days from withdrawal,
- (d) The date the **covered student** is no longer in an eligible class.

If withdrawal from school is for other than entering the armed forces, no premium refund will be made. Students will be covered for the Policy term for which they are enrolled, and for which premium has been paid.

TERMINATION OF DEPENDENT COVERAGE

Insurance for a **covered student's dependent** will end when insurance for the **covered student** ends. Before then, coverage will end:

- (a) For a child, on the first premium due date following the first to occur of:
 - (1) The date the child is no longer chiefly dependent upon the student for support and maintenance,
 - (2) The date of the child's marriage, and
 - (3) The child's 19th birthday,
- (b) The date the **covered student** fails to pay any required premium.
- (c) For the spouse, the date the marriage ends in divorce or annulment.
- (d) The date **dependent** coverage is deleted from this Policy.
- (e) For a domestic partner, the earlier to occur of:
 - 1) The date this Policy no longer allows coverage for domestic partners, and
 - 2) The date of termination of the domestic partnership. In that event, a completed and signed declaration of Termination of Domestic Partnership must be provided to the Policyholder.
- (f) The date the **dependent** ceases to be in an eligible class.

Termination will not prejudice any claim for a charge that is incurred prior to the date coverage ends.

INCAPACITATED DEPENDENT CHILDREN

Insurance may be continued for incapacitated **dependent** children who reach the age at which insurance would otherwise cease. The **dependent** child must be chiefly dependent for support upon the **covered student** and be incapable of self-sustaining employment because of mental or physical handicap.

Due proof of the child's incapacity and dependency must be furnished to Aetna by the **covered student** within 31 after the date insurance would otherwise cease. Such child will be considered a **covered dependent**, so long as the **covered student** submits proof to Aetna at reasonable intervals during the two (2) years following the child's attainment of the limiting age and each year thereafter, that the child remains physically or mentally unable to earn his own living. The premium due for the child's insurance will be the same as for a child who is not so incapacitated.

The child's insurance under this provision will end on the earlier of:

- (a) The date specified under the provision entitled Termination of Dependent Coverage, or
- (b) The date the child is no longer incapacitated and dependent on the **covered student** for support.

Continuation of Coverage

A **covered student** who has graduated or is otherwise ineligible for coverage under this Policy, and has been continuously insured under the plan offered by the Policyholder (regular student plan), may be covered for up to 3 months provided that: (1) a written request for continuation has been forwarded to Aetna 31 days prior to the termination of coverage, and (2) premium payment has been made. Coverage under this provision ceases on the date this Policy terminates.

INTERNAL APPEALS PROCEDURE

Aetna has established a procedure for resolving appeals by **covered persons**. If the **covered person** has an appeal; please follow this procedure:

- An Appeal is defined as a written request for review of a decision that has been denied in whole or in part; after consideration of any relevant information; a request for: claim payment; certification; eligibility; referral; etc.

First Level Appeals Procedure

- An Appeal must be submitted to Aetna within 180 days of the date Aetna provides notice of denial. The Aetna address is on the **covered person's** ID card. The Appeal may be submitted by the **covered person**; or by a representative; designated by the **covered person**.
- The **covered person** may submit an oral grievance in connection with:
- A denial of; or failure to pay for; a referral; or
- A determination as to whether a benefit is covered under this Plan;
By calling Member Services. Aetna's Member Services telephone number is on the **covered person's** ID card. If the **covered person** is required to leave a recorded message; the **covered person's** message will be acknowledged within one business day after the call was recorded.

Aetna will summarize the nature of the grievance in writing. The **covered person** will be required to sign a written acknowledgement of the grievance. Such acknowledgement will be mailed promptly to the **covered person**. The **covered person** must sign and return the acknowledgement; with any amendments; in order to initiate the grievance. Upon receipt of the signed acknowledgement; the process below will be followed.

- An acknowledgment letter will be sent to the **covered person** within 1 day of Aetna's receipt of an oral Appeal; and 5 days of Aetna's receipt of a written Appeal. This letter may request additional information. If so; the additional information must be submitted to Aetna within 15 days of the date of the letter.

- The **covered person** will be sent a response within 30 days of Aetna's receipt of the Appeal. The response will be based on the information provided with; or subsequent to; the Appeal.
- If the Appeal concerns an eligibility issue; and if additional information is not submitted to Aetna after receipt of Aetna's response; the decision is considered Aetna's final response; 45 days after receipt of the Appeal. For all other Appeals; if additional information is to be submitted to Aetna after receipt of Aetna's response; it must be submitted within 15 days of the date of Aetna's response letter.
- Aetna's response will be sent within 30 days from the date of Aetna's first response letter.

In any urgent or emergency situation; the Expedited Appeal procedure may be initiated by a telephone call to Member Services. Aetna's Member Services telephone number is on the **covered person's** ID card. A verbal response to the Appeal will be given to the **covered person** and **covered person's** provider within 2 days; provided that all necessary information is available. Written notice of the decision will be sent within 2 business days of Aetna's verbal response.

Second Level Appeals Procedure

If the **covered person** is dissatisfied with Aetna's grievance determination; the **covered person**; or a representative designated by the **covered person**; may submit a written appeal within 60 business days after receipt of such determination.

- An acknowledgement letter will be sent to the **covered person** within 15 days of Aetna's receipt of the written appeal. This letter may request additional information. If so; the additional information must be submitted to Aetna within 15 days of the date of the letter.
- Aetna's final response for an urgent or emergency situation will be sent within 2 business days. For all other situations; a response will be sent within 30 business days from the date of Aetna's receipt of all necessary information.

If additional time is needed to resolve an Appeal; except in an urgent or emergency situation; Aetna will provide a written notification; indicating that additional time is needed; explaining why such time is needed; and setting a new date for a response. The additional time will not be extended beyond another 30 days.

The **covered person** must exhaust the Internal Appeals Procedure before requesting an External Appeal. However; the **covered person** is not required to exhaust the Internal Appeals Procedure prior to requesting an External Appeal; if the **covered person** and Aetna have agreed that the matter may proceed directly to an External Appeal.

Aetna will keep the records of the **covered persons** complaint for 3 years.

External Review Process

EXTERNAL APPEAL

RIGHT TO AN EXTERNAL APPEAL

Under certain circumstances; the **covered person** has a right to an external appeal of a denial of coverage. Specifically; if Aetna has denied coverage on the basis that the service is not necessary; or is an experimental or investigational treatment; the **covered person** may appeal that decision to an External Appeal Agent; an independent entity certified by the State; to conduct such appeals.

RIGHT TO APPEAL A DETERMINATION THAT A SERVICE IS NOT NECESSARY

If Aetna has denied coverage on the basis that the service is not necessary; the **covered person** may appeal to an External Appeal Agent; if the **covered person** satisfies the following criteria listed below:

- The service; procedure; or treatment; must otherwise be a Covered Medical Expense under this Plan; and
- The **covered person** must have received a final adverse determination through the first level of Aetna's internal review process; and Aetna must have upheld the denial; or the **covered person** and Aetna must agree in writing; to waive any internal appeal.

RIGHT TO APPEAL A DETERMINATION THAT A SERVICE IS EXPERIMENTAL OR INVESTIGATIONAL

If the **covered person** has been denied coverage on the basis that the service is an experimental or investigational treatment; the **covered person** must satisfy the following criteria:

- The service must otherwise be a Covered Medical Expense under this Plan; and
- The **covered person** must have received a final adverse determination through the first level of Aetna's internal appeal process; and Aetna must have upheld the denial; or the **covered person** and Aetna must agree in writing to waive any internal appeal.

In addition; the **covered person's** attending physician must certify that the **covered person** has a life-threatening or disabling condition or disease. A "life-threatening condition or disease" is one which; according to the current diagnosis of the attending physician; has a high probability of death. A "disabling condition or disease" is any medically determinable physical or medical impairment that can be expected to result in death; or that has lasted; or can be expected to last; for a continuous period of not less than 12 months; which renders the **covered person** unable to engage in any substantial gainful activities. In the case of a dependent child under the age of 18; a "disabling condition or disease" is any medically determinable physical or mental impairment of comparable severity.

The **covered person's** attending physician must also certify that the life-threatening or disabling condition or disease is one for which standard health services are ineffective; or medically inappropriate; or one for which there does not exist a more beneficial standard service or procedure covered under this Plan; or one for which there exists a clinical trial (as defined by law).

In addition; the **covered persons** attending physician must have recommended at least one of the following:

- A service; procedure or treatment that 2 documents from available medical and scientific evidence indicate is likely to be more beneficial to the **covered person** than any standard Covered Medical Expense (only certain documents will be considered in support of this recommendation – the **covered person's** attending physician should contact the State in order to obtain current information as to what documents will be considered acceptable); or
- A clinical trial for which the **covered person** is eligible (only certain clinical trials can be considered).

For the purposes of this section; the **covered person's** attending physician must be a licensed; board certified; or board eligible physician; qualified to practice in the area appropriate to treat the **covered person's** life-threatening or disabling condition or disease.

THE EXTERNAL APPEAL PROCESS

If; through the Aetna's internal appeal process; the **covered person** has received a final adverse determination upholding a denial of coverage on the basis that the service is not necessary; or is an experimental or investigational treatment; the **covered person** has 45 days from receipt of such notice to file a written request for an external appeal. If the **covered person** and Aetna have agreed to waive any internal appeal; the **covered person** has 45 days from the receipt of such waiver to file a written request for an external appeal. Aetna will provide an external appeal application with the final adverse determination issued through the Aetna's internal appeal process or its written waiver of an internal appeal.

The **covered person** may also request an external appeal application from the New York State Department of Insurance at 1-800-400-8882. The completed application must be submitted to the New York State Department of Insurance at the address listed in the application. If the **covered person** satisfies the criteria for an external appeal; the State will forward the request to a certified External Appeal Agent.

The **covered person** will have the opportunity to submit additional documentation with the request. If the External Appeal Agent determines that the information the **covered person** submit represents a material change from the information on which Aetna based its denial; the External Appeal Agent will share this information with Aetna in order for it to exercise its right to reconsider its decision. If Aetna chooses to

exercise this right; Aetna will have 3 business days to amend or confirm its decision. Please note that in the case of an expedited appeal (described below); Aetna does not have a right to reconsider its decision.

In general; the External Appeal Agent must make a decision within 30 days of receipt of the completed application. The External Appeal Agent may request additional information from the **covered person**; the **covered person's** physician or Aetna. If the External Appeal Agent requests additional information; it will have 5 additional business days to make its decision. The External Appeal Agent must notify the **covered person** in writing of its decision within 2 business days.

If the **covered person's** attending physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to the **covered person's** health; the **covered person** may request an expedited external appeal. In that case; the External Appeal Agent must make a decision within 3 days of receipt of the completed application. Immediately after reaching a decision; the External Appeal Agent must try to notify the **covered person** and Aetna by telephone or facsimile of that decision. The External Appeal Agent must also notify the **covered person** in writing of its decision.

If the External Appeal Agent overturns Aetna's decision that a service is not necessary; or approves coverage of an experimental or investigational treatment; Aetna will provide coverage subject to the other terms and conditions of this Plan. If the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial; Aetna will only cover the costs of services required to provide treatment to the **covered person** according to the design of the trial. Aetna shall not be responsible for the costs of investigational drugs or devices; the costs of non-health care services; the costs of managing research; or costs which would not be covered under this Plan for non-experimental or non-investigational treatments provided in such clinical trial.

The External Appeal Agent's decision is binding on both the **covered person** and Aetna. The External Appeal Agent's decision is admissible in any court proceeding.

The **covered person** will be charged a fee of \$50 for an external appeal. The external appeal application will instruct the **covered person** on the manner in which the **covered person** must submit the fee. Aetna will also waive the fee if Aetna determines that paying the fee would pose a hardship to the **covered person**. If the External Appeal Agent overturns the denial of coverage; the fee shall be refunded to the **covered person**.

RESPONSIBILITIES

It is the **covered person's** responsibility to initiate the external appeals process. The **covered person** may initiate the external appeal process by filing a completed application with the New York State Department of Insurance. If the requested service has already been provided to the **covered person**; the **covered person's** attending physician may file an expedited appeal application on the **covered person's** behalf; but only if the **covered person** has consented to this in writing.

Under New York State law; the **covered person's** completed request for appeal must be filed within 45 days of either the date upon which the **covered person** receives written notification from Aetna that it has upheld a denial of coverage; or the date upon which the **covered person** receives a written waiver of any internal appeal. Aetna has no authority to grant an extension of this deadline.

COVERED SERVICES AND EXCLUSIONS

In general; this Plan does not cover experimental or investigational treatments. However; this Plan shall cover an experimental or investigational treatment approved by an External Appeal Agent in accordance with this section. If the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial; Aetna will only cover the costs of services required to provide treatment to **the covered person**; according to the design of the trial. Aetna shall not be responsible for the costs of investigational drugs or devices; the costs of non-health care services; the costs of managing research; or costs which would not be covered under this Plan for non-experimental or non-investigational treatments provided in such clinical trial.
