About Utica College

Utica College is a coeducational college in a suburban setting, with a liberal educational philosophy and an informal, personal atmosphere. On a modern campus on the southwestern edge of the medium-sized city of Utica, New York, Utica College's nearly 3,000 full and part-time students benefit from full-time faculty involvement in all facets of the institution's academic life.

Utica College's origins reach back to the 1930s, when Syracuse University first offered extension courses in the Utica area. Seeing a need for a college in the Mohawk Valley, area business and community leaders urged Syracuse University to open such an institution. As a result, the University established Utica College in 1946. Although Utica College is financially and legally independent from Syracuse University, the College and University maintain an academic relationship.

Utica College subscribes to a philosophy of education dedicated to the cultivation of a liberally educated professional person. The College's approach is to combine a commitment to the complementary goals of liberal education and professionalism. In Utica College's view, a common thread of these goals is a concern for the individual and his or her role in society. Further, Utica College holds that education is a learning process that is a continuing, exciting, challenging, enlightening, and fulfilling experience requiring commitment, discipline, and excellence.

The student body at Utica College is diverse, made up of men and women from many socio-economic and cultural backgrounds. They represent a wide variety of ethnic groups, non-traditional students, veterans, and physically-challenged persons. Some of Utica College's students commute from Utica and nearby Mohawk Valley communities. While resident students come from all parts of the United States and other countries, most are from New York, New England, and the Middle Atlantic States.

One of the strongest traditions of the College is student participation in all of the College's affairs. Because of this tradition, Utica College was one of the first institutions in the nation to meet the challenge of full student participation in campus government. Voluntarily, Utica College's students, faculty, and staff organized a College Council which gave each group a representative voice in governance of all College affairs — academic, social, cultural, administrative, and regulatory.

ACCREDITATION

Utica College is chartered by the Regents of The University of the State of New York. The College is accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools, 3624 Market Street, Philadelphia, PA, 19104-2680, (215) 662-5606. The Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Commission on Recognition of Postsecondary Accreditation. The College's Graduate Programs are approved by the New York State Education Department, Office of Higher Education, Room 979 EBA, 89 Washington Avenue, Albany, New York 12234, (518) 474-5851. The Utica College Teacher Certification programs, which are designed to ground students in the values, knowledge, and practices for teachers and leaders in inclusive classrooms and schools in the belief that educators can facilitate learning for all children, are accredited by the Teacher Education Accreditation Council (TEAC) for a period of five years, from June 26, 2006 to June 26, 2011. The

Graduate Physical Therapy Program is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), American Physical Therapy Association, 1111 N. Fairfax Street, Alexandria, Virginia, 22314, (703)706-3245. The Graduate Occupational Therapy Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, P.O. Box 31220, Bethesda, MD, 20824-1220, (301)652-AOTA.

UTICA COLLEGE MISSION STATEMENT

Utica College educates students for rewarding careers, responsible citizenship, and fulfilling lives by integrating liberal and professional study, by creating a community of learners with diverse experiences and perspectives, by balancing its local heritage with a global perspective, by encouraging lifelong learning, and by promoting scholarship in the belief that the discovery and application of knowledge enrich teaching and learning.

Utica College's mission rests upon a foundation of values that guide the College community's decisions and actions. These values include the following:

- commitment to individual attention for our students
- commitment to lifelong learning
- commitment to pragmatic approaches to teaching and learning
- commitment to continual improvement in our educational quality
- commitment to fostering diversity of perspective, background, and experience for education in an increasingly global society
- commitment to community and professional service
- dedication to highest ethical standards and integrity in all that we do
- dedication to freedom of expression and to open sharing of ideas and creativity
- dedication to open, honest, and collegial communication
- dedication to the well-being of others

GRADUATE MISSION STATEMENT

Utica College's graduate programs prepare professionals to meet the present and future challenges posed by the increasing complexity of our global society and to assume the leadership roles necessary to guide their organizations through the ever-changing information and technology age.

Graduate education at Utica College shares the undergraduate mission of liberal, professional, and specialized study by addressing a wide range of human issues, while focusing on the acquisition of knowledge in the context of a profession. The Utica College graduate programs are committed to preparing well-educated men and women who have developed the necessary competencies for their careers, and who are responsive and sensitive to the needs of the communities in which they reside, study, and work.

NON-DISCRIMINATION POLICY

Utica College is an equal opportunity, affirmative action institution and accepts students and employs individuals without regard to race, creed, color, sex, ethnic or national origin, religion, marital status, age, sexual orientation, veteran status, or disability. This nondiscrimination policy covers admissions, employment, and access to and treatment in College programs, services, and activities.

Utica College welcomes persons with disabilities and, in compliance with Section 504 of the Rehabilitation Act of 1973 (as amended) and the Americans with Disability Act of 1990 (ADA), does not discriminate on the basis of handicap. Stephen R. Cantine, the director of career services, coordinates the College's efforts to comply with the applicable law and regulations. Stephen M. Pattarini, dean of student success and director of student development, coordinates the College's academic support services to provide reasonable accommodations for students with disabilities.

Utica College also welcomes qualified disabled veterans and veterans of the Vietnam Era and, in compliance with section 402 of the Vietnam Era Veterans' Readjustment Assistance Act of 1974, does not discriminate against such individuals. James Spartano, director of physical education and athletics, coordinates the College's efforts to comply with the applicable law and regulations.

Utica College supports equal opportunity for both sexes and, in compliance with Title IX of the Education Amendments of 1972, does not discriminate on the basis of sex.

Questions about any of the College's affirmative action policies may be directed to Mona S. Rice, Affirmative Action Officer, Utica College, 1600 Burrstone Road, Utica, New York 13502-4892, telephone (315) 792-3276.

Student Life

CONDUCT

Mature, responsible conduct at all times and in all relationships is expected of each Utica College student. Within the limitations that govern an ordered, intellectual community, the College offers all students freedom of inquiry, freedom of expression, and freedom of action. Freedom is not to be interpreted as license, for a corollary of freedom in a democratic society is responsibility. Each student is therefore expected to assume the obligations of responsibility as a citizen in this College community.

It is Utica College's policy under ordinary circumstances that pending action on charges, the status of students will not be altered or their rights to be present on campus and to attend classes suspended. However, the College reserves the right to immediately alter a student's status and deny access to campus whenever it is deemed necessary for reasons relating to the student's physical or emotional safety and well-being, or for reasons relating to the safety of students, faculty, or property. In such cases, students may be suspended pending disciplinary action.

The College expects students to conduct themselves in accordance with the Utica College Code of Student Conduct, outlined in detail in the Student Handbook.

CAMPUS SAFETY

The Office of Campus Safety is dedicated to ensuring the personal safety and well-being of Utica College's students, employees, and guests. Safety officers are responsible for maintaining order and safety both within campus buildings and throughout the campus grounds, and for providing protection from theft, misuse, and vandalism for personal and campus property.

Safety officers are also responsible for enforcing the College's safety rules and regulations. Officers conduct themselves with the highest degree of professionalism, and are committed to maintaining good campus and community relations.

The staff at UC believes that an informed public is a safety-conscious public. Each year the Office of Campus Safety publishes and distributes to the campus community a safety awareness brochure that contains campus safety policies and resources as well as statistics on campus crime required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. To view a copy of this publication, visit the Campus Safety segment of the Utica College Web site (www.utica.edu).

Upon request, the Advisory Committee on Campus Safety will provide all campus crime statistics as reported to the United States Department of Education. The College contact authorized to provide these statistics for Utica College is the vice president for student affairs and dean of students, who can be reached at (315) 792-3100. Any person requesting campus crime statistics will be provided a hard copy, by mail, of information required under 20 USC §1092 (f) within 10 days of the request. The United States Department of Education's Web site address for campus crime statistics is www.ope.ed.gov/security.

CAMPUS DINING SERVICES

The Office of Campus Dining Services operates the Strebel Dining Commons and the Pioneer Café, both located in the Strebel Student Center, and Le Bistro, located in the Gordon Science Center.

ACADEMIC SUPPORT SERVICES CENTER

The Academic Support Services Center staff provides a wide range of counseling services for students focusing on personal, vocational, and academic concerns. Located in Room 109, Hubbard Hall, (315) 792-3032 or spattarini@utica.edu, the Academic Support Services Center is staffed by counselors whose services are available to all students without cost. It is the staff's belief that, periodically in people's lives, a combination of factors may come together that inhibits their ability to meet their desired goals. Counseling services are designed to help students regain control over those factors. While personal counseling is available through the Center, referral to off-campus agencies and/or counseling services is also obtainable through the counseling staff.

In addition to the personal and academic counseling services described, the Academic Support Services Center provides support services for students with physical, emotional, or learning disabilities. In general, for students who have any questions or concerns of a personal or academic nature, contacting the Academic Support Services Center would be a wise first step.

SERVICES FOR STUDENTS WITH DISABILITIES

Utica College recognizes its obligation under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disability Act of 1990 to provide reasonable accommodations for students with documented disabilities.

The Learning Services office provides advisement, advocacy, and academic support to students who identify themselves as having a disability. The office is located in the Academic Support Services Center, Hubbard Hall Room 109.

In order for the Learning Services office to determine if a student is eligible for accommodations, the student should:

- Self-disclose his/her disability by contacting the director of learning services, preferably in person
- Request accommodations
- Submit appropriate documentation to verify eligibility. Eligibility is determined on a case-by-case basis, and is based upon documentation of a disability that currently substantially limits some major life activity.

Questions related to this policy should be directed to the director of learning services, Kateri Henkel, at (315) 792-3032 or khenkel@utica.edu. Additional information about services for students with disabilities may be found on the Utica College Web site at www.utica.edu.

HEALTH CENTER

When the College is in session during the fall and spring semesters, all full and part-time matriculated students who have a **completed health form and physical exam** on file are entitled to health care services at the Student Health Center, located in the Strebel Student Center. All health forms are due by August 1 for fall semester and January 1 for spring semester. The Student Health Center is open Monday through Friday, from 8:30 a.m. to 5:00 p.m. The Student Health Center provides medical care for students with acute short-term illnesses. All student records are confidential. No information can be released to anyone, including parents or legal guardians, without a signed release from the student. The center is staffed by a secretary, a nurse practitioner, and a licensed practical nurse. A doctor is on staff and available for appointments. Contact the Student Health Center at (315) 792-3094 or studenthealthcenter@utica.edu to schedule an appointment.

There are two Urgent Care Centers close to the College, one at Slocum Dickson Medical Group on Burrstone Road and one at Faxton Fast Track on the corner of Sunset Avenue and Burrstone Road. Both are for non-urgent care. For Emergency Care, there are two hospitals in the area: St. Elizabeth and Faxton-St. Luke's Healthcare. The St. Luke's campus of Faxton-St. Luke's Healthcare is directly across the street from the campus. Students may receive care at any of these facilities but the cost of these services is the responsibility of the student.

HEALTH INSURANCE

All full-time students must carry health insurance. Utica College offers a relatively low-cost health insurance plan for students who do not have alternate coverage. Health insurance covers medical services not available at or through the Student Health Center. All full-time students must visit www.haylor.com to either waive the student health insurance or enroll in the plan. Students must waive the health insurance by August 15 for fall and January 15 for spring, or a charge for the insurance will appear on your tuition bill. Information on the student insurance is available at the Student Health Center or you may e-mail them at studenthealthcenter@utica.edu.

IMMUNIZATIONS

All full and part-time graduate and undergraduate students must comply with New York State Public Health Laws §2165 and §2167. Students who have residencies or take classes on campus must provide the Student Health Center with proof of immunization for Measles, Mumps, and Rubella or proof of immunity as demonstrated by positive titers for Measles, Mumps, and Rubella. All students must show proof of vaccination against meningitis or sign a waiver form declining the vaccination. The immunization form is the last page of the health form. Online students have a special distance learners immunization form only. A brochure explaining the requirements and Utica College's policy can be obtained at the Student Health Center. Call the Student Health Center at (315) 792-3094 for more information.

Students who are taking day classes on campus have 30 days from the start of classes to comply (see Academic Calendar). If students do not comply within 30 days, their registration will be dropped and they will be barred from attendance.

All students must submit the immunization information prior to attending classes on campus.

LIBRARY

The Frank E. Gannett Memorial Library provides a physical and virtual focal point for learning, teaching, and research. Our collection includes nearly 200,000 volumes, 1,200 current serial subscriptions, and a microform collection of more than 60,000 units. The physical collection is supplemented by access to over 25,000 electronic journals and more than 90 research databases, allowing students and faculty to conduct scholarly research from any computer with an Internet connection, on or off campus. Fifteen reference computer workstations and 16 laptops with wireless Internet connectivity are available for student use, as well as networked print stations, two photocopiers, flatbed scanners, and microform readers.

Librarians offer personalized one-to-one reference service 65 hours per week, with no appointment needed, and conduct nearly 100 library instruction classes each year.

Interlibrary loan plays a key role in expanding access to library collections throughout the state, the country, and internationally. Through this service our library users access approximately 4,000 items each year from other libraries. In turn, our library is able to share its collection with others. Requested research articles can be delivered to students via e-mail.

The Library's Special Collections are housed in the Jocelyn Romano Candido Rare Book Room. A feature of our special collections is the Harry F. Jackson Welsh Collection, which is the largest 19th and early 20th century Welsh-language literature in the United States. Most of the Welsh Collection was printed by Welsh settlers living within 30 miles of Utica.

The Edmonds Room houses the personal library and papers of Walter D. Edmonds, author of *Drums along the Mohawk*. The Edmonds Room is available for group study.

The Library is open 98 hours per week during the academic year when classes are in session. For more information about the Library's print or online collections, as well as its services and hours, visit www.utica.edu/library.

RELIGIOUS ACTIVITIES

Utica College respects and protects all students' freedom to worship, in any way they find most satisfying, and to affiliate with religious organizations as they see fit.

UC offers a variety of religious activities and services on campus:

The Jewish Student Union fosters the religious, cultural, and social aspects of Jewish community life at Utica College. It strives, through special projects, to increase the bonds of fellowship that unite all students.

The Muslim Students Association was created to promote awareness about Islam, to represent the many different cultures that Islam encompasses, and to aid Muslim students in their stay at Utica College.

The Newman Center at Utica College is the Catholic Church on campus with an appointed chaplain who serves as the pastor. Newman provides liturgical worship, cultural and educational activities, human development programs with community involvement, personal counseling, spiritual counseling, sacramental preparation, and religious services. The Newman Parish has a modern center on campus adjacent to Alumni Hall with facilities for Sunday worship and daily Mass, a Meditation Chapel, a library, a lounge, and a meeting room. The Center is open to all students regardless of their religious affiliation and it is available to campus organizations for a variety of activities. All students are welcome to be a part of Newman programs and to participate in activities.

The University Church offers nondenominational services for interested students, incorporating live music, relevant teaching, and an environment that promotes personal growth and success through a better understanding of the Bible and oneself.

The Utica College Christian Fellowship (UCCF) is a student-run, non-denominational Christian organization. The objectives of UCCF are service, spiritual growth, and evangelism with a firm foundation based on Christ and the teachings of the Bible.

THE WRITING CENTER

The Writing Center (216 Hubbard Hall) provides support for writers in process

through peer tutoring, online resources, and access to a writer's library. Devoted to "serious conversation about writing," the Writing Center can help writers in the process of understanding a writing task, generating and arranging ideas, crafting language, and preparing finished work. Writers may use the Center on a drop-in basis. Appointments are also available.

MEDIA CENTER

The Media Center is located in the lower level of the Frank E. Gannett Memorial Library and is open seven days a week during the fall and spring semesters. It has a listening room where students may listen to pre-recorded plays, poetry, readings, lectures, languages, and music.

CAREER SERVICES

Career Services, located on the second floor of the Strebel Student Center, helps students select and pursue a career based on their interests and potential. Its services are available to all students and alumni. Career Services provides career information and counseling to help students gain a better understanding of themselves, and to successfully relate their aptitudes and interests to the employment needs of society.

Career Services establishes and maintains contacts with employment recruiters from business and industrial firms, public and private educational institutions, and local, state, and federal governments.

A career library containing occupational and educational data is available to help students become well-informed and prepared job candidates. Counselors will help students develop credential files so that they may present their qualifications effectively to prospective employers or graduate/professional schools. This service is also available to Utica College alumni. Individualized counseling and computerized career guidance are offered to the College community. Students are urged to take advantage of Utica College's career services as early as possible.

Based on responses to recent alumni surveys, 95 percent of UC graduates are employed or continue their education in graduate or professional school within six months of graduation.

UTICA COLLEGE ALUMNI ASSOCIATION

Graduates of Utica College automatically become members of the Utica College Alumni Association upon Commencement. The Association is governed by the National Alumni Council (NAC). The alumni members of the NAC have distinguished themselves through their professional or community work and their service to Utica College. With the assistance of the NAC, the Office of Alumni and Parent Relations coordinates services and activities for alumni and students, including: alumni regional events, volunteer opportunities, the annual fall Homecoming events, and the various alumni awards. Other volunteer opportunities in which graduates may become involved include the Alumni in Admissions Program, the Pioneer Career Network, career and networking events, and the Annual Fund campaign. The *Pioneer*, Utica College's alumni magazine, is sent to all alumni to keep them informed about the Utica College community.

The Office of Alumni and Parent Relations is located in Champlin House.

Admissions Requirements

ADMISSIONS TO UTICA COLLEGE

Applying to graduate programs at Utica College is a comprehensive process that warrants thorough consideration and preparation. Each program's faculty evaluates admissibility based on a broad package of application materials that includes not only test scores and grades, but also research interests, past employment, portfolios, recommendations, and a statement of goals. When preparing an application package, it is critical to carefully consider each component of the process in an effort to present the strongest application possible. Space in many of our programs is limited and, as a result, admission is highly competitive.

Application materials are available by contacting the Graduate Admissions Office at (315) 792-3010 or by e-mailing John Rowe, graduate admissions director, at jrowe@utica.edu. Application forms are also available on the Utica College Web site at www.utica.edu/admissions-grad.

All applicants to graduate programs at Utica College must have a baccalaureate degree from an accredited institution and must complete the appropriate application forms. For non-native speakers of English, a minimum TOEFL score of 550 on the paper-based examination, and a minimum TOEFL score of 213 on the computer-based examination is required. In addition, the following programs have program-specific requirements.

International Graduate Students

All Utica College graduate programs welcome applications from prospective international students.

International students should have all transcripts and degrees officially evaluated by a reputable accrediting agency such as WES (www.wes.org). Non-native speakers of English need to take the TOEFL test (www.ets.org) and earn a minimum score of 550 on the paper-based examination or a minimum score of 213 on the computer-based examination.

Prospective international students will also need to submit a proof of funds with an international student financial statement and third party verification. For more information about graduate study for international students, please contact the Graduate Admissions Office at (315) 792-3010 or e-mail John Rowe, graduate admissions director, at jrowe@utica.edu.

Graduate and Professional Examinations

- Graduate Record Examinations (GRE): For those degrees that require the Graduate Record Examinations, please go to their Web site at www.ets.org. The GRE is administered at various sites and locations at scheduled dates throughout the year.
- Miller Analogies Test (MAT): The graduate admissions office administers the Miller Analogies Test (MAT) on campus via online testing for those degree programs that accept it for admission.

The test, which is an hour long, can be taken anytime during normal business hours and is scored immediately after you take it. The fee is \$60. Please contact John Rowe, graduate admissions director at (315) 792-3824 or e-mail him at jrowe@utica.edu to arrange for a time to take the test. Review materials for the Miller Analogies Test are available at no cost in the Graduate Admissions Office.

- New York State Teacher Certification Examinations: Many education graduate programs require the successful passage of the Liberal Arts and Studies Test (LAST) and/or a Content Specialty Test (CST) for admission.

These examinations are given at set times at sites throughout New York state and the northeastern U.S. Be aware that it takes approximately one month for the results of these exams to be made available, so prospective students should plan ahead in taking them in order to meet application deadlines.

For fall applicants, the tests should be taken in September, December or February before the next fall semester. For spring applicants, the tests should be taken in April, June, July or August before the next spring semester. Those applicants interested in the apprenticeship program should take these examinations no later than September of the year before the start of the next year's cohort (May).

For more information on the New York State Teacher Certification Examinations, please go to their Web site at www.nystce.nesinc.com.

ECONOMIC CRIME MANAGEMENT

Applicants to the Economic Crime Management program must have:

- Evidence of a minimum of two years of work experience in a related field; and
- A letter of support from the applicant's employer.

EDUCATION

Applicants to the Childhood Education Program:

- Bachelor's degree from an accredited institution
- Overall GPA of 3.0 on a 4.0 scale
- Two letters of recommendation
- A major or major equivalent in an appropriate liberal arts area
- Multi-Subject Content Specialty Test (CST), Miller Analogies Test (MAT), or Graduate Record Exam (GRE). (CST is preferred).

Additional requirements, which may be satisfied at the graduate or undergraduate level:

- 6 credits in each of the following areas: English, science, math, history; and
- One year of college level study in a language other than English; and
- One course in the fine arts.

Applicants to the Childhood and Special Education Program:

- Bachelor's degree from an accredited institution
- Overall GPA of 3.0 on a 4.0 scale
- Two letters of recommendation
- A major or major equivalent in an appropriate liberal arts area
- Multi-Subject Content Specialty Test (CST), Miller Analogies Test (MAT), or Graduate Record Exam (GRE). (CST is preferred).

Additional requirements, which may be satisfied at the graduate or undergraduate level:

- 6 credits in each of the following areas: English, science, math, history; and
- One year of college level study in a language other than English
- One course in the fine arts

Applicants to Adolescence Education, and Adolescence and Special Education Programs:

- Bachelor's degree from an accredited institution
- Overall GPA of 3.0 on a 4.0 scale
- Two letters of recommendation
- A major or major equivalent in the subject area in which they wish to teach
- Multi-Subject Content Specialty Test (CST), Miller Analogies Test (MAT), or Graduate Record Exam (GRE). (CST is preferred).

Additional requirements, which may be satisfied at the graduate or undergraduate level:

- One year of college level study in a language other than English

Applicants to Adolescence Education Apprenticeship Teacher Certification Program:

- Bachelor's degree from an accredited institution
- Overall GPA of 3.0 on a 4.0 scale
- Two letters of recommendation
- A major in the subject area they wish to teach
- Passing scores on the Liberal Arts and Sciences Test (LAST) and the Content Specialty Test (CST) in the subject area they wish to teach

Additional requirements, which may be satisfied at the graduate or undergraduate level:

- One year of college level study in a language other than English

Applicants to the Special Education Teacher Certification and Leadership and Instruction for Inclusive Classrooms:

- Bachelor's degree from an accredited institution
- Overall GPA of 3.0 on a 4.0 scale
- Two letters of recommendation
- Scores from either the Graduate Record Examination (GRE) or the Miller Analogies Test (MAT)

Applicants to the Educational Leadership and Administration Programs:

- Bachelor's degree from an accredited institution
- Overall GPA of 3.0 on a 4.0 scale
- Two letters of recommendation
- Scores from either the Graduate Record Examination (GRE) or the Miller Analogies Test (MAT)
- Must hold an initial, professional, or permanent teaching certificate

Applicants to the Certificate of Advanced Study in Educational Leadership (CAS)

– School District Leader, School Building Leader:

- Completed application
- Bachelor's degree from an accredited institution
- Must hold an initial, professional or permanent teaching certificate
- Current resume with at least three references with current phone numbers
- Three letters of recommendation:
 - 1) One from a school administrator
 - 2) One from an immediate supervisor
 - 3) One from a practicing administrator of their choice

LIBERAL STUDIES

Applicants to the Liberal Studies program must have:

- A bachelor's degree from an accredited institution
- Two letters of recommendation
- An essay detailing the potential student's intellectual goals and his or her understanding of liberal education
- Minimum GPA of 3.0
- GRE or Miller Analogies scores may be required

Exceptions may be made at the discretion of the graduate liberal studies committee if the student's activities since college demonstrate the ability to succeed in graduate study. Students admitted who do not meet the minimum requirements will be on probationary status. After the completion of three classes (9 credits), the student must have a 3.0 GPA to remain in the program.

OCCUPATIONAL THERAPY

Applicants to the Occupational Therapy program must:

- Complete 60 hours of volunteer/observation experience with an occupational therapy practitioner in a minimum of two different practice settings and a reflective summary of those experiences;
- Have an overall cumulative GPA of at least 3.0 (on a 4.0 scale) and successful completion of designated prerequisite courses with a minimum grade of C;
- Pass a physical health examination, completion of designated health requirements, and accident and health insurance; and
- Have CPR certification for adult/child/infant.

Detailed requirements are available in the Occupational Therapy Office, 236 White Hall, (315) 792-3146.

PHYSICAL THERAPY (DPT)

Applicants to the graduate physical therapy program (DPT) must have:

- A bachelor's degree with a "B" average (3.0 or higher) from an accredited institution.
- Two personal recommendations (one from a currently practicing physical therapist and one from an academic professor).
- Test scores for the Graduate Record Examination Aptitude Test (General Test), or equivalent e.g. MCAT, DAT, OPT test scores.
- For non-native speakers of English, a minimum TOEFL score of 550 on the paper-based examination, and a minimum TOEFL score of 213 on the computer-based examination.
- Knowledge of the profession through work or volunteer experience. A broad overview of the profession is preferable to experience in a limited area. More than one experience is required (total 40 hours). Complete a Clinical Observation Sheet for each experience. Complete at least 10 hours of this experience in an acute care/hospital setting with the remainder of the experience in one or more other settings.
- An academic history that includes the courses listed below. All courses should have been taken through the appropriate departments, e.g. Biology, Chemistry, Physics, Psychology. All prerequisite courses must have been completed prior to the start of the Physical Therapy Program. All science courses must have been taken within 10 years prior to applying. Courses must have been passed with a grade of "B" or above, and a cumulative grade point average in these course areas of no less than "B" (3.0).

- a. Biological Sciences: two courses (anatomy/physiology course with laboratory would meet this requirement).
- b. Upper Level Science: one upper level course (300–400) of at least 3 credits with a biology focus. This course can be taken through another department such as Exercise Science or Kinesiology but preferably should be taken through the biology department. Examples of courses that would fulfill the requirement are: Neuroscience, Principles of Motor Control, and Biology of Aging.
- c. Physical Sciences: four courses, two courses in general chemistry with laboratory (equivalent to 8 semester hours) and two courses in physics with laboratory (equivalent to 8 semester hours).
- d. Psychology: three courses.
- e. Statistics: one course. (Content should include descriptive statistics, differences between two means, correlation, and beginning concepts of analysis of variance.)

TRANSITIONAL PROGRAM IN PHYSICAL THERAPY (tDPT)

Applicants who are licensed physical therapists and are applying to the transitional Doctor of Physical Therapy program (tDPT) must provide proof of licensure. Applicants must provide copies of all current physical therapy licenses in the United States, including the dates obtained. Graduates of Utica College's Master of Physical Therapy program need complete only the five core courses. Graduates of programs other than the Utica College Master's program may request to have any of the additional required non-core classes waived. For details on the waiver process, see the application form.

MBA IN PROFESSIONAL ACCOUNTANCY

Applicants are required to have a BS degree in Accounting with an overall 3.0 or better undergraduate GPA for admission. Applicants with less than a 3.0 undergraduate GPA may be asked, at the discretion of the MBA program director, to submit a GMAT score. Applicants with limited experience should have an undergraduate record that indicates a high potential to be successful on professional exams, such as the CPA, CMA, CFE or other professional exam. Applicants whose previous academic records show areas of weakness may be required to submit a GMAT exam score prior to the final admission decision.

MBA IN ECONOMIC CRIME AND FRAUD MANAGEMENT

Applicants are required to have a BS degree with a 3.0 or better GPA. Those applicants with a BS degree in other than business may be required to complete up to 12 hours of prerequisite classes in addition to the 30-hour program. Applicants with BA degrees must present evidence through previous study of math skills equivalent to those contained in a BS degree, as well as completing up to 12 hours of prerequisites. A GMAT score may be required, at the discretion of the MBA program director, for applicants with less than a 3.0 undergraduate GPA.

Financial Policies and Procedures

ACADEMIC PROGRESS

This policy refers to graduate students who are receiving student loans and other federally-funded financial aid. In addition to meeting the standards for receiving financial aid, students must also meet the standards of their academic program at Utica College.

1. Standards for Receiving Aid:

- a. Full-time graduate students must earn an average of 5 credits per semester, complete a master's program within 6 academic years, and maintain a cumulative GPA of 2.0 or better after their first academic year.
- b. Part-time graduate students (i.e., students registered for fewer than 9 credit hours per semester) must earn at least 50 percent of the credit hours attempted and must maintain a cumulative GPA of 2.0 or better after their first academic year.

2. Standards for New York State Tuition Assistance Program (TAP):

Note that the criteria for the TAP satisfactory progress differs from the federal and Utica College satisfactory academic progress criteria.

T.A.P. pmt. no.	Min. no. new credits required*	Credits required prev. sem.**	Total earned credits	Min. cumulative
1	12	0	0	0
2	12	12	6	2.2
3	12	12	12	2.4
4	12	12	21	2.6

* Credit equivalent units: Master's thesis in progress (9 hours maximum); preparation for comprehensive/qualifying examinations (6 hours maximum); other preparation as approved (12 hours maximum).

** Incomplete and failing grades are included in the number of credits completed per semester. Only passing grades are included in the number of credits earned.

3. Failure to Meet Academic Standards:

Students who fail to meet the criteria for federal, College, and/or TAP for satisfactory academic progress will be notified by the Office of Student Financial Services. Students should contact their financial aid counselor to discuss their options.

Students who fail to make satisfactory academic progress will lose eligibility for financial aid from federal, state, and College sources. Students may appeal for reinstatement of aid on the basis of physical illness or extraordinary personal difficulty, due to unusual circumstances. The vice president for academic affairs and dean of the faculty will consider the student's full history when determining if a waiver is appropriate. For further details regarding aid reinstatement, contact the Office of Student Financial Services.

FINANCIAL AID

1. **Forms of Aid:** There are two main forms of financial assistance: grants and loans. Grants (often called scholarships) are direct awards for which repayment is not required. Loans usually are guaranteed and offered at low interest; repayment usually is due after the student leaves college. All forms of aid are awarded on an annual basis. Students are responsible for reapplying each year.

2. Sources of Aid:

- a. Federal Direct Stafford/Ford Loans: Students make application by filing the FAFSA and completing a promissory note. The loan is submitted to the U.S. Department of Education for approval.
 - i. Selection of Recipients and Allocation of Awards: To be eligible for a Federal Direct Stafford/Ford Loan, a student must be: (1) a U.S. citizen or permanent resident alien; and (2) enrolled in or admitted as a matriculated student, at least half-time, at Utica College. An approved needs test must be on file in the Utica College Office of Student Financial Services.
 - ii. Loan Schedule: Graduate students may borrow up to \$18,500 per academic year. Students are eligible for a full interest subsidy during the time they are in school and a six-month grace period after school before repayment must begin. Loan fees are deducted from the loan prior to disbursement of funds. The interest rate is variable and changes annually.
 - iii. Rights and Responsibilities of Recipients: Students may borrow at a relatively low variable interest rate, with no repayments as long as they remain enrolled at least half-time and for the grace period after they cease to be at least a half-time student. Refer to the statement of borrower's rights and responsibilities on the promissory note for further details.
- b. Federal Direct Unsubsidized Stafford/Ford Loan: Available to students who do not qualify for the basic Federal Subsidized Stafford Loan or who are not eligible for the full Federal Direct Subsidized Stafford/Ford Loan amount. Borrowers are responsible for payment of the interest that accrues on unsubsidized loans while they are in school. The interest rate is variable. The rate is subject to change annually. Interest may be capitalized.

3. Application Procedures for Financial Aid (2007-2008):

- a. Students must file 2007-2008 FAFSA at www.fafsa.ed.gov.
- b. Students must provide documentation of all income by the deadline, if requested, to the Office of Student Financial Services. Documentation includes, but is not limited to, signed income tax forms, 1099 forms, and letters from sources such as social security, welfare, pension, etc.
- c. Students only need to return the award letter if they are declining any portion of aid offered.

4. Appeal Procedure: Students who feel that they have been given an inappropriate financial aid award may do the following:

- a. The student may request an explanation from the Executive Director, Office of Student Financial Services.
- b. If the student remains dissatisfied with the award, the student may request in writing a review by the Admissions and Financial Aid Committee. The committee will not review requests for changes of an individual award that entail a revision of general policies.

RETURN OF TITLE IV

Utica College follows prescribed regulations when determining the amount of refund owed to the Title IV Program if a student receiving such aid officially withdraws, drops out, or is expelled from the College on or after his/her first day of class. Please see the Academic Policies and Procedures section of this catalog for further details.

TUITION AND EXPENSES

All students are responsible for any College debts they have incurred, including library fees, parking fines, tuition, fees, monetary penalties, fines, and any changes in their financial aid packages. A student will not receive a transcript until all bills, including the graduation fee, have been paid. A student who is graduating will not receive a diploma and will not be able to obtain transcripts until all outstanding debts have been paid.

For a list of current tuition rates, fees, and other expenses, contact the School of Graduate and Extended Studies at (315) 792-3001.

Academic Policies and Procedures

ABSENCES

Faculty establish the attendance requirements for courses they teach. If a student incurs excessive absences, the student's grade may be lowered or a grade of F assigned for the course.

ACADEMIC DISMISSAL

A warning letter will be issued to any student who receives a grade of C or has a GPA of less than 3.0 after having completed 12 credit hours. A copy of this letter will go to the student's adviser. A letter of dismissal will be issued by the Academic Standards Committee to any student who has a GPA of less than 3.0 after having completed 21 credit hours, or who receives three grades of C or one grade of F. This dismissal decision can be appealed to the Academic Standards Committee. Students who wish to appeal should consult with Academic Support Services.

ACADEMIC FREEDOM

Utica College fully affirms the principle of academic freedom and endorses the American Association of University Professors Statement on the Academic Freedom of Students. The preamble of that statement is quoted below.

"Free inquiry and free expressions are essential attributes to the community of scholars. As members of that community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth. The freedom to learn depends on appropriate opportunities and conditions in the classroom, on campus, and in the larger community. The responsibility to secure and to respect general conditions conducive to the freedom to learn is shared by all members of the academic community. Students should endeavor to exercise their freedom with maturity and responsibility."

Students are responsible for abiding by the regulations set forth in the catalog and the student handbook. While they may seek the advice of a counselor, final responsibility for any decision reached or action taken is theirs.

ACADEMIC PROGRESS

Any student whose academic record falls below Utica College standards, or otherwise indicates an inability to meet program retention criteria, may be denied permission for further study. All requirements for master's degree programs must be completed within six years of the initial date of matriculation in the program. Failure to observe the six-year limitation shall result in dismissal from the program.

ADVISING

All matriculated students are required to contact their advisers prior to registering for courses. The signature of the adviser is required on the Course Selection Sheet. Students will not be allowed to register if the Course Selection Sheet is not signed. Subsequent course schedule changes also require approval. Students enrolling in programs with a distance education format may fulfill this requirement via computer or other technology, provided the faculty member approves the course selections.

ANIMAL SUBJECTS IN RESEARCH

Students wishing to conduct research involving non-human animals must obtain approval from the Institutional Animal Care and Use Committee. Contact the Office of Academic Affairs at (315)792-3122 for details.

ATHLETIC ELIGIBILITY

Eligibility for intercollegiate competition is governed by the National Collegiate Athletic Association (NCAA), the Eastern College Athletic Conference (ECAC), and the New York State Women's Collegiate Athletic Association (NYSWCAA). Regulations require that a student be matriculated full-time with a minimum of 12 semester hours to be eligible for intercollegiate athletics. Additionally, a student must maintain good academic standing according to the requirements of the graduate program.

AUDITING

A full-time matriculated student in good standing may, with the permission of the instructor, attend a course as an auditor. Registration is required. Part-time or non-matriculated students who wish to audit a course may do so with the permission of the instructor, provided they register for the course and pay the tuition charge. An auditor receives a grade of AU and does not participate in the course examinations or other work except at the option of the instructor. A student may change from audit to credit status no later than the second week of class. Students may not audit courses in the Economic Crime Management Program, or courses where they have not met prerequisite requirements.

CLINICAL EXPERIENCE

See Field Experience.

COMPLAINT PROCEDURE

See Grievance Procedure.

CONFIDENTIALITY FOR STUDENT EMPLOYEES

See Student Employees.

CONTINUOUS ENROLLMENT

Students who have completed all of the course requirements for their graduate degree, except for the thesis, research project, or comprehensive exam, must maintain continuous enrollment until their final thesis or project has been approved or the comprehensive exam has been taken. This can be accomplished by enrolling in UCC 997 and paying the appropriate tuition every semester until completion. The six-year time limit for completion of the degree includes all time accumulated through enrollment in UCC 997. Failure to enroll in UCC 997 will result in loss of matriculated status.

COURSE CHANGES

The College reserves the right to cancel any course if registration for it does not justify continuance and to make changes in courses, regulations, curricula, and fees at any time.

CURRICULUM CHANGES

See Course Changes.

DEFERRED ENTRY

Students accepted into a graduate program at Utica College may request to defer entry for up to one year, subject to approval by the director of the graduate program in question. Before deferred entry is granted, the student must pay the tuition deposit which is non-refundable. In order to defer entry beyond one year, a student must re-apply after the first year and pay a second tuition deposit.

DISMISSAL

See Academic Dismissal.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

See Student Records.

FIELD EXPERIENCE IN CAREER PROGRAMS, ELIGIBILITY FOR

Some graduate programs have field or clinical education components that are designed to provide support and integration of the academic course work in field settings. Students must demonstrate the ability to meet the academic and professional standards of the program, demonstrate effective interpersonal communication and critical thinking skills necessary for the setting, and be recommended by the faculty for the field placements.

FINANCIAL CHANGES

The College reserves the right to make changes in tuition and fees at any time.

FORMS

Required forms noted in this document are available at the Graduate Studies Web site, www.utica.edu/ges.

GRADE CHANGES

Once a grade has been reported, it may not be changed except to correct an error. All such cases must be reported by the course instructor and require the approval of the vice president for academic affairs. If a student believes that the grade reported by the course instructor is not accurate and after talking with the instructor still believes there is an error, the student may petition the Academic Standards Committee for a grade change. (For further information, see Grievance and Complaint Procedure.)

GRADE POINT AVERAGE

Grade points are awarded on the basis of 4.0 for each credit hour of A grade, 3.7 for A-, 3.3 for B+, 3.0 for B, 2.7 for B-, 2.3 for a C+, 2.0 for C, and 0 for F. Grades of AU and P are not calculated into the grade point average. For most courses at Utica College, students receive three credit hours, although the number of credit hours per course varies. The individual course listings in the catalog and in each semester's registration schedule inform students of the number of credit hours for each course. In this catalog, the number of credit hours is indicated in parentheses after the course listing.

GRADING SYSTEM

The grading system used at Utica College is a letter system: A, A-, B+, B, B-, C+, C, and P, which are passing grades, AU (Audit), and (F) failing. Only courses designated as such in the graduate catalog may be taken on a pass/fail basis.

A grade of Incomplete (I) may be granted only if it can be demonstrated that it would be unfair to hold a student to the normal time limits for the course. A request for a grade of Incomplete must be completed by both the student and the instructor and requires the approval of the assistant vice president for academic affairs/dean. The amount of time granted to complete the Incomplete will be set by the instructor at the time the contract is submitted. Even though an instructor may require a student to repeat certain elements of a course to finish an Incomplete, students should not register for the course a second time.

A grade of I will remain on the record until a change of grade is submitted by the instructor. Completing requirements for a course does not remove the Incomplete from the record. The I remains a permanent part of the academic record and transcript so that the change from the Incomplete to a grade can be clearly identified. An Incomplete may affect student financial aid. Contact the Office of Student Financial Services for more information.

For courses that extend beyond the end of the semester, a grade of V will be issued by the instructor. The grade of V is a neutral grade and is replaced by the letter grade earned at the conclusion of the course.

GRADUATION APPROVAL

To be approved for graduation, a student must (a) complete all course requirements with satisfactory academic standing including a minimum cumulative grade point average of 3.0, (b) submit to the Registrar's Office a Diploma Request Card at the beginning of the semester at the completion of which the student anticipates graduating, (c) obtain acceptance of the thesis or project from the committee members or pass the comprehensive exam, (d) if appropriate, deposit two required copies of the thesis or project in the Office of the Assistant Vice President for Academic Affairs/Dean and obtain approval from that office, and (e) satisfy all financial obligations to the College, including the graduation fee. Verification of completion of the requirements for graduation is achieved by the student submitting to the School of Graduate and Extended Studies either a completed Graduate Degree Approval Form (Thesis) or a Graduate Degree Approval Form (Exam), whichever is appropriate. When all of these criteria have been met, the assistant vice president for academic affairs/dean shall recommend the student to the vice president for academic affairs for certification by the Faculty Senate that the student has met all of the requirements for graduation.

GRIEVANCE AND COMPLAINT PROCEDURES

Students who believe that they have been treated unfairly by the College have the right to file a grievance or complaint. Students are encouraged to resolve complaints informally with the faculty or administrators most closely involved in the alleged problem. If a student wishes to take more formal action, the student may file a complaint. In resolving complaints, the College will adhere to the following principles: (1) the College will attempt to investigate and resolve formal complaints in a reasonable time frame; (2) final determination of formal complaints will be made by a person or persons not directly involved in the alleged problem; (3) no adverse action will be taken against anyone for filing a complaint.

If a student wishes to be absolved from adhering to a particular administrative regulation or procedure, believes an administrative regulation has been unfairly applied, or feels unfairly treated on an administrative matter, the student should discuss the problem with the vice president for student affairs. The vice president for student affairs, depending on the nature of the complaint, will reach a conclusion in the matter, or refer the individual to the appropriate administrative officer for resolution. In either case, the person will be required to submit a petition in writing and will be informed of the outcome in writing.

If a student wishes to be absolved from adhering to a particular academic regulation or procedure, or believes an academic regulation has been unfairly applied, the student should discuss the matter with the appropriate program director or the assistant vice president for academic affairs/dean. If the matter cannot be resolved to the student's satisfaction, the student may submit a petition to the Academic Standards Committee. The committee will consider the petition and inform the student by letter of the decision reached and the action taken.

Appeals of actions taken by any administrative officer should be submitted in writing to the president of the College.

Any appeals of actions taken by the president of the College should be submitted to the chairperson of the Board of Trustees.

HUMAN SUBJECTS IN RESEARCH

Federal regulations developed by the National Institute of Health require the protection of the rights of human subjects used in research of any kind. Utica College acknowledges its responsibility for protecting the rights and welfare of human subjects of research. The College's policies and procedures are consistent with the applicable federal regulations and apply to all activities which include research with human subjects and: (1) are sponsored by the College; or (2) are conducted by or under the direction of any employee, student, or agent of the College in connection with his or her institutional responsibilities; or (3) are conducted by or under the direction of any employee, student, or agent of the College using any property or facility of the College; or (4) involve the use of the College's non-public information.

Utica College policy states that no research with human subjects shall be conducted until the Institutional Review Board has approved the research protocol. Before such approval is granted, proper consideration shall be given to the risks to the subjects, the anticipated benefits to the subjects and others, the importance of the knowledge that may reasonably be expected to result, and the informed consent process to be employed.

Further information on the use of human subjects in research may be found in the Utica College publication “Policies and Procedures for Protecting Human Research Subjects” available in the Office of the Vice President for Academic Affairs and on the Web at www.utica.edu/ges. To obtain a copy call (315) 792-3122 or (315) 792-3001.

INDEPENDENT STUDY OR PROJECT

An independent study or project is endorsed at the graduate level when it contributes significantly to the student’s overall objectives and satisfies the graduate academic standards of Utica College. An independent study or project may only be undertaken beyond subject matter covered by the courses listed in the catalog. Graduate students undertaking an independent study or project must be matriculated and have at least a 3.0 cumulative grade point average. No more than a total of six credit hours of independent study and project may count as credit toward a graduate degree. All independent studies and projects must have the written approval of the instructor, the student’s graduate program director, and the assistant vice president for academic affairs/dean before the student registers for or begins the independent study or project. Tuition for an independent study or project is the per-credit rate for the appropriate program.

INTELLECTUAL HONESTY

The faculty at Utica College expects intellectual honesty from students. Intellectual honesty is necessary for the free exchange of ideas. Plagiarism, a serious form of intellectual dishonesty, is defined as the use of ideas and phrases in the writings of others as one’s own without crediting the source. Cheating refers to both giving and receiving unauthorized assistance in taking examinations. Students who assist other students in acts of plagiarism and/or cheating, or who otherwise contribute to acts of intellectual dishonesty, are subject to the appropriate penalties.

Utica College faculty are authorized to assign academic penalties for intellectual dishonesty, including the grade of “F for cheating.” Students who receive an “F for cheating” forfeit their right to withdraw from the course without penalty. Students who wish to appeal a penalty should consult with Academic Support Services. Appeals are heard by the Academic Standards Committee, which may recommend a more or less severe penalty.

INTELLECTUAL RIGHTS

Respect for intellectual labor and creativity is vital to academic discourse and enterprise. This principle applies to the work of all authors and publishers in all media. It encompasses respect for the right to acknowledgement, right to privacy, and the right to determine the form, manner, and terms of publication and distribution. Because electronic information is so volatile and easily reproduced, respect for the work and personal expression of others is especially critical in computer environments. Violation of authorial integrity, including plagiarism, invasion of privacy, unauthorized access, and trade secret and copyright violations may be grounds for sanctions against any member of the academic community.

LEAVE OF ABSENCE

Leaves of absence may be granted at the discretion of the academic program for medical or other extenuating circumstances. To request a leave of absence, students must complete a Leave of Absence form, provide appropriate documentation where requested, obtain the signatures of the program director and the assistant vice president for academic affairs/dean. Time accumulated during a leave of absence does not count toward the time limitation for completion of a graduate degree.

MAKE-UP EXAMINATIONS

If a student is unable to take a scheduled examination, a make-up examination in a course may be given at the discretion of the faculty member. Such examinations must be taken during the semester in which the examination was missed, unless a grade of Incomplete is given for sufficient reason. This does not include comprehensive examinations. Students who are unable to take a comprehensive examination on the scheduled day must wait until the next scheduled offering.

PETITIONS

See Grievance and Complaint Procedures.

POLICY AND PROCEDURE CHANGES

The College reserves the right to make changes in policies and procedures at any time.

REFUND POLICY

The date on which a student notifies the School of Graduate and Extended Studies in writing of his or her complete withdrawal will be used as the basis for determining tuition refund. There is no rebate applicable to deferred fees or other fees (see also the housing policy in the student handbook). **The following refund schedule applies to complete withdrawal.**

Tuition

100% before or during the first class meeting
90% through the end of week 2 of the term
50% through the end of week 4 of the term
25% through the end of week 8 of the term

See the Schedule of Classes for your program for the specific applicable term dates.

Room

100% refund through the end of week 2 of the term

Board

100% prior to the first meal offered, pro-rated through the end of week 9 of the term

Students who partially withdraw but are still in attendance for one or more classes, will receive a 100% refund for the first week of the term only. Thereafter no refund will be given. Students who withdraw through the end of week 9 of the term and who receive financial aid are subject to the Return of Title IV calculations.

PROFESSIONAL BEHAVIOR

Utica College expects its faculty and students to observe traditional canons of scholarly discourse, academic behavior, and due process. Students, as well as faculty, are expected to exhibit the high level of personal integrity that society must demand of professionals. Utica College insists on the greatest degree of freedom of inquiry, teaching, learning, and expression for all its members. The exercise of these rights must not violate the free exercise of the same rights by other members of the community. Failure to comply with these standards may result in dismissal from the College. For further information consult the retention policies of the individual graduate programs.

REPEATING A COURSE

A student may repeat only two courses. Only courses in which the student earned a grade of B-, C+, or C may be repeated and a course may be repeated only with the written permission of the relevant program director.

RESEARCH REQUIREMENTS

1. **Policy:** In keeping with the requirements of the New York State Department of Education, Utica College requires that all graduate students complete one or more of the following: a thesis based on independent research, an appropriate special project, or a comprehensive exam. At Utica College, individual graduate programs have program-specific research requirements. For complete information and requirements, students must obtain a copy of “Research Policies and Procedures” or “Comprehensive Exam Policies and Procedures” from the program in which they are matriculated.
2. **Thesis or Project Procedures:**
 - a. **Thesis or Project Committee:** Each graduate thesis or project requires a committee of up to three members including a sponsoring faculty member from the department in which the student is matriculated and up to two additional members, of whom only one may be from the same program as the sponsoring faculty member. All committee members must be approved by the director of the program in which the student is matriculated.
 - b. **Proposal:** Each student must submit a proposal and have it approved prior to beginning the research thesis or project. For complete information and requirements for the proposal, students must obtain a copy of the Research Proposal Requirements document from the program in which they are matriculated. Once the proposal is completed, it must be signed by all members of the student’s committee. Signature by all committee members constitutes approval of the proposal. Copies of the approved proposal, along with a list of committee members, must be submitted by the student to the Institutional Review Board, the assistant vice president for academic affairs/dean, the director of the program in which the student is matriculated, and each committee member.
 - c. **Approval of Thesis or Project:** The student must make the completed thesis or project available to each committee member at least 10 weeks prior to the anticipated date of graduation. Following receipt of the completed thesis or project, the committee may recommend (i) acceptance, (ii) conditional acceptance with minor modifications requiring approval by the sponsoring faculty member, (iii) conditional acceptance with major modifications requiring

approval by each of the committee members, or (iv) rejection. When the thesis or project is accepted, the student is responsible for submitting to the Office of the Assistant Vice President for Academic Affairs/Dean, no later than five weeks before the anticipated date of graduation, two unbound copies of the text on acid-free or archival-quality paper. The thesis or project receives final approval when approved by the Office of the Assistant Vice President for Academic Affairs/Dean. The Office of the Assistant Vice President for Academic Affairs/Dean shall deposit one copy in the College library and one copy in the department office.

For further information on research policies and procedures, see the publication “Graduate Research Policies and Procedures.” This document is available in the Graduate and Extended Studies Office, or on the Graduate Studies Web page at www.utica.edu/ges.

3. Comprehensive Exam Procedures:

Comprehensive exams are offered once a semester by the relevant academic program. For details of dates and locations, see the program’s handbook or Web site. No make-up exams are offered. If a student is unable to take an exam at the scheduled time and place, he or she must wait until the next regularly scheduled offering. Students who have completed their coursework and are preparing to take a comprehensive exam must enroll in UCC 997 – Continuous Enrollment. See “Continuous Enrollment.”

RESIDENCY

It is expected that all graduate credits shall be taken at Utica College. The acceptance of transfer credit and other exceptions to the residency policy are at the discretion of the graduate program director and the assistant vice president for academic affairs/dean. Both the program director and the assistant vice president for academic affairs/dean must give written approval for these exceptions.

SCHEDULE CHANGES

Any change in schedule must be approved by the Office of the Registrar to become effective. Failure to do so will result in a grade of F for the course.

1. Semester courses may be added or changed only during the first week.
2. Semester courses may be dropped without academic penalty no later than two weeks after the official mid-term date of each term.
3. The schedule of deadline dates for add, change, and drop of courses is published each semester.
4. Courses dropped after the official drop date will receive a grade of WF.
5. Schedule changes require the signature of an adviser.
6. See “Refund Policy” for details of tuition refunds.

STUDENT EMPLOYEES, CONFIDENTIALITY FOR

Students working in Utica College offices (student employees, resident assistants, student interns, or graduate assistants) are considered employees of the College, and as such are sometimes required to handle confidential materials. Students are asked to sign a statement of confidentiality. If a student knowingly reveals information learned in confidence while working in a College office, the College reserves the right to take disciplinary action.

STUDENT RECORDS, ACCESS TO AND RELEASE OF

Students have the right to access and control access to their educational records as provided in the federal Family Educational Rights and Privacy Act, also known as the Buckley Amendment. These include the rights to view and challenge the content of specified records, to control the release of personal and academic information to third parties, and to suppress all or some information categorized as “directory information” by legislation.

The policy of Utica College on access to and release of student data/information follows. Pursuant to the Family Education Rights and Privacy Act of 1974, this will constitute official notice of the following information:

1. Official files containing material directly related to students are maintained in the following locations on campus:
 - a. The Office of the Registrar maintains the student’s official academic record, admissions material, copies of correspondence with the student, and copies of information concerning the student’s academic record sent to prospective employers or other educational institutions at his or her request. These files are maintained by the registrar.
 - b. The Academic Support Services Center maintains a file containing academic records, admissions material, and copies of correspondence with the student who has not declared a major, or is on academic probation. These copies are maintained by the director of student development.
 - c. The Office of Student Financial Services maintains files containing information related to financial aid applications and awards. These files are maintained by the executive director, Office of Student Financial Services.
 - d. The Office of Student Employment maintains files containing information related to a student’s employment in all-campus based work programs. These files are maintained by the Office of Student Employment.
 - e. The Office of Opportunity Programs maintains files for students enrolled in those programs containing academic records, admissions material, and copies of correspondence with the student. These files are maintained by the director of opportunity programs.
 - f. If a student has registered with Career Services and has assembled a credential file, the office will send copies of this file to prospective employers at their and/or the student’s request for a period of 10 years. These files are maintained by the director of career services.
 - g. The Office of Student Affairs maintains files of students who have had cases adjudicated through the College’s student disciplinary system. The disciplinary system is used to resolve cases of students who are accused of violating the Code of Student Conduct. These files are maintained by the associate dean of students.
 - h. The Office of Residence Life maintains files related to students who live in campus residences. The files contain records of the students’ housing history, including violations of residential policies and regulations. These files are maintained by the director of residence life.
 - i. The School of Graduate and Extended Studies maintains files for students enrolled in those programs. The files, which contain academic records, admissions material, and copies of correspondence, are maintained by the assistant

vice president for academic affairs/dean, the director of credit programs, or the director of professional development programs, depending on the program.

- j. The Division of Institutional Advancement maintains files on students who pledge a gift to the College. These files contain a record of their pledges and correspondence, and are maintained by the coordinator of research and records.
 - k. The Office of Marketing and Communications maintains files on students who submit information for press releases. These files are maintained by the coordinator of media relations.
 - l. The school office in which the student's major resides maintains a file containing academic records, admissions material, and copies of correspondence with the student. These copies are maintained by the dean of the relevant school.
2. The Act stipulates that the following persons and officials may have access to a student's file without his/her permission:
 - a. Utica College officials, faculty members, and employees—including student employees, trustees, and persons under contract to the College—who have legitimate educational interests.
 - b. Authorized representatives of certain federal and state officials, including the comptroller general, the secretary of education, etc. Please note that representatives of investigating agencies specifically are excluded.
 - c. Organizations conducting studies for educational agencies for the purpose of developing, validating, or administering predictive tests, or administering student aid programs and improving instruction.
 - d. Accrediting organizations in order to carry out their accrediting functions.
 - e. In compliance with judicial order pursuant to any lawfully issued subpoena.
 - f. Parents of students who are dependents of their parents for income tax purposes.
 3. No person, other than those enumerated in #2 above may have access to a student's records without his or her written consent.
 4. Records maintained in the Office of the Registrar constitute the official record and are maintained permanently. Records maintained in the other offices are destroyed when there is no further need for them, usually three to five years after graduation or separation from Utica College.
 5. The Act stipulates that students have the right to inspect their records. To do so, they must direct their request in writing to the person responsible for the file they wish to inspect. The request normally will be honored at the time of its receipt, if staff are available, but in no case later than 45 days after the request is made. Students have the right to review all material in their file unless they have waived their right of access. They have the right to receive a copy of any portion of their record, which will be made available to them at a charge of \$1 for the first page requested and 10 cents for each additional page, with the exception of transcripts which will be made available at a charge of \$5 per copy.
 6. A student has the right to challenge the content of his or her records. If a student should wish to do so, the College will attempt to resolve the dispute informally, through the person having responsibility for the file. If this attempt proves to be unsatisfactory to the student making the challenge, the student may request the

president of the College to convene a formal hearing. The president or a faculty or staff member appointed by the president, who shall have no direct interest in the outcome, will conduct the hearing. The hearing will be held within a reasonable time following the request, and the student will be afforded a full and fair opportunity to present evidence relevant to the issues raised. The decision will be rendered in writing by the official conducting the hearing within a reasonable time after the conclusion of the hearing.

7. The Act permits the College to release directory information. Directory information will include the following categories: the student's name, home town, home address, residency status, campus or local address, telephone number, e-mail address, date and place of birth, academic level, major field of study, weight and height of athletic team members, dates of attendance at Utica College, registration status (full vs. part time), degrees and awards received, photographs, and the most recent previous educational institution attended, as well as participation in officially recognized activities and sports. Students who do not wish to have any or all of this information released without prior consent should notify the Office of the Registrar in writing. In the absence of such notification, directory information will be released when it is deemed appropriate by College officials.
8. The Act permits the College to reveal the results of disciplinary proceedings against students accused of violent crimes who have been found responsible for violating the College's rules or policies. The College is also permitted to notify parents if a student younger than 21 is caught drinking or using illegal drugs.

STUDY AT OTHER INSTITUTIONS

See Transfer Credit.

TRANSCRIPTS

The Registrar's Office issues transcripts upon request. There is a fee per transcript. Requests are generally processed within five days. Delays may be experienced during the beginning and the end of each semester and during pre-registration. Please plan accordingly. Although students may request an unofficial copy of their transcript for their own use, when requesting that official transcripts be issued to other institutions or individuals, such requests must be made in person or in writing. Utica College reserves the right to withhold the transcripts and diplomas of financially-delinquent students.

TRANSFER CREDIT

A maximum of six graduate credits graded B or higher from a regionally-accredited institution may be applied to a Utica College graduate program at the discretion of the program director and the assistant vice president for academic affairs/dean. The credit must have been completed within five years of the initial date of matriculation at Utica College. Both the program director and the assistant vice president for academic affairs/dean must give written approval for the acceptance of transfer credit.

As an institution of higher learning, Utica College strives to protect the integrity of its degree offerings. Therefore, Utica College students must obtain prior written approval from their advisers, program directors, and the assistant vice president for academic affairs/dean before taking courses at another institution for credit at Utica College. Approval is not usually granted if the same course is offered concurrently at Utica College. Students who undertake such a study must meet all graduation requirements

for the program in which they are matriculated. In addition, for a course to be transferred, the student must have achieved a grade of B or better in the course. Students who already have transferred six hours of credit from another college may not transfer additional course work.

WITHDRAWAL

Students who withdraw from the College must notify the School of Graduate and Extended Studies and the Office of Student Financial Services. Withdrawal notification must be made in writing. Unless this is done, a student's grade for all current courses will automatically be an F, and the student will not be eligible to receive a refund. Students who withdraw from the College up to two weeks after the official midterm date of the term will receive grades of WD (withdrawn). Students who withdraw after the date will receive grades of WF. Students may be placed on probation, depending on the conditions of their withdrawal. Students who receive aid may also be subject to a Return of Title IV calculation.

Programs of Study

All academic programs at Utica College are registered by the New York State Education Department, Office of Higher Education, Room 979 EBA, 89 Washington Ave., Albany, New York 12234, (518) 474-5851. The College is accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools, 3624 Market Street, Philadelphia, PA, 19104-2680, (215) 662-5606. The Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Commission on Recognition of Postsecondary Accreditation.

The Graduate Education Program is approved by the New York State Education Department. The Utica College Teacher Certification programs, which are designed to ground students in the values, knowledge, and practices for teachers and leaders in inclusive classrooms and schools in the belief that educators can facilitate learning for all children, are accredited by the Teacher Education Accreditation Council (TEAC) for a period of five years, from June 26, 2006 to June 26, 2011.

The Physical Therapy Program is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), American Physical Therapy Association, 1111 N. Fairfax Street, Alexandria, Virginia, 22314, (703) 706-3245.

The Occupational Therapy Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, P.O. Box 31220, Bethesda, MD, 20824-1220, (301) 652-AOTA.

Certificate in Homeland Security Risk Assessment

The Certificate in Homeland Security Risk Assessment is a graduate-level program consisting of four courses designed to address the unique functions of risk assessment and mitigation performed by federal and state departments of homeland security and the private organizations that provide contractual services to those departments. The course material in this certificate program was developed in consultation with personnel in the U.S. Department of Homeland Security, Office of National Risk Assessment.

The certificate program consists of four courses and is offered in a flexible distance learning format with brief residencies, either on the Utica College campus or at designated federal or state facilities. This schedule allows students wishing to lead government agencies or private organizations in critical risk assessment or mitigation functions to acquire the requisite knowledge, skills, and vision with minimal impact on their full-time positions.

Students must meet the minimal academic requirements for graduate study at Utica College and must satisfy minimum computer equipment needs in order to participate in online classes. Students who complete the Certificate program may also apply their coursework toward the Master in Science degree in Economic Crime Management.

ACADEMIC REQUIREMENTS (12 CREDIT HOURS)

- ECM 621 – Advanced Economic Crime (3)
- ECM 625 – Homeland Security: Legal and Regulatory Issues (3)
- ECM 634 – Information: Policy and Applications (3)
- ECM 643 – Risk Assessment and Mitigation (3)

"Taking constitutional law as a junior in college sparked something in me ... my greatest hope is to ignite that same spark in my own students. I love teaching and I love the study of law because it changes every day. It is exciting to be teaching in the area of homeland security. The legal issues as they apply to privacy and security will continue to evolve, and the impact of those issues upon operational risk assessment in homeland security is a challenging area of study and an important policy area for our students."

GEORGE CURTIS, J.D.
Associate Professor of
Criminal Justice

Economic Crime Management

The nature of fraud is becoming more technologically complex and costly in a post-industrial, knowledge-based, global environment. Estimates of losses as a result of economic crimes exceed \$200 billion per year, 20 times the losses attributed to conventional crimes. All industries—including banking, cellular, credit card, securities, and insurance—have been adversely impacted by the growth of economic crime. Therefore, the need for executives who understand the nature of economic crime and are capable of directing their organizations into the twenty-first century is critical.

The master of science degree program in Economic Crime Management—the only graduate level program of its kind in the United States—provides professional education to members of private corporations, government agencies, and professional associations who desire to advance their competencies in managing corporate and advanced technological resources devoted to combating economic crime. The program, which can be completed in two years of part-time study, utilizes a flexible distance learning format, brief on-campus residencies, and study at home. Students spend four days in residency during each of the three yearly terms (January, May, August), completing their coursework via the Internet. Students must meet minimum equipment needs to participate. Each residency provides opportunities for students to achieve hands-on, technology-related skill learning through labs and demonstrations. This schedule allows students wishing to lead organizations operating in a global environment to acquire the requisite knowledge, skills, and vision with minimal impact on their full time positions.

The Economic Crime Management program combines the areas of management, technology, analytical skills, and a knowledge and understanding of economic crime from a global perspective. The master's degree program was developed in cooperation with the Board of Advisors of the Economic Crime Institute (ECI), a body comprised of individuals who are leaders in various industries and governmental organizations that are adversely impacted by economic crime.

ACADEMIC REQUIREMENTS (36 CREDIT HOURS)

Management Courses (6 credit hours)

- ECM 611 – Organizational Theory, Structure, and Design (3)
- ECM 612 – The Manager in a Global Environment (3)

Economic Crime Courses (9 credit hours)

- ECM 621 – Advanced Economic Crime (3)
- ECM 622 – Legal Concepts of Criminal Fraud and Corporate Criminal Liability (3)
- ECM 626 – Financial Investigations (3)

Technology Courses (9 credit hours)

- ECM 631 – Fraud Management and Technology (3)
- ECM 632 – Information and Communication Security (3)
- ECM 633 – Networks and Internet Security (3)

Analytical Skills (6 credit hours)

- ECM 641 – Research and Analytical Methods in Fraud Management (3)
- ECM 642 – Advanced Fraud Analysis (3)

Cumulative Experience (6 credit hours)

- ECM 651 – Professional Project I (3)
- ECM 652 – Professional Project II (3)
- or*
- ECM 653 – Thesis I (3)
- ECM 654 – Thesis II (3)

The Economic Crime Management program has been recognized with an *Award of Excellence* from the University Continuing Education Association.

"The master's program in economic crime management provides me with the tools to manage a wide variety of initiatives in fraud management. In addition, taking classes online gives me the flexibility to work around my schedule."

JOE ASARO
Economic Crime Management
Senior Risk Manager
Bank of America, Charlotte NC

Education

Ten graduate level programs of study are available for students interested in pursuing master's degrees in education. The Master of Science degree program in Childhood Education is designed for students who seek certification to teach children in grades 1–6. The Master of Science degree program in Adolescence Education is designed for candidates seeking certification to teach biology, chemistry, English, math, physics, or social studies to students in grades 7–12. The Master of Science degree program in Childhood and Special Education is designed for candidates seeking initial certification in both childhood and special education. The Master of Science degree program in Adolescence and Special Education is designed for candidates seeking initial certification in both adolescence and special education. The Adolescence Education — Apprenticeship Teacher Certification Program is a specialized option for students in the high-need teaching areas of foreign language, math, science, and technology education. The program leads to the Master of Science degree. Students in this program must complete an intensive 200-hour course of study during the summer. They then finish their degree program while engaged in mentored teaching as full-time employees of a local school district. The Master of Science degree program in Special Education Teacher Certification is designed for candidates who have initial, provisional, or professional certification in early childhood, childhood, or adolescence education and who wish to add certification in special education. The Master of Science in Education degree program in Leadership and Instruction for Inclusive Classrooms provides certified teachers and related professionals the values, knowledge, and practices needed to work in inclusive elementary and secondary school classrooms. The Master of Science in Education degree program provides courses of study appropriate for students seeking permanent or professional teacher certification at any grade level. The Master of Science Degree program in Educational Leadership and Administration and the Certificate of Advanced Study (CAS) programs in School Building Leader and School District Leader are designed for candidates seeking New York State Certification as school building leader (principal) or school district leader (superintendent).

Graduates will understand and know how to apply the New York State Learning Standards to their daily lesson and curriculum planning for all students; demonstrate leadership skills in community and professional contexts; use technology to enhance their teaching; and adopt a variety of technological solutions in their classrooms for all students. Graduates will also have the knowledge, values, and teaching practices necessary for quality inclusive teaching; understand the importance of collaboration and possess the skills necessary to collaborate effectively with family, community, and colleagues; and use critical thinking, problem solving, and methods of inquiry in professional contexts.

All of the teacher education programs at Utica College are accredited by the Teacher Education Accreditation Council (TEAC) and have been approved by and are registered with the New York State Education Department. Completion of all programs requires a mandated research project, thesis, or comprehensive exam (see “Academic Policies and Procedures” for further information).

NON-MATRICULATED STUDENTS

Students who hold baccalaureate degrees from accredited institutions may take graduate education courses without enrolling in the degree program. However, students wishing to change their status from non-matriculated to matriculated must be accepted into the degree program before taking their third graduate level education course at Utica College.

CHILDHOOD EDUCATION

Grades 1–6, Master of Science Degree

This is a program of study for candidates who have a liberal arts degree, but who do not meet the New York State requirements for Initial Certification in Childhood Education. Students who wish to add certification to teach English, biology, chemistry, physics, mathematics, or social studies for grades 5-9 may do so by taking additional courses.

In addition, students must meet the following requirements (which may be satisfied at either the graduate or undergraduate level):

- 6 credits in each of the following areas: English, science, math, history; and
 - one year of college level study in a language other than English; and
 - one course in the fine arts.
- See page 14 for other requirements.

ACADEMIC REQUIREMENTS (49 CREDIT HOURS)

Required Courses (31 credit hours)

- EDU 501 – Foundations of Literacy (3)
- EDU 502 – Literacy and Comprehension: Birth-Childhood (3)
- EDU 511 – Introduction to Teaching (1)
- EDU 516 – Social Studies/Literacy Methods: Birth-Childhood (3)
- EDU 521 – Foundations of American Education (3)
- EDU 544 – Science and Technology Methods, Birth-Childhood (3)
- EDU 545 – Mathematics Methods, Birth-Childhood (3)
- EDU 615 – Learning and Cognition (3)
- EDU 621 – Inclusive Classroom Strategies I (3)
- EDU 632 – Data-Based Decision Making (3)
- PSY 604 – Child and Adolescent Development: Implications For Educators (3)

Content Area Electives (choose two; 6 credit hours)

Choose two courses (total of 6 credit hours) in your certification content area or other area as approved by your adviser.

Student Teaching Internship (12 credit hours)

- EDU 571 – Student Teaching Seminar (0) *or*
- EDU 575 – Student Teaching I (6) EDU 577 – Mentored Internship I (6)
- EDU 576 – Student Teaching II (6) EDU 578 – Mentored Internship II (6)

MIDDLE CHILDHOOD EXTENSION

MAY BE TAKEN IN CONJUNCTION WITH CHILDHOOD (1-6) EDUCATION PROGRAM

Grades 7–9

Academic Requirements (9 credit hours)

- EDU 503 – Literacy and Comprehension: Middle Adolescent (3)
- EDU 512 – Practical Teaching Methodologies (3)
- EDU 533 – Adolescent English/Language Arts Methods (3)
- or*
- EDU 534 – Adolescent Social Studies Methods (3)
- or*
- EDU 535 – Adolescent Mathematics Methods (3)
- or*
- EDU 537 – Adolescent Science Methods (3)

CHILDHOOD AND SPECIAL EDUCATION

Grades 1–6, Master of Science Degree

This is a program of study for candidates who have a liberal arts degree, but who do not meet the New York State requirements for Initial Certification in Childhood and Special Education. Students who wish to add certification to teach English, biology, chemistry, physics, mathematics, or social studies for grades 5–9 may do so by taking additional courses.

In addition to the requirements of the Childhood Education Program (see page 14), students must meet the following requirements (which may be satisfied at either the graduate or undergraduate level):

- 6 credits in each of the following areas: English, science, math, history; and
- one year of college level study in a language other than English

ACADEMIC REQUIREMENTS (58 CREDIT HOURS)

Required Courses (40 credit hours)

- EDU 501 – Foundations of Literacy (3)
- EDU 502 – Literacy and Comprehension: Birth-Childhood (3)
- EDU 511 – Introduction to Teaching (1)
- EDU 516 – Social Studies/Literacy Methods: Birth-Childhood (3)
- EDU 521 – Foundations of American Education (3)
- EDU 525 – Assessment of Children and Youth with Special Needs (3)
- EDU 526 – Childhood Special Education Methods (3)
- EDU 528 – Methods and Curriculum: Pervasive Disabilities (3)
- EDU 544 – Science and Technology Methods, Birth-Childhood (3)
- EDU 545 – Mathematics Methods, Birth-Childhood (3)
- EDU 615 – Learning and Cognition (3)
- EDU 621 – Inclusive Classroom Strategies (3)
- EDU 632 – Data-Based Decision Making (3)

ADOLESCENCE AND SPECIAL EDUCATION

Grades 7–12, Master of Science Degree

This is a program of study for candidates who have a bachelor's degree in the subject area they plan to teach but who do not meet the New York State requirements for Initial Dual Certification in Adolescence and Special Education. Teaching areas open to students at Utica College are English, mathematics, biology, chemistry, physics, and the social studies (degrees in economics, history, government, politics, or an equivalent degree to the sociology/anthropology degree awarded by Utica College). Students who wish to add certification to teach grades 5-6 may do so by taking additional courses.

In addition to the requirements of the Adolescence and Special Education Program, students must meet the following requirements (which may be satisfied at either the graduate or undergraduate level):

- one year of college-level study in a language other than English
- See pages 14/15 for other requirements.

ACADEMIC REQUIREMENTS (55 CREDIT HOURS)

Required Courses (37 credit hours)

- EDU 501 – Foundations of Literacy (3)
EDU 503 – Literacy and Comprehension: Middle-Adolescent (3)
EDU 511 – Introduction to Teaching (1)
EDU 512 – Practical Teaching Methodologies (3)
EDU 521 – Foundations of American Education (3)

ADOLESCENCE EDUCATION APPRENTICESHIP — TEACHER CERTIFICATION PROGRAM

Master of Science Degree

This is a program of study designed for candidates who possess a baccalaureate degree with a college major in a high-need subject area (currently French, Spanish, biology, chemistry, earth science, physics, mathematics, or technology) with a minimum cumulative undergraduate grade point average of 3.0 and who have received passing scores on the Liberal Arts and Sciences Test (LAST) and the Content Specialty Test (CST) in the subject area they plan to teach. Students in the Adolescence Education – Apprenticeship Teacher Certification Program must complete an intensive 200-hour course of study during the summer. They then finish their degree program while engaged in mentored teaching as full-time employees of a local school district.

In addition to the requirements of the Adolescence Education – Apprenticeship Teacher Certification Program, students must meet the following requirement (which may be satisfied at either the graduate or undergraduate level):

- one year of college-level work in a language other than English
- See page 15 for other requirements.

SPECIAL EDUCATION TEACHER CERTIFICATION PROGRAM

Master of Science Degree

This is a program of study for candidates who have initial certification and wish to add certification in special education and are seeking to meet the New York State requirements for permanent or professional certification.

See page 15 for other requirements.

Utica College is at the forefront of educational administration programs, with the initiation of leadership programs in 2006 as part of the 15 programs offered in education. Options include a master's degree in educational leadership and administration, as well as two certificates of advanced study (CAS) in the areas of school building leader and school district leader.

ACADEMIC REQUIREMENTS (39 CREDIT HOURS)

Required Courses (27 credit hours)

- EDU 525 – Assessment of Children and Youth with Special Needs (3)
- EDU 526 – Childhood Special Education Methods (3)
- EDU 527 – Adolescence Special Education Methods (3)
- EDU 528 – Methods and Curriculum: Pervasive Disabilities (3)

LEADERSHIP AND INSTRUCTION FOR INCLUSIVE CLASSROOMS

Master of Science in Education Degree

This is a program of study designed for candidates who already have provisional or initial certification and are seeking to meet the New York State requirements for permanent or professional certification, and candidates who are not seeking teacher certification. The latter group includes education-related or health-service workers and others who desire a master's degree for their own personal or professional needs.

See page 15 for other requirements.

ACADEMIC REQUIREMENTS (32 CREDIT HOURS)

Required Courses (26 credit hours)

- EDU 604 – Inclusive Practicum (2)
- EDU 615 – Learning and Cognition (3)
- EDU 616 – Environmental Design for Effective Inclusion (3)
- EDU 621 – Inclusive Classroom Strategies I (3)
- EDU 622 – Inclusive Classroom Strategies II (3)
- EDU 625 – Leadership and Collaboration for Quality Inclusion (3)
- EDU 626 – Current Issues in Inclusive Education (3)
- EDU 632 – Data-based Decision Making (3)
- EDU 633 – Data Interpretation and Analysis (3)

Content Area Electives (6 credit hours)

Choose two courses (total of 6 credit hours) in your certification content area or other area as approved by your co-adviser.

Thesis or Comprehensive Exam

EDUCATIONAL LEADERSHIP AND ADMINISTRATION

Master of Science Degree

This is a program of study for candidates seeking a master's degree and New York State certification as a school building leader. By completion of the program, to be certified as school building leaders, candidates must hold a permanent or professional teaching certificate, three years of teaching experience, and successfully complete the written and performance components of the State assessment in school building leadership.

See page 15 for other requirements.

ACADEMIC REQUIREMENTS (36 CREDIT HOURS)

Required Courses (36 credit hours)

- EDU 603 – School Administration: Models of Leadership (3)
- EDU 615 – Learning and Cognition (3)
- EDU 632 – Data-based Decision Making (3)
- EDU 634 – Educational Administration: Theory, Research, and Practice (3)
- EDU 635 – Theory and Practice in Supervision (3)
- EDU 636 – Human Resources and Labor Relations (3)
- EDU 637 – Student Support and Community Communication: Research and Practice (3)
- EDU 638 – School Business Management and Finance (3)
- EDU 644 – Principles of Data-Based Curriculum, Instructional Planning and Assessment (3)
- EDU 647 – School Law (3)
- EDU 648 – Leadership of Special Programs (3)
- EDU 670 – Administrative Internship (3)

Completion of a Thesis or Comprehensive Examination is required.

CERTIFICATE OF ADVANCED STUDY (CAS)

SCHOOL BUILDING LEADER

This is a program of study for candidates seeking New York State certification as school building leader. By completion of the program, to be certified as school building leaders, candidates must hold a permanent or professional teaching certificate, three years of teaching experience, and successfully complete the written and performance components of the State assessment in school building leadership.

See page 15 for other requirements.

ACADEMIC REQUIREMENTS (30 CREDIT HOURS)

Required Courses (30 credit hours)

- EDU 603 – School Administration: Models of Leadership (3)
- EDU 634 – Educational Administration: Theory, Research, and Practice (3)
- EDU 635 – Theory and Practice in Supervision (3)
- EDU 636 – Human Resources and Labor Relations (3)
- EDU 637 – Student Support and Community Communication: Research and Practice (3)
- EDU 638 – School Business Management and Finance (3)

"Professionals seeking a degree in educational leadership know that the implications go far beyond the boundaries of the school walls. Educational leadership offers the opportunities for educators to address pressing issues in society, starting with our youth. UC students seek a strong understanding of every aspect of administration, including finance management and the political nature of education today. Administrators are faced with the challenge of equipping children with the broadest possible set of skills, so they can adapt to a changing world."

STEVEN KALIES, ED.D.
Associate Professor of Education

- EDU 644 – Principles of Data-Based Curriculum, Instructional Planning and Assessment (3)
- EDU 647 – School Law (3)
- EDU 648 – Leadership of Special Programs (3)
- EDU 670 – Administrative Internship (3)

CERTIFICATE OF ADVANCED STUDY (CAS) SCHOOL DISTRICT LEADER

This is a program of study for candidates seeking New York State certification as school district leader. By completion of the program, to be certified as school district leaders, candidates must hold a permanent or professional teaching certificate, three years of teaching experience, complete a minimum of 60 credit hours of approved graduate study above the bachelor's degree, and successfully complete the written and performance components of the State assessment in school district leadership.

See page 15 for other requirements.

ACADEMIC REQUIREMENTS (36 CREDIT HOURS)

Required Courses (36 credits)

- EDU 603 – School Administration: Models of Leadership (3)
- EDU 634 – Educational Administration: Theory, Research, and Practice (3)
- EDU 635 – Theory and Practice in Supervision (3)
- EDU 636 – Human Resources and Labor Relations (3)
- EDU 637 – Student Support and Community Communication: Research and Practice (3)
- EDU 638 – School Business Management and Finance (3)
- EDU 644 – Principles of Data-Based Curriculum, Instructional Planning and Assessment (3)
- EDU 647 – School Law (3)
- EDU 648 – Leadership of Special Programs (3)
- EDU 657 – Becoming a Superintendent: Creating a Vision (3)
- EDU 658 – Leadership for Political Systems and Change (3)
- EDU 670 – Administrative Internship (3)

Electives (24 credit hours)

Candidates who need additional graduate course work to meet the requirement of a school district leader may select from among the following courses, based on the candidate's leadership goals and in consultation with an academic adviser.

Electives

- EDU 615 – Learning and Cognition (3)
- EDU 616 – Environmental Design for Effective Inclusion (3)
- EDU 621 – Inclusive Classroom Strategies I (3)
- EDU 622 – Inclusive Classroom Strategies II (3)
- EDU 625 – Leadership and Collaboration for Quality Inclusion (3)
- EDU 626 – Current Issues in Inclusive Education (3)
- EDU 632 – Data-Based Decision Making (3)
- EDU 633 – Data Interpretation and Analysis (3)

Liberal Studies

The Master of Science degree in Liberal Studies offers students an opportunity for intellectual growth and career enhancement through innovative, student-centered interdisciplinary study. It is a flexible alternative to a disciplinary degree that provides students opportunities to design curricula that will be of direct benefit to them in their chosen career. The program is designed to allow students from a variety of academic backgrounds to explore a broad range of subjects. While the program's content will differ for each student, it will serve to broaden the individual's perspective and enhance their ability to think critically, clearly, and analytically. All students must choose one of three areas of study: Humanities (includes courses in English, history, humanities, and philosophy), Natural Sciences and Mathematics (includes courses in biology, chemistry, geology, mathematics, and physics), and Social Sciences (includes courses in anthropology, economics, and sociology). The Master of Science degree in Liberal Studies is a fully accredited graduate degree program approved by the New York State Education Department. Students may enroll full-time or part-time, spring, summer, and fall. For more information about this program, contact John Rowe, director of graduate admissions, at (315) 792-3010, or by e-mail at gradadmissions@utica.edu.

ADMISSIONS REQUIREMENTS

- Bachelor's degree from an accredited institution
- Minimum GPA of 3.0 – Exceptions may be made at the discretion of the graduate liberal studies committee if the student's activities since college demonstrate the ability to succeed in graduate study. Students admitted who do not meet the minimum requirements will be on probationary status. After the completion of three classes (9 credits), the student must have a 3.0 GPA to remain in the program.
- Two letters of recommendation
- An essay detailing the potential student's intellectual goals and his or her understanding of liberal education
- GRE or Miller Analogies scores may be required

ACADEMIC REQUIREMENTS (31–37 CREDIT HOURS)

There are three areas of study within the M.S.L.S. program: Humanities (includes courses in English, history, humanities, and philosophy), Natural Sciences and Mathematics (includes courses in biology, chemistry, geology, mathematics, and physics), and Social Sciences (includes courses in anthropology, economics, and sociology).

All students must:

- Take LST 503 (Graduate Liberal Studies Seminar) during the first 15 credit hours.
- Take LST 601 (Research and Writing in the Sciences) or LST 602 (Research in the Humanities) or LST 603 (Research Methods in the Social Sciences) during the first 15 credit hours.
- Take a minimum of four courses (12 credits) in one of the three areas of study. Students develop an interdisciplinary program of study that must be approved by the major professor in consultation with the thesis committee.
- Write a thesis or research project or complete a set of comprehensive exams. Students opting to write a thesis or research project must take LST 691 and LST 692 (Research I and II) which will help students complete their thesis or research project. Students are encouraged to determine a thesis or research project topic as early as possible in their program. Projects must be approved by the student's thesis committee.

"The master of science in liberal studies allows students to design their own integrated learning experience that will be of direct benefit to them in their chosen career path. Students select a focus in one of three areas of study: humanities, social sciences, or natural sciences and mathematics. In conjunction with their adviser, they develop individualized plans of study that meet their personal and career goals. Every plan is different because every student is different."

ALAN BESSETTE, Ph.D.
Coordinator of Liberal Studies
Professor of Biology

Students wishing to take comprehensive exams must submit a request that details why a comprehensive exam is more appropriate to their program of study than a thesis or project. This request must also include the fields of study the student believes are most appropriate to this exam and how the fields interrelate. If the exam option is approved by both the thesis committee and the M.S.L.S. committee, the thesis adviser will write two of the four questions for the exam. Two additional questions will be written by other members of the thesis committee. Once the written portion of the comprehensive exams is passed, students will then undergo an oral examination with their committee members. Students taking comprehensive exams will take LST 691 (Research I) and one additional course.

Foundational Methods Courses (4 credits)

- LST 604 – Graduate Liberal Studies Seminar (1)
and select one of the following.
LST 601 – Research and Writing in the Sciences (3)
LST 602 – Research in the Humanities (3)
LST 603 – Research Methods in the Social Sciences (3)

Area of Study Courses (12 credits)

Select four from a single Area of Study.

HUMANITIES:

- ENG 567 – Approaches to Shakespeare (3)
ENG 596 – Liberal Studies Ethnic American Fiction (3)
HIS 515 – The African-American Experience (3)
HIS 516 – Public History (3)
HIS 517 – Nationalism and Ethnic Identity in Europe (3)
HIS 518 – Historiography (3)
HIS 619 – Readings in African-American History (3)
HUM 600– Humanities Seminar (3)
PHI 503 – Environmental Ethics (3)
PHI 504 – Evolution and its Discontents (3)
PHI 505 – Ethical Issues in Contemporary Science and Technology (3)

NATURAL SCIENCES AND MATHEMATICS:

- BIO 528 – Science and Fiction (3)
BIO 538 – Animal Behavior (3)
BIO 538L – Animal Behavior Laboratory (1)
BIO 543 – Neuroscience (3)
BIO 600 – Special Topics in Biology (3)
BIO 654 – "The Coming Plague": Emerging Infectious Diseases, Biological Weapons and Public Health (3)
CHE 505 – Environmental Chemistry (3)
CHE 514 – History of Chemistry (3)
GOL 505 – Earth System Science (3)
LST 640 – Contemporary Issues in Science (3)
MAT 503 – History of Mathematics (3)
MAT 505 – Problem Solving in Mathematics (3)
MAT 535 – Contemporary Mathematics (3)
MAT 551 – Classical and Modern Geometry (3)
PHY 503 – The History of Physics (3)
PHY 517 – Principles of Physical Science (3)

SOCIAL SCIENCES:

- ANT 535 – Forensic Anthropology (3)
- ANT 545 – Historical Archaeology (3)
- ANT 547 – Archaeological Field School (6)
- ANT 551 – Contemporary Issues in Native American Life and Culture (3)
- ECN 511 – Economic Analysis of Policy Issues (3)
- ECN 565 – The Economics of Global Economy (3)
- PSY 607 – Psychology and the Visual Arts (3)
- SOC 537 – Science and Social Power (3)
- SOC 552 – Minority Experience in American Society (3)

Elective Courses (9 credits)

Select three courses from the list above, preferably from other areas of study, or other graduate courses with approval of major professor.

Thesis Research (6 credits)

- LST 691 – Research I (3 or 6)
- LST 692 – Research II (3 or 6)

MBA-Economic Crime and Fraud Management

Utilization of the Internet for e-commerce and e-business, the availability of information, and the globalization and competitiveness of business have combined to create opportunities and pressures for the commission of criminal frauds. Worldwide financial losses from fraud have reached staggering proportions, and recent surveys indicate that traditional frauds as well as frauds enhanced by the use of technology will continue to experience significant growth over the next decade. The need for managers who understand how frauds are committed and who have the skills to manage the fraud risk through cutting edge prevention, detection, and investigation techniques will continue to be critical in the 21st century.

The Master of Business Administration degree program in Fraud Management provides students who have completed their undergraduate education in related academic areas or students currently employed in law enforcement or industries impacted by fraud or security issues to obtain professional skills in management specific to the prevention and detection of fraud. The program, which can be completed in two-and-one-half years of part-time study, utilizes a flexible distance learning format, two on-campus residencies (a four-day residency during the term when students enroll in their first management core course [MGT 601], and a four-day residency during the term that students enroll in the second management core course [MGT 602]), and study at home.

ACADEMIC REQUIREMENTS (30 CREDIT HOURS PLUS PREREQUISITES)

There are several prerequisites that must be met before commencing the 30-credit-hour program of study in the MBA in Fraud Management. Students who have completed these prerequisites or their equivalents through undergraduate or graduate course work need not complete the courses listed below. Students who need to satisfy one or more of the prerequisites should enroll in Utica College courses designed specifically to satisfy those prerequisites, as set forth below:

Management Courses

- MGT 601 – Core Topics in Management I (6)
- MGT 602 – Core Topics in Management II (6)
- MGT 619 – Strategic Management and Leadership (3)
- ECN 607 – Quantitative Analysis for Management (3)

Fraud Management Required Courses

- ECM 603 – Management of Fraud Prevention and Detection (3)
- ECM 604 – Seminar in Fraud Management (3)

Fraud Management Elective Courses

Select two electives from the following:

- ECM 535* – Legal and Investigative Issues for Fraud Management (3)
- ECM 623 – Advanced Fraud Investigation and Analysis (3)
- ECM 632 – Information and Communication Security (3)
- ECM 641 – Research and Analytical Methods in Fraud Management (3)

*If taken as prerequisite, ECM 535 still counts as a concentration elective.

"I love the convenience of taking online classes, but I've also fallen in love with Utica. I've always been attracted to smaller cities, and doing a three-day residency here at Utica College has been wonderful. This degree will increase my career options and enable me to move to a position in risk management."

AMANDA JONES
Credit Analyst
VWR International, Atlanta GA

UC COURSE SATISFYING PREREQUISITES

Principles of Microeconomics:

ECN 511 – Economic Analysis of Public Policy Issues

Financial and Managerial Accounting:

ACC 501 – Introduction to Accounting

Principles of Management/Marketing:

MGT 501 – Management and Marketing

Corporate Finance:

FIN 533 – Corporate Finance

Law of Economic Crime and Economic Crime Investigation:

ECM 535*– Legal and Investigative Issues for Fraud Management

MBA – Professional Accountancy

The Utica College Online MBA in Professional Accountancy is designed for students who have a BS degree in business with a concentration in accounting. The primary focus of the program is professional practice and assurance. This program complies with the New York statutory 150-hour educational requirement for CPA candidates and meets the educational requirements of the AICPA for newly admitted members. Combined with a typical undergraduate accounting degree, a graduate would have more than 36 hours of accounting, including 12–15 graduate hours, and 36 or more general business hours with 12–18 of these hours at the graduate level.

The curriculum for the MBA in Professional Accountancy consists of a 12-semester hour Business Core that integrates economics and functional business subjects. The Business Core also includes a comprehensive Web-based business simulation exercise. Students participate in two three-day on-campus seminars at the beginning of each business core course. The rest of the program is entirely on-line. Taking two classes per term, students meeting all prerequisites can complete the program in five to six semesters. Summer classes are taught over an 8-week term. The Fall and Spring semesters are 15 weeks in length. The concentration includes required courses in advanced managerial accounting and professional practice. Elective classes include study of tax issues in managerial decisions, assurance, forensic audit, and computer auditing. Students also have the option of taking an elective in Economic Crime Investigation from the classes offered for the MBA concentration in Fraud Management.

ACADEMIC REQUIREMENTS

Business Core

- MGT 601 – Core Topics in Management I (6)
- MGT 602 – Core Topics in Management II (6)
- MGT 619 – Strategic Management and Leadership (3)
- ECN 607 – Quantitative Analysis for Management (3)

Required Accounting Classes

- ACC 601 – Seminar in Advanced Managerial Accounting (3)
- ACC 602 – Seminar in Professional Accounting Practice (3)

Elective Accounting Classes in the MBA Concentration

Select two electives. One elective may be selected, with the approval of the student's adviser, from any course in the MBA in Economic Crime and Fraud Management program for which the student has satisfied prerequisites.

- ACC 603 – Taxes and Business Strategy (3)
- ACC 604 – Seminar in Assurance and Forensic Auditing (3)

"In my job as a financial analyst, I travel a great deal to oversee the accounting functions of 19 field offices. UC's online program is a perfect fit for me, since I can continue my coursework even when I am on the road. I believe that obtaining this degree will open some doors for me and help to achieve my career goal of becoming a CPA."

BRIAN TWYMAN
MBA Professional Accountancy
Financial Analyst
Schlumberger, Oklahoma City OK

Occupational Therapy

Occupational therapists are health care professionals who assist clients and their families to participate in meaningful daily life activities (or occupations), gain or restore independence, and promote a satisfying, healthy lifestyle. Occupational therapists use occupations as the means and the goal of prevention and intervention. They provide skilled services across the lifespan in a wide variety of settings, including homes, schools, community centers, rehabilitation centers, hospitals, and skilled nursing facilities.

The occupational therapy program is fully accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association, located at 4720 Montgomery Lane, PO Box 31220, Bethesda, MD, 20824-1220; phone, (800) 729-2682. Graduates of this program who have successfully met all academic and fieldwork requirements and Utica College graduation criteria are eligible to sit for the national certification examination for occupational therapists that is administered by the National Board for Certification in Occupational Therapy (NBCOT), located at 800 S. Frederick Avenue, Suite 200, Gaithersburg, MD, 20877-4150. In addition, most states require licensure to practice occupational therapy; however, state regulatory boards usually accept the results of the NBCOT certification examination to determine eligibility for licensure. A felony conviction may affect a graduate's ability to sit for the NBCOT certification examination and/or to obtain a state license as an occupational therapist.

The occupational therapy curriculum is designed to integrate foundational knowledge, skills, and attitudes that students learn and develop from studies in the liberal arts with professional education at the graduate level. This program involves earning a bachelor of science degree in health studies and, for students who meet the established criteria, continuation to the master of science degree in occupational therapy. Using an adult learning model and a case-based approach to learning, the curriculum is designed to facilitate the development of occupational therapy practitioners who are responsible, self-directed, life long learners, and the leaders of the future. The occupational therapy faculty members recognize the reciprocal nature of the teaching-learning process and use collaborative teaching methods. Students are provided individualized and relevant learning opportunities and experiences to foster their development as liberally educated, ethical professionals who are capable of assuming leadership roles in a diverse, changing community. To that end, the program promotes students' development of knowledge, skills, and attitudes as they relate to:

- a central focus on occupation as the means and end of occupational therapy;
- critical thinking as the basis for clinical reasoning, reflective practice, and synthesis of research;
- being an ethical, highly competent professional who makes decisions that are congruent with professional, ethical principles;
- respect for self, others, and our environment, peaceful interaction, celebration of diversity, and service to others; and
- competencies as a highly effective entry-level occupational therapy practitioner.

For admission requirements see page 16.

"I believe that learning can best occur when students are provided with key opportunities to readily apply the information. We work cooperatively with students to develop a community of learners in which individuals are challenged to greater levels of achievement."

TORY NACKLEY, M.S., OTR/L
Assistant Professor of
Occupational Therapy

ACADEMIC REQUIREMENTS

First Year

- OCT 505 – Theoretical Basis of Occupational Therapy (3)
- OCT 506 – Human Occupations (3)
- OCT 525 – Case-based Learning (3)
- OCT 549 – Research Seminar I (3)
- OCT 551 – Community I (1)
- OCT 553 – Fieldwork Level 1A (1)
- OCT 561 – Professional Roles 1: Development (3)
- OCT 571 – Occupational Performance: Adolescents and Young Adults (6)
- OCT 572 – Occupational Performance: Adults (6)

Second Year

- OCT 601 – Occupational Performance: Children (6)
- OCT 602 – Synthesis: Occupation-based Practice with Children (5-6 weeks) (2)
- OCT 606 – Professional Writing (3)
- OCT 615 – Synthesis: Theory to Practice (2)
- OCT 633 – Fieldwork 1B (1)
- OCT 636 – Occupational Therapy Administration (5-6 weeks) (2)
- OCT 649 – Research Seminar II (3)
- OCT 652 – Community II (1)
- OCT 655 – Community III (1)
- OCT 662 – Professional Roles: Advanced (4)
- OCT 654 – Fieldwork Level IIA (6)
- OCT 656 – Fieldwork Level IIB (6)
- OCT 657 – Fieldwork Level IIC (0-4 credits) optional
- OCT 669 – Research Seminar III (3)

Physical Therapy

Health care professionals promote optimal health and well-being. Physical therapists focus on fostering concepts of health, wellness and fitness, injury prevention and maximizing functional outcomes for patients/clients and their families. Physical therapists function in a variety of settings within the community: hospitals, rehabilitation centers, pediatric facilities, geriatric treatment centers, extended care facilities, industry, sports, medicine, private offices, school systems, and voluntary health agencies. Physical therapists encounter patients of all ages, from newborn to elderly. Physical therapists assume responsibility for the patients, clients, and families with whom they interact. These professionals respond to the diverse, dynamic, and complex needs of society and recognize the value of life-long learning and the application of new knowledge.

The Physical Therapy department offers both an entry-level graduate program for initial entry to the profession, and a transitional program for licensed physical therapists who wish to upgrade their credential to the DPT. Both programs lead to the Doctor of Physical Therapy degree.

ENTRY-LEVEL PROGRAM

The entry level program is registered by the New York State Education Department and is accredited by the Commission on Accreditation in Physical Therapy Education. The curriculum is designed to build upon a strong undergraduate preparation grounded in liberal studies that affords students opportunities to integrate foundational knowledge with professional education.

The curriculum emphasizes the concept that the process of learning is equal in importance to the acquisition of knowledge. Designed in a problem-based learning (PBL) format, the curriculum places particular emphasis on self-directed, student-centered learning. Problem-based learning is an interactive educational model that uses small group discussion of clinically relevant problems (case studies) to provide the context for learning. Through carefully designed problems, the PBL process strives to guide, stimulate and challenge students to acquire a comprehensive and integrated knowledge base.

The mission of the Utica College Physical Therapy program is to prepare graduates, using principles of problem-based learning that build on strong undergraduate education in liberal studies, to function in a complex health care system and diverse society.

Graduates are prepared to enter the profession of physical therapy to:

- provide comprehensive physical therapy care to individuals across the lifespan and in a variety of practice settings;
- assume the multi-faceted role of patient/client manager that includes advocate, educator, supervisor, and consultant;
- utilize lifelong learning; and
- demonstrate behaviors that exemplify integrity, leadership, professional collaboration and social awareness.

For admission requirements see pages 1–17.

ROMANO HALL New Science and Technology Complex

F. Eugene Romano Hall, the first phase of Utica College's new science and technology complex, opened in the summer of 2007. The building provides some 23,000 square feet of classroom, laboratory, and clinical space, in addition to modern technology for students majoring in physical therapy, occupational therapy, nursing, therapeutic recreation, and health studies.

Subsequent phases of the science and technology project include providing modern facilities for programs in economic crime investigation and the traditional sciences.

ACADEMIC REQUIREMENTS

Doctoral Program in Physical Therapy: Course Sequence

Fall Year I: Module I (19 credits)

- PHT 538 – Introduction to Teaching and Learning (1)
- PHT 541 – Case Based Discussion I (6)
- PHT 543 – Clinical Laboratory I (3)
- PHT 544 – Anatomy I (3)
- PHT 545 – Critical Inquiry Seminar I (3)
- PHT 547 – Professional Practice I (2)
- PHT 549 – Caring for the Community I (1)

Spring Year 1: Module II (18 credits)

- PHT 551 – Case Based Discussion II (6)
- PHT 553 – Clinical Laboratory II (3)
- PHT 554 – Anatomy II (3)
- PHT 555 – Critical Inquiry Seminar II (3)
- PHT 557 – Professional Practice II (2)
- PHT 559 – Caring for the Community II (1)

Fall Year 2: Module III (16 credits)

- PHT 619 – Clinical Education I (8)
- PHT 629 – Clinical Education II (8)

Spring Year 2: Module IV (18 credits)

- PHT 641 – Case Based Discussion IV (6)
- PHT 643 – Clinical Laboratory IV (3)
- PHT 644 – Anatomy IV (3)
- PHT 645 – Critical Inquiry Seminar IV (3)
- PHT 649 – Research I (2)
- PHT 659 – Caring for the Community III (1)

Fall Year 3: Module V (18 credits)

- PHT 741 – Case Based Discussion V (6)
- PHT 743 – Clinical Laboratory V (3)
- PHT 744 – Anatomy V (3)
- PHT 745 – Critical Inquiry Seminar V (2)
- PHT 747 – Professional Practice III (2)
- PHT 749 – Research II (1)
- PHT 759 – Caring for the Community IV (1)

Spring Year 3: Module VI (16 credits)

- PHT 769 – Clinical Education III (8)
- PHT 779 – Clinical Education IV (8)

TRANSITIONAL PROGRAM FOR LICENSED PHYSICAL THERAPISTS

The transitional DPT program is designed for licensed practitioners who had a traditional physical therapy education prior to the advent of doctoral level preparation. The transitional DPT program builds on the skills, knowledge, and experience of practicing clinicians and entitles graduates to the degree of Doctor of Physical Therapy. As a post-professional clinical doctoral degree, the DPT serves as a credential, similar to the MD for medicine, the OD for optometry, and the DPM for podiatry. It does not signify advanced preparation or specialization, but instead reflects the culmination of a comprehensive program and the fulfillment of the highest standards of clinical performance in professional practice. The transitional DPT program utilizes a flexible distance learning format, utilizing a combination of focused lectures, guided discussions, and self-study. There is a brief on-campus residency requirement for several courses, designed to allow face-to-face discussions with peers, and professional networking opportunities.

For admission requirements see pages 16–17.

ACADEMIC REQUIREMENTS

Transitional Program in Physical Therapy: Course Sequence

Courses Required for All Students (total credits: 15 minimum)

- PHT 701 – Foundations of Autonomous Practice (3)
- PHT 712 – Prevention and Wellness (3)
- PHT 713 – Diagnostic Imaging (3)
- PHT 714 – Pharmacology and Pathophysiology (3)
- PHT 716 – Professional Practice-Global Health Care Issues (3)

Additional Courses

A selection of the following courses **may** be required for graduates who do not have an entry-level master's degree in Physical Therapy. Required courses will be determined by an individualized professional portfolio review at the time of application to the program.

- PHT 811 – Teaching and Learning (3)
- PHT 812 – Measurement and Interpretation of Outcomes (3)
- PHT 813 – Management in Health Care Delivery (3)
- PHT 815 – Research Methods (3)
- PHT 816 – Practicum (6)

"I felt that it was important to earn a doctorate in my field. The advantage of earning this degree online is that I can further my career goals while fitting the coursework into my already-busy life. As a physical therapist in private practice and a working mother, I have found taking classes online to be a tremendous benefit."

LISA GILBERTI
Physical Therapist

Courses

The figure in parentheses following the title of the course indicates the number of credit hours for that course. Courses with variable credit are shown with the range of credit available, for example (1–6). The College reserves the right to cancel any course if enrollment does not warrant its continuance, and to make changes in the curriculum at any time.

Please consult your advisor for any pre-requisites.

Accounting

ACC 501–Introduction to Accounting (3)

Introduction to financial statement communication, information processing, measuring business income, and introduction to use of accounting information for managerial decisions. Topics include financial statements, cash flows, budgeting, and performance evaluation.

ACC 601–Seminar in Advanced Managerial Accounting (3)

Managerial accounting, decision and control models; planning and control under conditions of uncertainty; contemporary issues in cost management.

ACC 602–Seminar in Professional Accounting Practice (3)

Current topics in financial reporting, professional ethics, complex business entities, financial instruments, off-balance sheet financing, and financial reporting fraud.

ACC 603–Taxes and Business Strategy (3)

Effects of taxes on business, tax deferrals, organization form, implicit taxes, compensation, tax planning, retirement plans, multi-national issues in tax planning.

ACC 604–Seminar in Assurance and Forensic Auditing (3)

Control and auditing of mainframe and networked information systems; assessment of audit risk, assurance methods, causes, consequences, prevention of audit failure.

All-College

UCC 590–Independent Study (1-6)

Admission by consent of supervising discipline, school, and graduate program director. Individual reading or research in a topic of interest between the student and the instructor.

UCC 600–Contemporary Topics (3)

Topics in various contemporary issues. May vary from semester to semester.

UCC 690–Independent Study (1-6)

Admission by consent of supervising discipline, school, and graduate program director. Individual reading or research in a topic of interest between the student and the instructor.

UCC 997–Continuous Enrollment (0)

See “Continuous Enrollment” in the section on Academic Policies.

Anthropology

ANT 535–Forensic Anthropology (3)

Basics of crime scene archeology and human remains recovery. Skeletal analysis; personal identification; courtroom testimony; police procedures; mass fatality incident planning.

ANT 545–Historical Archeology (3)

Archeological exploration of social history of European, African, and Asian peoples in North America after 1500 C.E. Field excavation; site interpretation; archived research; artifact identification.

ANT 547–Archeological Field School (6)

Practical experience in all phases of archeological fieldwork. Exploration of regional history and cultural tradition through field trips and documentary research. Project locations may vary, and may include both domestic and international sites.

ANT 551–Contemporary issues in Native American Life and Culture (3)

Relationships of Native Americans to larger society at the beginning of the 21st century. Focus on identity, economic development, health, environment, and legal and political issues. Seminar format. Prerequisite: One of the following: ANT 101, SOC 151, SOC 252, SOS 101, or permission of instructor.

Biology

BIO 528–Science and Fiction (3)

Popular fiction, cinema, and video as a teaching and learning tool in biology.

BIO 538–Animal Behavior (3)

Evolutionary and ecological approach to the study of behavior in animals. Identification of the major patterns and processes of animal behavior and discussion of classical and current methodologies for studying animal behavior. Prerequisites: BIO 211 or BIO 212 or by permission of the instructor.

BIO 538L–Animal Behavior Laboratory (1)

Contemporary experimental methods using ecological and evolutionary approach to study animal behavior. Observational and experimental procedures will be used to study animal behavior in laboratory and natural habitats. Prerequisites: BIO 538 or by permission of instructor.

BIO 543–Neuroscience (3)

The nervous system, from building blocks to brain, including disciplines of anatomy, physiology, cell biology, and psychophysics. Critical analysis of the primary literature. Prerequisites: a year of biology and a year of chemistry, or permission of instructor.

BIO 590–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

BIO 600–Topics in Contemporary Biology (3)

Topics in various contemporary issues relating to biology in society. May vary from semester to semester as additional courses are submitted by the Biology Department.

BIO 654–“The Coming Plague”: Emerging Infectious Diseases, Biological Weapons and Public Health (3)

The impact of human activity on the emergence of new infectious agents through natural and artificial means, and the consequences for global public health and economics. Prerequisites: One year of college-level biology.

BIO 690–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

Chemistry

CHE 505–Environmental Chemistry (3)

Sources, reactions, transport, effects and fates of chemical species in water, soil, and air environments. From global and regional problems to localized concerns. Safe handling, storage, and disposal of chemicals in a laboratory environment.

CHE 514–History of Chemistry (3)

Study of the growth of chemistry from the 1600s to 1950 using readings about and by the originating philosophers and researchers, including historically significant experiments.

CHE 590–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

CHE 600–Selected Topics (3)

Advanced study of a selected topic in chemistry not normally included in the regular curriculum. May be repeated for credit provided the topic studied does not duplicate previous coursework.

CHE 690–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

Economic Crime Management

ECM 535–Legal and Investigative Issues for Fraud Management (3)

Case study analysis of business and economic crimes, including cybercrime, criminal liability of business entities, management and employees, investigation and prosecution.

ECM 603–Management of Fraud Prevention and Detection (3)

Development of counter-fraud technology. Proactive programs and tools for fraud detection and prevention in face-to-face transactions, e-commerce, and e-business. Business models for production of prevention and detection products.

ECM 604–Seminar in Fraud Management (3)

Research and discussion of current policy and legal issues affecting fraud management, including privacy, security, ethics, auditing, and compliance.

ECM 611–Organizational Theory, Structure, and Design (3)

This course is designed to familiarize students with the structure and design of organizations. Emphasis will be on systems theory and its applicability to today's environment, identifying external environmental forces, designing optimal corporate structure for the organization's mission, changing organizational structure, and analyzing the process and effects of corporate infrastructure.

ECM 612–The Manager in a Global Environment (3)

This course is designed to familiarize students with the challenges faced by managers and organizations precipitated by the post-industrial knowledge-based global society. Discussions will include topics such as the changing concepts of technology and knowledge, impact of workforce changes on managers and organizations, the evolution of management thought and concepts, managing in foreign cultures, international law issues, and managing a multi-cultural workforce.

ECM 621–Advanced Economic Crime (3)

Economic crime types, techniques, trends, and issues in various industries including banking, credit card, insurance, and telecommunications. Exploration of fraud control from a cross-industry perspective.

ECM 622–Legal Concepts of Criminal Fraud and Corporate Criminal Liability (3)

Analysis of business and economic crime, including the various devices utilized in the commission of criminal fraud, fraud upon governmental and commercial institutions, group and enterprise crimes, the criminal liability of corporations and their officers and managers, sanctions, and the prosecution of business and economic crime. The case study method will be utilized extensively.

ECM 623–Advanced Fraud Investigation and Analysis (3)

Types of criminal fraud, methods used to detect and analyze occurrence of fraud, techniques of fraud investigation, interviewing and interrogation, file and case management, interaction with external investigation, regulations, and law enforcement.

ECM 625–Homeland Security: Legal and Regulatory Issues (3)

Analysis of business and governmental legal and security issues raised by public laws, regulations, and Department of Homeland Security, including information sharing, privacy, risk and insurance, and aviation and transportation security. Case method utilized.

ECM 626–Financial Investigations (3)

Study of financial crime in the context of business operations; methods of detection; and methods of investigation, including analysis of financial documents, investigation process and techniques, and preparation of investigative case report.

ECM 631–Fraud Management and Technology (3)

The challenges of management in an increasingly technological environment. The history and evolutionary development of counter-fraud technology. The integration of fraud management in the development of new corporate products or instruments. Anticipating new forms of frauds based on the application of new and projected technologies.

ECM 632–Information and Communication Security (3)

Issues and concepts related to the protection of information and information systems. Threats and vulnerabilities to internal and external modes of communication. Securing communications, information systems, and computer technology. Legal, ethical, and privacy issues related to information security.

ECM 633–Networks and Internet Security (3)

The course will focus on the key components associated with the threats and vulnerabilities to computers and networks. Students will develop an understanding of distributed systems and how they work, an appreciation for various methods of network and Internet security, and the necessary strategies to promote successful business plans/policies. Legal, ethical, and privacy issues will be discussed.

ECM 634–Information: Policy and Applications (3)

Focus on access, storage, distribution, and use of domestic and global information relating to national security, commerce, and international issues. Applications for information sharing and privacy are reviewed using case study method approach.

ECM 641–Research and Analytical Methods in Fraud Management (3)

Statistical and analytic methods for evaluating fraud activity, conducting research and evaluation of fraud programs, data collection strategies, analyzing and interpreting data, using SPSS, and policy implications.

ECM 642–Advanced Fraud Analysis (3)

This course is designed to familiarize students with innovative analytic approaches used to perform complex fraud analysis. Topics include: link analysis, data mining, advanced statistical tools, case management systems, and expert system approaches such as neural network early-warning software.

ECM 643–Risk Assessment and Mitigation (3)

Concept of risk as applied to security, assessment methodologies such as scoring and modeling, assessment processes, mitigation, and development of comprehensive management strategy. Modeling, assessment, and mitigation strategies focus on integration of diverse information sources.

ECM 651–Professional Project I (3)

The professional project proposal will be developed during this semester. The professional project will be developed and finalized consistent with the Graduate Research Proposal Guidelines for the Economic Crime Management Program.

ECM 652–Professional Project II (3)

Completion of the professional project, including data collection, analysis, and submission of the project report, or other methodologies approved by the Research Committee. Prerequisite: ECM 651.

ECM 653–Thesis I (3)

Planned research and writing directed by the student's thesis committee. The thesis proposal will be developed during this semester. The thesis will adhere to the Graduate Research Proposal Guidelines for the Economic Crime Management Program.

ECM 654–Thesis II (3)

Completion of the thesis, including data collection, analysis, and submission of the thesis. The thesis will adhere to the Graduate Research Proposal Guidelines for the Economic Crime Management Program. Prerequisite: ECM 653.

Economics

ECN 511–Economic Analysis of Public Policy Issues (3)

Basic tools of economics to examine and analyze selected contemporary public policy issues. Prerequisites: ECN 131 and ECN 141.

ECN 565–Economics of Global Economy (3)

Application of microeconomics to global economic issues, globalization, free trade, barriers to trade, economic interdependence, macroeconomic policy, economic development. Prerequisite: ECN 141.

ECN 607–Quantitative Analysis for Management (3)

Scientific approaches to decision making; descriptive and inferential statistics, probability distributions, confidence intervals and hypothesis testing, analysis of variance and process control.

Education

EDU 501–Foundations of Literacy (3)

Theory and methods of literacy development. Assessment and diagnostic procedures. Development of critical thinking and individualized reading programs. 20 hours of field work in high need schools required.

EDU 502–Literacy and Comprehension: Birth-Childhood (3)

Advanced theory and methods of literacy development birth–grade 6. Instructional planning, assessment and evaluation, diagnostic procedures, cultural and linguistic differences, writing to learn, English/Language Arts Learning Standards. 20 hours of field work required.

EDU 503–Literacy and Comprehension: Middle-Adolescent (3)

Advanced theory and methods of literacy development, grades 7-12. Instructional planning, assessment and evaluation, diagnostic procedures, cultural and linguistic differences, writing to learn, English/Language Arts Learning Standards. 20 hours of field work required.

EDU 506–Foundations of Teaching (9)

Pre-service course of study. Role of education. Rights and responsibilities. Child development and learning. Instructional planning. Effective teaching strategies. State Learning Standards. Teaching children with special needs. School organization and classroom management. Educational technology. Reporting child abuse and maltreatment. Preventing alcohol, tobacco and drug abuse; child abduction; and improving safety. This course is taught in modules. All modules must be successfully completed in order to earn credit for this course.

EDU 507–Mentoring I (1)

Mentored teaching experience. Monthly observations. Weekly seminar. Corequisites: EDU 524 (Methods of Teaching in the Content Areas) and full-time teaching assignment.

EDU 508–Mentoring II (1)

Mentored teaching experience. Monthly observations. Weekly seminar. Corequisites: EDU 503 (Literacy and Comprehension: Middle Adolescence) and full-time teaching assignment. Prerequisite: EDU 507 Mentoring I.

EDU 511–Introduction to Teaching (1)

Ethical guidelines; identifying and reporting child abuse; prevention of child abduction; alcohol, tobacco and drug abuse prevention; safety education, fire and arson prevention; violence prevention; current issues.

EDU 512–Practical Teaching Methodologies (3)

Basic lesson planning; effective teaching; oral communication skills; writing and learning; school-to-work; classroom technology; learning standards. 20 hours of field work required.

EDU 516–Social Studies/Literacy Methods: Birth-Childhood (3)

Application of literacy skills to the content and instructional materials used to teach social studies in pre-school through grade six. Social studies and English Language Arts Learning Standards. 20 hours of field work in high need schools required.

EDU 517–Math/Science Methods: Birth-Childhood (3)

Objectives, content, instructional materials, activities, and theoretical principles for teaching mathematics, science, and technology use in pre-school through grade six. Math, Science, and Technology Learning Standards. 20 hours of field work in high needs schools required.

EDU 521–Foundations of American Education (3)

Examination of American public education. Includes organization, finance, administration, curriculum, and current issues. Professional portfolio.

EDU 524–Methods of Teaching in the Content Areas (3)

Lesson, unit, and course planning; classroom management; curriculum implementation; student evaluation; application of technology to the content areas; interdisciplinary planning.

EDU 525–Assessment of Children and Youth with Special Needs (3)

Assessment process in special education: observational assessment; norm-referenced standardized tests; criterion-referenced assessments, performance-based, authentic, and portfolio assessment. 10 hours fieldwork required.

EDU 526–Childhood Special Education Methods (3)

Special education services for grades 1-6: Individualized Education Plans, teaching practices, curriculum implementation, assessment, assistive technology, service delivery models, team collaboration. 15 hours of fieldwork required.

EDU 527–Adolescence Special Education Methods (3)

Special education services for grades 7-12: Individualized Education Plans and transitional planning, teaching practices, curriculum implementation, assessment, assistive technology, service delivery models, team collaboration. 15 hours of fieldwork required.

EDU 528–Methods and Curriculum: Pervasive Disabilities (3)

Characteristics of students with pervasive disabilities. Authentic assessment, Individualized Education Plans. Classroom accommodations, assistive technology, positive behavior supports in inclusive environments. Collaboration, community-based instruction, and educational transitions. 10 hours of fieldwork required.

EDU 533–Adolescent English/Language Arts Methods (3)

Lesson, unit and course planning; classroom management; curriculum implementation; student evaluation; application of technology to English; interdisciplinary planning. 20 hours of field work required.

EDU 534–Adolescent Social Studies Methods (3)

Lesson, unit and course planning; classroom management; curriculum implementation; student evaluation; application of technology to Social Studies; interdisciplinary planning. 20 hours of field work required.

EDU 535–Adolescent Mathematics Methods (3)

Lesson, unit and course planning; classroom management; curriculum implementation; student evaluation; application of technology to mathematics including use of graphing calculator; interdisciplinary planning. 20 hours of field work required.

EDU 537–Adolescent Science Methods (3)

Lesson, unit and course planning; classroom management; curriculum implementation; student evaluation; application of technology to the sciences; interdisciplinary planning. 20 hours of field work required.

EDU 544–Science and Technology Methods: Birth-Childhood (3)

Objectives, content, instructional materials, activities, and theoretical principles for teaching science and technology use in pre-school through grade six. Math, Science, and Technology Learning Standards. 20 hours of field work required.

EDU 545–Mathematics Methods: Birth-Childhood (3)

Objectives, content, instructional materials, activities, and theoretical principles for teaching mathematics in pre-school through grade six. Math, Science, and Technology Learning Standards. 20 hours of field work required.

EDU 571–Student Teaching Seminar (0)

Discuss issues relevant to student teaching. Classroom management, professional behavior, certification, supervision, and portfolio development. Meets weekly. Corequisites: EDU 575 Student Teaching I and EDU 576 Student Teaching II.

EDU 575–Student Teaching I (6)

Supervised teaching experience in either elementary or secondary schools with seminars and conferences required. Includes discussions, written assignments, and evaluations. Graded on a pass/fail basis. Prerequisite: the preparation course sequence in Childhood, or Adolescence Education. Permission of director required.

EDU 576–Student Teaching II (6)

Supervised teaching experience in either elementary or secondary schools with seminars and conferences required. Includes discussions, written assignments, and evaluations. Graded on a pass/fail basis. Prerequisite: the preparation course sequence in Early Childhood, Childhood, Middle Childhood, Adolescence, Business and Marketing, or Teaching English to Speakers of Other Languages Education. Permission of director required.

EDU 577–Mentored Internship I (6)

For students with a full-time teaching position in the area of certification for a minimum of eight weeks. Supervised teaching experience with seminars and conferences required. Includes discussions, written assignments, and evaluations.

EDU 578–Mentored Internship II (6)

For students with a full-time teaching position in the area of certification for a minimum of eight weeks. Supervised teaching experience with seminars and conferences required. Includes discussions, written assignments, and evaluations.

EDU 590–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

EDU 601–Inclusive Classroom Observation / Evaluation (1)

Field experience of 20 hours observing inclusive classrooms. Periodic conferences and written work required. Permission of director.

EDU 603–The School Administration: Models of Leadership (3)

Organizational and leadership theory and research, basic administrative processes, structure of political systems, financial and legal issues facing education.

EDU 604–Inclusive Practicum (2)

Field experience of 40 hours in inclusive settings. On-campus seminar every other week and written work required.

EDU 615–Learning and Cognition (3)

Theoretical concepts underlying learning and cognition. Applications of the theoretical base to teaching in classrooms with diverse student populations.

EDU 616–Environmental Design for Effective Inclusion (3)

Adapting the physical, social, and instructional environment of the regular classroom so that students with disabilities have successful access to general education curriculum and assessment.

EDU 621–Inclusive Classroom Strategies I (3)

Learning characteristics of students with disabilities. Classroom accommodations, assistive technology, and curriculum adaptations to facilitate access to the general education curriculum.

EDU 622–Curriculum-Based Inclusion Practices (3)

Content area instructional planning and teaching; interdisciplinary planning; adapting general content area curriculum, curriculum-based assessment and grading modifications for effective teaching of all students in inclusive settings.

EDU 625–Leadership and Collaboration for Quality Inclusion (3)

Collaboration models for inclusion. Leadership skills for collaborative teaming, data-based decision making, building partnerships for technological access, and school reform.

EDU 626–Current Issues in Inclusive Education (3)

Advanced consideration of selected topics in general education and inclusion. Educational research, technology, school reform, school and community collaboration, current legislative issues. Lecture, discussion, and group exploration of issues with contemporary interest.

EDU 632–Data-Based Decision Making (3)

Using qualitative and quantitative research methodologies to make data-based decisions regarding student placement, teaching strategies and student performance, reflective teaching, program evaluation and school reform.

EDU 633–Data Interpretation and Analysis (3)

Quantitative and qualitative research methodologies. Application to inclusive education settings. Students will write a research proposal for their master's thesis and will do a literature review. Prerequisite: EDU 632 Data-Based Decision Making.

EDU 634–Educational Administration: Theory, Research and Practice (3)

Current research in the field of administration; the use of data, test construction, and measurement techniques in evaluating educational programs; the ethics of testing, validity and reliability of standardized tests.

EDU 635–Theory and Practice in Supervision (3)

Role of supervision and development of the skills necessary to empower staff in complex educational organizations. Exploration of the importance of working collaboratively toward a shared vision.

EDU 636–Human Resources and Labor Relations (3)

Developing skills for attracting and retaining quality staff, including planning for staffing needs, selection of personnel, determining compensation, employee dismissal and the role of collective bargaining. Due process rights of employees and labor relations.

EDU 637–Student Support and Community Communications: Research and Practice (3)

Examination of the social support systems that children need including family, peers, schools, media and community and the critical role communications play in social interactions; effectively communicating internally and externally.

EDU 638–School Business Management and Finance (3)

Functions of the school business administrator, including financial planning, capital assets planning, facilities, risk management, and insurance; role of budgeting and site-based management.

EDU 644–Principles of Data-Based Curriculum, Instructional Planning and Assessment (3)

Knowledge and skills in curriculum development, instructional planning and assessment; individualizing the curriculum and effective curriculum implementation and alignment.

EDU 647–School Law (3)

Review of the frameworks of education law enabling administrators to achieve their mission while making sound and legally defensible decisions; review of case law in separation of church and state, due process, and equality and discrimination.

EDU 648–Leadership of Special Programs (3)

In-depth review of the increasing array of special instructional and support programs in schools. Topics include special education, career and technical education, bilingual education, migrant education, and programs for the gifted and talented.

EDU 657–Becoming a Superintendent: Creating and Sustaining Vision (3)

Knowledge, skills and attitudes necessary to become a successful superintendent. Topics include the history of superintendency, working with the board and building a cohesive administrative team; characteristics of urban, rural and suburban districts.

EDU 658–Leadership for Political Systems and Change (3)

Political forces and balance of power that define educational policy; developing skills for building learning communities; history, research and models for educational change.

EDU 670–Administrative Internship (3)

Field experience in school district educational leadership at both the building and the district level.

EDU 690–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

English

ENG 516–Studies in Literacy and Literature (3)

Reading/studying/teaching literature; developing integrated curricula.

ENG 567–Approaches to Shakespeare (3)

Introduction to critical and theoretical approaches to the plays of Shakespeare and the culture in which he wrote.

ENG 590–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

ENG 596–Ethnic American Fiction (3)

Study of the formal properties of ethnic literature including narrative structure, cultural detail, distinct language patterns. Emphasis on themes such as formation of American identity, cultural authenticity, connections between memory and history.

ENG 597–Working-Class Women Writers (3)

Compares difference perspective makes in novels about growing up working-class versus those with adult narrators, and how point of view affects form.

ENG 600–Selected Topics (3)

Advanced study of a selected topic in English not normally included in the regular curriculum. May be repeated for credit provided the topic studied does not duplicate previous coursework.

ENG 690–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

Finance

FIN 533–Corporate Finance (3)

Principles, concepts, and analytical tools of finance; corporate governance; cash flow analysis for capital budgeting; hurdle rates; raising capital through investment banks; financial restructuring; acquisitions. Semester project: estimating the value of a company.

Geology

GOL 505–Earth System Science (3)

Earth's hydrosphere/cryosphere, geosphere, atmosphere, biosphere (including anthrosphere) with emphasis on understanding linkages between them. Patterns, causes, evidence and effects of naturally occurring and human-induced environmental changes through time.

History

HIS 515–The African-American Experience (3)

African-American experience in the United States, with emphasis on the post-1865 period.

HIS 516–Public History (3)

Public history is history designed to reach a wide audience, presented outside the classroom or a textbook. We examine monuments, museums, battlefields, oral histories, Web sites, and movies. Some research is required at local institutions.

HIS 517–Nationalism and Ethnic Identity in Europe (3)

Nationalism and national identity in Europe. Reading and analyzing theoretical works.

HIS 518–Historiography (3)

Introduction to modern historiography.

HIS 590–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

HIS 600–Selected Topics (3)

Advanced study of a selected topic in history not normally included in the regular curriculum. May be repeated for credit provided the topic studied does not duplicate previous coursework.

HIS 619–Readings in African-American History (3)

Overview of literature on the African-American historical experience in the United States from 1619 to present.

HIS 690–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

Humanities

HUM 600–Humanities Seminar (3)

Specialized study in various topics in Humanities. May be repeated for credit, provided the topics are not the same.

Liberal Studies

LST 540–Contemporary Topics in Science (3)

Critical analysis of topics drawn from the popular media (television, newspaper, radio, Internet) using primary scientific literature. Topics chosen will reflect scholarly interests of specific faculty.

LST 601–Research and Writing in the Sciences (3)

How graduate research in the sciences is conducted, written and communicated.

LST 602–Research in the Humanities: Literature, Fine Arts, and History (3)

Methods and skills for scholarly research in the humanities including library and Internet research, reading scholarly publications, working with primary sources, conducting research, and writing research papers and theses.

LST 603–Research Methods in the Social Sciences (3)

Essentials of social science research and reporting methods at the graduate and professional level.

LST 604–Graduate Liberal Studies Seminar (1)

Explores the significance of interdisciplinary approaches to Liberal Education, emphasizes critical thinking and connections across subject areas, and gives students insight into how interdisciplinary studies are designed, executed, and presented.

LST 691–Research I (3)

Review literature in the field of study and develop a faculty-supervised proposal for a thesis or research project.

LST 692–Research II (3)

Complete a faculty-supervised thesis or research project.

Management

MGT 501–Management and Marketing (3)

Basic principles in managerial and marketing functions and processes in business environments. Interdisciplinary approach to identifying key issues and developing appropriate solutions. Case study methodology.

MGT 601–Core Topics in Management I (6)

Strategy and analysis of the value chain; macro-economic issues in business; monetary theory and financial institutions; financial statement analysis.

MGT 602–Core Topics in Management II (6)

Business planning and strategic management; capital structure; cash flow analysis; operational, capital, and cash budgeting; demand theory; cost theory; business simulation experience.

MGT 619–Strategic Management and Leadership (3)

Case study based course focused on developing skills in strategic competitive analysis, assessing business risk, effective implementation and execution of strategies, and developing an effective leadership style based on current theories and research.

Mathematics

MAT 503–History of Mathematics (3)

Origin of numbers and changing views of mathematics, pre-civilization through the early twentieth century.

MAT 505–Problem Solving in Mathematics (3)

Principles of problem solving, mathematical thinking and mathematical reasoning, deductive and inductive reasoning, mathematical induction, solutions of recurrence relations. Detecting mathematical fallacies and flaws. Modeling problems. Psychological strategies for overcoming math anxiety.

MAT 517–Early Childhood/Elementary Education: Mathematics (3)

Basic mathematical concepts. Mathematics standards, math phobia, Internet resources, Word, Excel, PowerPoint.

MAT 535–Contemporary Mathematics (3)

Mathematics relevant to business, politics, history and the social sciences. Realistic approach to problem solving.

MAT 551–Classical and Modern Geometry (3)

Geometric structures. Formal geometries and models. Theoretical development of geometric concepts. Geometric constructions. Locus of points. Conic sections. Fractal geometry. Geometry in nature and real life. Discovering geometry by technology.

MAT 590–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

MAT 600–Selected Topics (3)

Advanced study of a selected topic in mathematics not normally included in the regular curriculum. May be repeated for credit provided the topic studied does not duplicate previous coursework.

MAT 690–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

Occupational Therapy

OCT 505–Theoretical Basis of Occupational Therapy (3)

Theory and foundations of practice from historical and current perspectives; importance and role of occupation. Open only to students in the professional phase of the occupational therapy major.

OCT 506–Human Occupations (3)

Exploration into the relationship between participation in human occupation and quality of life throughout the lifespan. Includes activity analysis, assessment of occupational performance, and the use of occupation to facilitate participation in life contexts.

OCT 525–Case-Based Learning (3)

Principles of documentation, case-based teaching and learning as applied to occupational therapy. Open only to students in the professional phase of the occupational therapy major.

OCT 549–Research Seminar I (3)

Exploration of options for research project focused on occupation, culminating in submission of research proposal.

OCT 551–Community I (1)

Experiential learning in community agencies; development and application of foundational skills; observation, interpersonal communication, advocacy, cultural competency, reflective practice, ethics. Includes 20 hours of fieldwork.

OCT 553–Fieldwork Level IA (1)

Clinical application of course material through supervised involvement in a setting where therapeutic intervention is provided. Graded on a pass/fail basis.

OCT 561–Professional Roles: Development (3)

Introduction and development of professional roles in practice settings with adults; emphasis on educator, researcher, and administrator roles.

OCT 571–Occupational Performance III – Adolescents and Young Adults (6)

Role of occupational therapy with adolescents and young adults ages 13-40; evaluation and intervention.

OCT 572–Occupational Performance IV – Adults (6)

Role of occupational therapy with adults older than 40 years of age; evaluation and intervention.

OCT 601–Occupational Performance: Children (6)

Occupational therapy practice with children (aged 0-13); evaluation, intervention and outcomes.

OCT 602–Synthesis: Occupation-based Practice with Children (2)

Emphasis on constructing best practice statements that reflect evidence-based practice, family-centered care, and occupation-based practice within systems serving children. Critical analysis of literature and creation of personal perspective on practice with children. Prerequisite: OCT 601.

OCT 606–Professional Writing (3)

Documentation, publication, and other aspects of writing specific to profession of occupational therapy.

OCT 615–Synthesis: Theory to Practice (2)

Synthesis and evaluation of theoretical approaches of occupation into a personal perspective of occupation and practice of occupational therapy.

OCT 633–Fieldwork Level 1B (1)

Practical application of course material through a second experience of supervised involvement in a setting where therapeutic intervention is provided. Graded on a pass/fail basis.

OCT 636–Occupational Therapy Administration (2)

Synthesis of principles of administration and impact of systems on provision of occupational therapy services to individuals in various populations and organizations.

OCT 649—Research Seminar II (3)

Implementation of approved research project under faculty sponsorship. Graded on pass/fail basis.

OCT 652—Community II (1)

Experiential learning in community setting with focus on occupation, professional development, and communication skills. Application to teaching-learning process, identification of community resources, and professional communication. Requires 20 hours of fieldwork. Prerequisite: OCT 551.

OCT 654—Fieldwork Level IIA (6)

First Level II fieldwork experience of twelve weeks in an approved fieldwork setting. Graded on pass/fail basis.

OCT 655—Community III (1)

Service learning in community setting with opportunities to apply curricular threads of professional development, community, occupation, and critical thinking. Prerequisite: OCT 652.

OCT 656—Fieldwork Level IIB (6)

Second Level II fieldwork experience of twelve weeks in an approved fieldwork setting. Graded on pass/fail basis.

OCT 657—Fieldwork Level IIC (0-4)

Optional fieldwork experience in an approved specialty area. Graded on pass/fail basis. May not be used to meet credit hour requirements for M.S. degree in occupational therapy.

OCT 662—Professional Roles: Advanced (4)

Refinement of professional roles in practice, with a focus on services for children; emphasis on educator, researcher, and administrator roles. Prerequisite: OCT 561.

OCT 669—Research Seminar III (3)

Completion of approved research project under faculty sponsorship.

Philosophy

PHI 503—Environmental Ethics (3)

Interconnectedness in ethics and nature, holistic ethical theories, relationship between environmental and traditional ethics, and nature of value.

PHI 504—Evolution and Its Discontents (3)

Foundations and claims of neo-Darwinism. Application to ethics, religion, sociology, psychology, and philosophy, and attempts to refute it, particularly intelligent design theory.

PHI 505—Ethical Issues in Contemporary Science and Technology (3)

Ethical issues at the intersection of contemporary politics, science, and culture.

Physical Therapy

PHT 538—Introduction to Teaching and Learning (1)

Theoretical constructs behind problem-based learning and self-direction in learning. Characteristics of the adult learner including readiness for learning and learning styles. Seminar format. Prerequisites: PHT 541, 543, 544, 545, 547.

PHT 541—Case Based Discussion I (6)

Integration of foundation and clinical sciences using case studies. Emphasis on theoretical constructs that support autonomous clinical practice. Primary patient diagnoses involve the musculoskeletal system. Prerequisites: PHT 538. Corequisites: PHT 543, 544, 545, 547.

PHT 543—Clinical Laboratory I (3)

Integration of knowledge, clinical skills and professional behaviors of the patient/client management process consistent with autonomous clinical practice expectations for individuals with primary musculoskeletal diagnoses. Prerequisites: PHT 538. Corequisites: PHT 541, 544, 545, 547.

PHT 544—Anatomy I (3)

Human cadaver dissection and discussion. Structures of the thorax and extremities using regional and systemic perspectives. Clinical significance of these structures related to physical therapy practice. Prerequisites: PHT 538. Corequisites: PHT 541, 543, 545, 547.

PHT 545—Critical Inquiry Seminar I (3)

Foundational and clinical science knowledge and behavioral abilities and practice expectations to meet the needs of patients/clients with primary musculoskeletal pathologies. Prerequisites: PHT 538. Corequisites: PHT 541, 543, 544, 547.

PHT 547—Professional Practice I (2)

Core professional values and the role of the autonomous practitioner from a historical perspective. Theoretical concepts underlying professional communication, accountability of the physical therapist including application of ethical analysis and decision making. Prerequisites: PHT 538. Corequisites: PHT 541, 543, 544, 545.

PHT 549—Caring for the Community I (1)

Students introduced to prevention and wellness in community program. Selected elements of assessment and intervention practiced under supervision of physical therapy program faculty and Module V students.

PHT 551—Case Based Discussion II (6)

Integrate foundational and clinical sciences using case studies. Emphasis on theoretical constructs that promote autonomous clinical practice. Primary patient diagnoses involve the neuromuscular system. Prerequisites: PHT 547. Corequisites: PHT 553, 554, 555, 557.

PHT 553—Clinical Laboratory II (3)

Integration of knowledge, clinical skills and professional behaviors of the patient/client management process consistent with autonomous clinical practice expectations for individuals with primary neuromuscular diagnoses. Prerequisites: PHT 547. Corequisites: PHT 551, 554, 555, 557.

PHT 554—Anatomy II (3)

Foundation of neuroanatomy and neurophysiology, with introduction to clinical consequences of insult to nervous system. The clinical significance of these structures related to physical therapy practice. Prerequisites: PHT 547. Corequisites: PHT 551, 553, 555, 557.

PHT 555—Critical Inquiry Seminar II (3)

Foundational and clinical science knowledge and behavioral abilities and practice expectations to meet the need of patients/clients with primary neuromuscular pathologies. Prerequisites: PHT 547. Corequisites: PHT 551, 553, 554, 557.

PHT 557—Professional Practice II (2)

Role, responsibility and accountability of the autonomous practitioner relative to the current health care environment. Theoretical constructs underlying models of health care delivery, reimbursement and public and political systems. Prerequisites: PHT 547. Corequisites: PHT 551, 553, 554, 555.

PHT 559—Caring for the Community II (1)

Students participate in assessment and intervention in local community program. Students practice selected elements of the client management process under supervision of physical therapy program faculty and Module IV students.

PHT 619—Clinical Education I (8)

Introduction to direct patient care and application of basic theoretical concepts central to patient/client management. Patient care under the close supervision of an on-site physical therapist. First of four clinical education experiences. Prerequisites: PHT 557.

PHT 629—Clinical Education II (8)

Application of basic theoretical concepts central to patient/client management. Second of four clinical education experiences. Patient care under the close supervision of an on-site physical therapist. Prerequisites: PHT 637.

PHT 641—Case Based Discussion IV (6)

Integration of foundational and clinical sciences using case studies. Emphasis on theoretical constructs that underlie autonomous clinical practice. Multi-system involvement with emphasis on cardiovascular, pulmonary and advanced musculoskeletal diagnoses. Prerequisites: PHT 638. Corequisites: PHT 643, 644, 645, 647.

PHT 643—Clinical Laboratory IV (3)

Integration of knowledge, clinical skills, professional behaviors of the patient/client management process consistent with autonomous clinical practice expectations for individuals with multi-system involvement. Cardiovascular, pulmonary and advanced musculoskeletal diagnoses. Prerequisites: PHT 638. Corequisites: PHT 641, 644, 645, 647.

PHT 644—Anatomy IV (3)

Human cadaver dissection. Structures of the head and neck, viscera, and spinal column. Clinical significance of these structures related to physical therapy practice. Prerequisites: PHT 638. Corequisites: PHT 641, 643, 645, 647.

PHT 645—Critical Inquiry Seminar IV (3)

Foundational and clinical science knowledge, behavioral abilities, and practice expectations to meet the needs of patients/clients with multisystem involvement. Prerequisites: PHT 638. Corequisites: PHT 641, 643, 644, 647.

PHT 649—Research I (2)

Fundamental concepts of scientific inquiry as they relate to clinical issues in health care. Levels of data, variance, sampling, reliability, validity, predictive value, and statistical inference in the context of clinical questions. Prerequisites: PHT 638. Corequisites: PHT 641, 643, 644, 645.

PHT 659—Caring for the Community III (1)

Selected elements of assessment and intervention practiced under supervision of physical therapy program faculty. Students develop supervisory and mentoring skills while advancing the learning of Module II students.

PHT 701—Foundations of Autonomous Practice (3)

Historical perspective of the role of the physical therapist as related to patient/client management. Introduction/review of the Guide to Physical Therapist Practice. Explore concepts related to physical therapy diagnosis, screening for underlying pathology, and application of a Disablement Model to clinical cases. Introduce Outcomes Measurement. Examine Evidence-Based Practice and strategies for acquiring best evidence.

PHT 712–Prevention and Wellness (3)

Evaluate the role of the physical therapist in Primary Care and management of the whole patient. Screening/Risk stratification across the Practice Patterns. Examine epidemiology and its relevance to physical therapy. Assess the role of the physical therapist evaluation and prescription of exercises for intervention, wellness and prevention programs. Prerequisite: PHT 701 and permission of instructor.

PHT 713–Diagnostic Imaging (3)

Systematic method of analyzing and integrating imaging findings into physical therapy diagnostic process, linking imaging findings of clinical case studies across Practice Patterns. Prerequisite: PHT 701 and permission of instructor.

PHT 714–Pharmacology and Pathophysiology (3)

Emphasizes effect of drug actions on major systems, including therapeutic and adverse interactions and factors that modify their effects. Focus on traditional and alternative pharmacologic interventions primarily involving diagnoses of neuromusculoskeletal and cardiovascular systems. Case studies will be used to examine the impact of medications on physical therapy patient/client management. Prerequisite: PHT 701 and permission of instructor.

PHT 716–Professional Practice-Global Health Care Issues (3)

Evaluate current views on health policy, professionalism, professional interactions and competence and their impact on physical therapy practice. Strategies for fostering leadership, within the profession, will be introduced. Prerequisite PHT 701 and permission of instructor.

PHT 741–Case Based Discussion V (6)

Integration of foundational and clinical sciences using case studies. Emphasis on theoretical constructs that support autonomous clinical practice. Multidimensional needs of individuals with complex diagnoses. Prerequisites: PHT 647. Corequisites: PHT 743, 744, 745, 747, 748.

PHT 743–Clinical Laboratory V (3)

Application of the patient/client management process consistent with autonomous clinical practice expectations for individuals with complex diagnoses. Multidimensional needs of individuals; principles previously acquired while additional techniques are developed. Prerequisites: PHT 647. Corequisites: PHT 741, 744, 745, 747, 748.

PHT 744–Anatomy V (3)

Dissection and discussion building on PHT 554. Emphasizes depth with regard to clinical consequences of insult to the nervous system. Clinical significance of these structures related to physical therapy practice. Prerequisites: PHT 647. Corequisites: PHT 741, 743, 745, 747, 748.

PHT 745–Critical Inquiry Seminar V (2)

Foundational and clinical science knowledge, behavioral abilities and practice expectations to meet the needs of patients/clients with complex diagnoses and multidimensional needs. Prerequisites: PHT 647. Corequisites: PHT 741, 743, 744, 747, 748.

PHT 747–Professional Practice V (2)

Business and strategic planning, financial management, resource management and marketing. Communication skills related to business management. Prerequisites: PHT 647. Corequisites: PHT 741, 743, 744, 745, 748.

PHT 749–Research II (1)

Integrate skills and knowledge of research methodology through a variety of projects such as case reports, demonstration project with community agencies, along with more traditional models. Group project. Prerequisites: PHT 647. Corequisites: PHT 741, 743, 744, 745, 747.

PHT 753–Clinical Education IV (9)

Integration of multifaceted roles of clinicians into current practice within the health care system. Upon completion of this final clinical experience, students exhibit practice level expectations of entry level professional. Prerequisite: PHT 751.

PHT 759–Caring for the Community IV (1)

Selected elements of assessment and intervention practiced under supervision of physical therapy program faculty. Students develop supervisory and mentoring skills while promoting the learning of Module I students.

PHT 769–Clinical Education III (8)

Integration of theoretical and clinical concepts for individuals with multi-system involvement. Third of four clinical education experiences, in which students participate fully in patient care under the close supervision of an on site physical therapist. Prerequisite: PHT 748.

PHT 811–Teaching and Learning (3)

Outcomes of instructional process through effective teaching techniques and strategies. Principles of teaching and learning and dynamics of teacher effectiveness related to physical therapist's role of caregiver, educator, consultant, and collaborator. Prerequisite: PHT 701 and permission of instructor.

PHT 812–Measurement and Interpretation of Outcomes (3)

Fundamental measurement properties of instruments used by physical therapists in determining level of impairment, differential diagnosis, outcomes measures, health status, and patient/client satisfaction. Strategies to assess and select between various instruments for clinical practice. Prerequisite: PHT 701 and permission of instructor.

PHT 813–Management in Health Care Delivery (3)

Organizational management theory and principles. Quantitative analysis of health care issues. Supervision, quality assurance, and marketing are explored. Examine concepts of human resources and quality assurance including productivity, contracts, and ethical/legal issues. Prerequisite: PHT 701 and permission of instructor.

PHT 815–Research Methods (3)

Fundamental concepts of scientific inquiry as they relate to clinical issues in health care. Levels of data, variance, sampling, reliability, validity, predictive value, and statistical inference are discussed in the context of clinical questions. Prerequisite: PHT 701 and permission of instructor.

PHT 816–Practicum (6)

Capstone course tailored to individual student needs and professional interests. Students select education, management, or research as a focus. Individual or group experiences are planned with individual faculty. Prerequisite: PHT 701 and permission of instructor.

Physics

PHY 503–The History of Physics (3)

The development of physics since the time of Aristotle and the early Greek scientists. Emphasis on physical theories and their historical significance.

PHY 517–Principles of Physical Science (3)

Important principles of physics, chemistry, earth science. Historical contexts. Integration of principles to address complex global problems.

PHY 590–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

PHY 600–Selected Topics (3)

Advanced study of a selected topic in physics not normally included in the regular curriculum. May be repeated for credit provided the topic studied does not duplicate previous coursework.

PHY 690–Independent Study (1-6)

Individual reading or research in a topic of interest between the student and the instructor. Must be approved in advance by the appropriate graduate program director.

Psychology

PSY 604–Child and Adolescent Development: Implications for Educators (3)

Developmental theory, principles, and research and their application to the effective education of diverse student populations. Twenty hours of field work required.

PSY 607–Psychology and the Visual Arts (3)

Introduces students to elements of design and how they create psychological effects. Introduces students to influential artists and their creative works. Affords students opportunities to explore their creative and expressive potentials.

Sociology

SOC 537–Science and Social Power (3)

Critical examination of science as a primary locus of social power. Socio-historical development of science as a knowledge/power project; influence of socially constructed scientific reality in production and maintenance of difference/inequality Seminar format. Prerequisites: One of the following: ANT 101, SOC 151, or permission of the instructor.

SOC 552–Minority Experience in American Society (3)

Minority experience in American society from historical and contemporary perspectives. Theories of dominant/minority group relations. Contemporary issues and public policy. Intersection of race, ethnicity, gender, social class. Prerequisite: One of the following: ANT 101, SOC 151, SOC 252, SOS 101, or permission of instructor.

Faculty/Full Time

Lawrence R. Aaronson

B.S. Florida State University
Ph.D. Rutgers University
Professor of Biology, 1987; Crisafulli Distinguished Teaching Award, 1996; Clark Award, 1997*

Claudette Abounader, R.N., A.N.P.

A.A.S. Mohawk Valley Community College
B.S., M.S. Syracuse University
Assistant Professor of Nursing, 2002

Atasi Basu

B.Sc. University, Baroda, India
M.Stat. Indian Statistical Institute, Kolkata, India
Ph.D. Indian Statistical Institute, Kolkata, India
Ph.D. Syracuse University
Assistant Professor of Accounting, 2005

Annette Becker, R.N.

B.S.N. Hartwick University
M.S. State University of New York at Binghamton
Assistant Professor of Nursing, 2006

Hossein Behforooz

B.S. Tehran University
M.S. Institute of Mathematics, Teachers Training University
M.S., Ph.D. Brunel, University of West London
Professor of Mathematics, 1987 Clark Award, 2005

Frank Bergmann

Neues Gymnasium Ravensburg, Germany
M.A. University of Arkansas
Ph.D. University of Tübingen, Germany
Professor of English and German, 1969 Crisafulli Distinguished Teaching Award, 1985; Clark Award, 1994

Alan E. Bessette

B.S. University of Vermont
M.S. University of Oregon
Ph.D. University of Maine at Orono
Professor of Biology, 1983; Clark Award, 1995; Crisafulli Distinguished Teaching Award, 2000

William C. Blanchfield

B.S., M.S. Rensselaer Polytechnic Institute
Ph.D. State University of New York at Albany
Professor of Economics, 1966

Michelle Boucher

B.A., B.S. Case Western University
Ph.D. Case Western Reserve University
Assistant Professor of Chemistry, 2005

Patrick M. Boyd, M.T. (ASCP)

B.S. State University of New York at Buffalo
M.S. Roswell Park Memorial Institute, Buffalo
Ph.D. State University of New York at Binghamton
Associate Professor of Chemistry, 1975

Thomas G. Brown

B.A. University of Virginia
M.A. Hollins College
Ph.D. University of Maine at Orono
Professor of Psychology, 1975; Distinguished Professor of the College, 1999

Catherine Brownell, R.N.

B.S.N. State University of New York Institute of Technology
M.S. Syracuse University
Ph.D. Binghamton University
Assistant Professor of Nursing, 2004

Bryant W. Buchanan

B.S. University of Southern Mississippi
M.S., Ph.D. University of Louisiana-
Lafayette
Associate Professor of Biology, 2001

Paula D. Carey, O.T.R.

B.S. Utica College
M.S. Syracuse University
*Associate Professor of Occupational
Therapy, 1987*

Theresa Cassidy

B.A. William Paterson College
M.Ed. Rutgers University
Ed.D. Montana State University
Assistant Professor of Education, 2005

Sherri Goldstein Cash

B.S. State University of New York
at Buffalo
M.S. University of Arizona
Ph.D. University of Arizona
Assistant Professor of History, 2002

Marco Castillo

B.A. Queens College, City University
of New York
M.A. New York University
*Visiting Instructor of Government
and Politics, 2006*

David Chanatry

B.A. Hamilton College
M.S. Syracuse University
Assistant Professor of Journalism, 2003

Kyung-Seok Choo

B.A. Korea Maritime University
M.S. Northeastern University
Ph.D. State University of New Jersey,
Rutgers
*Assistant Professor of Criminal Justice,
2002*

John D. Cormican

B.A., M.A. Ball State University
Ph.D. University of Michigan
M.S.W. Syracuse University
Professor of English, 1974

Ralph Craig

B.S. Presbyterian College
M.S. North Carolina State University
*Assistant Professor of Mathematics,
2006*

Molly H. Crist, P.T.

B.A. State University of New York
at Buffalo
M.P.T. Temple University
D.P.T. Temple University
*Assistant Professor of Physical Therapy,
2001*

Thomas A. Crist

B.A. Rutgers University
M.A. University of South Carolina
M.A., Ph.D. Temple University
*Associate Professor of Physical Therapy,
2001*

George Curtis

B.A. Syracuse University
J.D. Brooklyn Law School
*Associate Professor of Criminal Justice,
1999*

Linda S. Dake

B.A. Whitman College, WA
M.S. Washington State University,
Ph.D. University of Maine
Assistant Professor of Physics, 2002

Lawrence H. Day

B.A.Sc. University of Toronto
M.Sc. University of Wisconsin-Madison
Ph.D. McGill University
Associate Professor of Physics, 1989

Jan J. DeAmicis

B.A. Dartmouth College
M.A., Ph.D. University of
Massachusetts, Amherst
*Professor of Sociology, 1977; Crisafulli
Distinguished Teaching Award, 2006*

Jason R. Denman

B.A. University of California, Davis
M.A., Ph.D. University of California,
Irvine
Assistant Professor of English, 2004

Thomas Diana

B.S. Utica College
M.S. Syracuse University
Ph.D. Syracuse University
Assistant Professor of Education, 2005

Sandra B. Dimeo, O.T.R.

B.S. Utica College
M.S. State University of New York
at Cortland
*Associate Professor of Occupational
Therapy, 1992; Crisafulli Distinguished
Teaching Award, 2002*

Kristinea D'Meier

B.A. University of Minnesota
M.S. Minnesota State University
*Assistant Professor of Criminal Justice,
2006*

Laura G. Dorow

B.A. Wells College
M.A., Ed.D. Columbia University
Teachers College
M.M. Florida State University
Professor of Education, 1994

Carol A. Downing

B.A., M.A. University of Dayton
Ph.D. Ohio University
*Assistant Professor of Communication
Arts, 1985; Crisafulli Distinguished
Teaching Award, 1992*

Mary J. Drucker

B.A. Salem State College
M.A. University of Massachusetts
at Boston
Ph.D. Syracuse University
Assistant Professor of Education, 2003

Judith B. Dyne, R.N., C.N.S., A.N.P.-C.

B.S.N. Troy State University
M.S., P.M.C. Syracuse University
Assistant Professor of Nursing, 2004

Ashraf Elazzazi, P.T.

B.S. School of Physical Therapy,
Cairo University
M.S. Texas Woman's University
Ph.D. Texas Woman's University
*Assistant Professor of Physical Therapy,
2005*

Brad A. Emmons

B.A. Albion College
Ph.D. Indiana University
Assistant Professor of Mathematics, 2003

Dawn E. Evans

B.S. State University of New York
at Syracuse
Instructor of Physical Therapy, 2006

Richard G. Fenner

B.A., M.B.A. Cornell University
M.A., Ph.D. Syracuse University
Associate Professor of Economics, 1989

K. Della Ferguson

B.G.S., M.S. University of Nebraska,
Omaha
Ph.D. Kansas State University
*Professor of Psychology, 1978; Crisafulli
Distinguished Teaching Award, 1990*

Lois A. Fisch

B.Ed. University of
Wisconsin/Whitewater
M.Ed. National-Louis University
Ph.D. Northwestern University
Professor of Education, 1995

John Foreman

B.A. University of Texas at Austin
M.A., Ph.D. University of California
Assistant Professor of English, 2005

Linnea E. Franits, O.T.R.

B.A., M.A. New York University
*Associate Professor of Occupational
Therapy, 1994*

Cecilia Friend

B.A. University of Maryland
M.A. Syracuse University
*Professor of Public Relations/
Journalism, 1987; Clark Award, 2002,
Crisafulli Distinguished Teaching
Award, 2007*

Thomas Fryc

B.A. Union College
M.A. The John Hopkins University
Ph.D. University of Massachusetts
Assistant Professor of Philosophy

Mary Jean Gelsomino, P.T., D.P.T.

B.S. Ithaca College
M.A. New York University
D.P.T. MGH Institute of Health Professions
*Assistant Professor of Physical
Therapy, 1994*

Elizabeth B. Gleasman, R.N., F.N.P.-C.

B.S.N. University of Rochester
M.S. Syracuse University
Associate Professor of Nursing, 1985

David L. Green

B.S. Cornell University
M.B.A. Syracuse University
*Visiting Assistant Professor of
Marketing, 2005*

David M. Habbel

B.S. State University of New York
College at Brockport
M.A., Ph.D. State University of
New York at Buffalo
*Associate Professor of Communication
Arts, 1987*

Robert M. Halliday

B.A. Stirling University
D.Phil. Oxford University
Professor of Philosophy, 1991

Patrice W. Hallock

B.S. State University College
M.S. Plymouth State College
Ph.D. University of New Hampshire
Assistant Professor of Education, 2004

James B. Heian

B.A. Stanford University
Ph.D. University of Utah
Associate Professor of Accounting, 2003

Hartwell C. Herring III

B.B.A., M.S. University of Mississippi
Ph.D. University of Alabama
Professor of Accounting, 2000

Nancy R. Hollins, O.T.R.

B.S. University of Minnesota
M.S. Syracuse University
*Associate Professor of Occupational
Therapy, 1987*

Zhaodan Huang

B.A. Renmin University of China
M.A. University of Saskatchewan
Ph.D. West Virginia University
Assistant Professor of Economics, 2004

Pamela Hurley

B.S. University of South Carolina
Honors College
M.B.A., Ph.D. Rensselaer Polytechnic
Institute
*Assistant Professor of Risk
Management and Insurance, 2006*

Janice E. Huss

B.A. Utica College
M.S. Syracuse University
*Associate Professor of Computer
Science, 1983*

Mary Anne Hutchinson

B.A. Utica College
M.A., Ph.D. Syracuse University
Professor of English, 1980

Todd S. Hutton

A.B. Davidson College
M.Ed. University of Florida
Ph.D. Duke University
President of the College, 1998

Kirstin F. Impicciatore, C.T.R.S.

B.S.E. State University of New York
at Cortland
M.S. Utica College
*Assistant Professor of Therapeutic
Recreation, 2001*

Mary Ann Janda

B.A., M.A., Ph.D. University of Illinois
at Chicago
*Professor of English, 1987; Clark Award,
2006*

John H. Johnsen

B.A., M.A. Case Western Reserve
University, Ohio
Ph.D. State University of New York
at Buffalo
Professor of Anthropology, 1977

Sharon L. Kanfoush

B.S. Long Island University at
Southampton College
M.S. State University of New York
College at Buffalo
Ph.D. University of Florida
Associate Professor of Geology, 2002

Joan Kay, C.T.R.S.

B.S. Murray State University
B.S. Utica College
M.A. Ball State University
*Associate Professor of Therapeutic
Recreation, 1982; Crisafulli Disting-
uished Teaching Award, 2004*

Jung Yeop Kim

B.S. Sungkyunkwan University
M.S. South Dakota State University
*Assistant Professor of Computer
Science, 2005*

Kenneth E. Kelly

B.A., M.A. Cornell University
Ed.D. George Washington University
*Vice President for Student Affairs
and Dean of Students, 2002*

Richard D. Kelly

B.S. Cortland State University
M.S. Utica College
*Assistant Professor of Criminal Justice,
2006*

Judith A. Kirkpatrick

B.A., M.A., Ph.D. Indiana University
*Vice President for Academic Affairs
and Dean of the Faculty, 2004*

Daniel B. Kurtz

B.S. St. Lawrence University
Ph.D. Upstate Medical College
Assistant Professor of Biology, 2003

Ronald E. LaBella

B.A. Utica College
M.S. Syracuse University
*Associate Professor of Computer
Science, 1982*

Kim Landon

B.A. Utica College
M.A. Syracuse University
*Associate Professor of Public Relations/
Journalism, 1979; Crisafulli Disting-
uished Teaching Award, 1991*

Gary Leising

B.A. University of Dayton, Ohio
M.F.A. University of South Carolina
Ph.D. University of Cincinnati
Assistant Professor of English, 2005

Marijean E. Levering

B.A. Loyola University, Chicago
M.A. Michigan State University
Ph.D. Wayne State University
Associate Professor of Theatre, 2000

Kunpeng Li

B.Eng. Shandong Institute of
Technology, China
M.S. Nankai University, China
*Assistant Professor of Management,
2006*

Amy E. Lindsey

B.S. University of Pittsburgh at Bradford
M.Ed. University of Pittsburgh
Ph.D. Vanderbilt University
Assistant Professor of Psychology, 2004

Marie-Noëlle D. Little

Licence-es-Lettres, Lyon University,
France
M.A. Indiana State University,
Terre Haute
Ph.D. University of Massachusetts,
Amherst
*Professor of French, 1982; Clark Award,
2001*

Arlene R. Lundquist

B.A. University of North Carolina
at Greenboro
M.A.Ed. Wake Forest University
Ph.D. University of Wisconsin
at Madison
Associate Professor of Psychology, 2000

Qingkai Ma

B.S., M.S. Nankai University, P.R. China
Ph.D. University of Texas at Dallas
*Assistant Professor of Criminal Justice,
2004*

Paul MacArthur

B.A., State University of New York
at Oswego
M.P.S. Syracuse University
*Assistant Professor of Public Relations,
2006*

Shauna Malta, P.T., M.S.

B.S. Russell Sage College
M.S. Elmira College
*Associate Professor of Physical Therapy,
2000; Academic Coordinator of
Clinical Education, 1995; Award for
Excellence in Academic Advising, 2004*

Diane Matza

B.A. University of Michigan
M.A. Wesleyan University
Ph.D. Case Western Reserve University
*Professor of English, 1978; Clark Award,
1996*

R. Bruce McBride

B.A., M.A. State University of New York
at Oswego
M.A., Ed.D. State University of
New York at Albany
Professor of Criminal Justice, 1987

Thomas M. McCarthy

B.S. Binghamton University
M.S. University of West Florida
Ph.D. University of Kentucky
Assistant Professor of Biology, 2004

Jeffrey A. Miller

B.A., M.A., Ph.D. State University of
New York at Buffalo
*Associate Professor of Communication
Arts, 1997*

Melodee Moltman

B.S. South Dakota State University
M.S. Wheelock College
*Associate Professor of Psychology-Child
Life, 1980*

David L. Moore

B.S., B.A. Eastern Nazarene College
M.S., Ph.D. Ohio State University
*Professor of Biology, 1976; Clark Award,
1998; Crisafulli Distinguished
Teaching Award, 2003*

Victoria L. Nackley, O.T.R.

B.S. University of New Hampshire
M.S. Syracuse University
*Assistant Professor of Occupational
Therapy, 2004*

Stephen P. Neun

B.A., M.A., Ph.D. University of
Connecticut
*Professor of Economics, 1982; Crisafulli
Distinguished Teaching Award,
1994; Clark Award, 1999*

Randall K. Nichols

B.S.Ch.E. Tulane University
M.B.A. University of Houston
M.S.Ch.E. Texas A & M University
*Associate Professor of Criminal Justice,
2006*

Theodore S. Orlin

B.A. Brooklyn College
J.D. State University of New York
at Buffalo
*Professor of Criminal Justice/Govern-
ment and Politics, 1983; Crisafulli
Distinguished Teaching Award, 1993
Clark Award, 2000; Harold T. Clark
Professor of Human Rights
Scholarship and Advocacy, 2005*

Lisa M. Orr

B.A. Syracuse University
M.A. State University of New York
at Binghamton
Ph.D. University of California,
Los Angeles
Associate Professor of English, 1997

Adam K. Pack

B.S. Binghamton University
Ph.D. State University of New York,
Health Science Center at Syracuse
Associate Professor of Biology, 2001

Peter A. Pawson, P.T.

D.E.C. Dawson College
B.S. Utica College
B.Sc., Ph.D. McGill University
*Associate Professor of Physical Therapy
and Biology, 1993*

Stephen G. Peek

B.A. State University of New York
at Plattsburgh
M.B.A. University of North Dakota
Associate Professor of Management, 1987

William F. Pfeiffer

B.S. Wittenberg University
M.S. University of Wisconsin
Ph.D. Case Western Reserve University
*Professor of Chemistry, 1970; Crisafulli
Distinguished Teaching Award, 1986*

Terri L. Provost

B.S., M.S., Ph.D. Bowling Green
State University
Associate Professor of Biology, 2001

Curtis R. Pulliam

B.S. Western Illinois University
Ph.D. University of Wisconsin-Madison
Associate Professor of Chemistry, 1987

Herbert Rau

B.S. State University of New York at
Oneonta
M.B.A., Nasson College
Ph.D. Union Institute
Assistant Professor of Marketing, 2006

Donald J. Rebovich

B.S. The College of New Jersey
M.A., Ph.D. Rutgers University
*Associate Professor of Criminal Justice,
2001*

Nathaniel Richmond

B.A. State University of New York
at Buffalo
M.A., Ph.D. George Washington
University
*Professor of Government and Politics,
1988; Crisafulli Distinguished
Teaching Award, 2005*

Alicja Rieger

B.A., M.A. Cracow Pedagogical
University
Ph.D. Syracuse University
Associate Professor of Education, 1999
Angel Rivera
B.Sc. University Centroccidental
"Lisandro Alvarado," Venezuela
M.S. Syracuse University
*Assistant Professor of Computer
Science, 2005*

Laurence W. Roberts

B.A. Utica College
M.A., Ph.D. Syracuse University
*Associate Professor of Psychology, 1989;
Crisafulli Distinguished Teaching
Award, 1997*

Anamaria V. Iosif Ross

B.S. Birmingham-Southern College
Ph.D. Tulane University
*Assistant Professor of Anthropology,
2004*

Thomas A. Rossi, P.H.R.

B.S. Kings College
M.B.A. Monmouth College
Associate Professor of Management, 1979

Thomas M. Ryan

B.S., M.B.A. State University of New
York at Oswego
*Assistant Professor of Criminal Justice,
2004*

Jacqueline Santoro

B.S. Albright College
M.S., Ph.D. Drexel University
Assistant Professor of Psychology

Dale L. Scalise-Smith, P.T.

B.S. Northeastern University
M.S., Ph.D. University of North Carolina
*Associate Professor of Physical Therapy,
1996*

James Scannell

B.A. Middlebury College
 M.A. University of Virginia
 Ph.D. State University of New York
 at Stony Brook
*Associate Professor of English, 1998;
 Award for Excellence in Academic
 Advising, 2001*

Carlann Fox Scholl

B.A. University of Nebraska
 M.A. University of Minnesota
 M.A. Minnesota State University
 Ph.D. Purdue University
Assistant Professor of English, 2005

Adam Schoonmaker

B.A. Potsdam College
 M.Sc. University of Vermont
 Ph.D. State University of New York
 at Albany
Assistant Professor of Geophysics, 2007

Divya Sharma

B.A. MCM DAV College, India
 M.A. Panjab University, India
 M.A., Ph.D. Temple University
*Assistant Professor of Criminal Justice,
 2004*

James Smith, P.T., D.P.T.

B.S. Northeastern University
 M.A. University of Hartford
 D.P.T. Simmons College
*Assistant Professor of Physical Therapy,
 2005*

Polly J. Smith, Ph.D.

B.A. Utica College
 Ph.D. State University of New York
 at Albany
Assistant Professor of Sociology, 2004

R. Scott Smith

B.A. University of Rochester
 M.A., Ph.D. Duke University
Associate Professor of Psychology, 1991

Steven M. Specht

B.S. State University of New York
 at Oswego
 M.A., Ph.D. State University of New
 York at Binghamton
Associate Professor of Psychology, 1999

Colleen Sunderlin, O.T.R.

Institutes and Centers

Center for Historical Research

Established during the Spring Semester 2000, the Center for Historical Research, sponsored by Utica College's history department, provides resources and assistance to students, faculty, and members of the community, who are working on local and global history projects. The objectives of the center are to:

- Support students who are working on "The History Project," an annual collaborative research project undertaken by graduating Utica College history majors.
- Publish the annual proceedings of "The History Project."
- Assist students and faculty conducting local and global historical research.
- Foster ties between Utica College and its surrounding communities.
- Compile and preserve historical resources.
- Collaborate with the Ethnic Heritage Studies Center at Utica College.
- Promote scholarly excellence through the Utica College chapter of the Phi Alpha Theta National Honor Society.

Center for Identity Management and Information Protection

CIMIP was formed in 2006 as a partnership between corporations, government, and academia to combat the threat that identity fraud and theft pose to personal and national security. Founding corporate partners include LexisNexis and IBM. Government partners include the United States Secret Service and the Federal Bureau of Investigation. Academic partners include Utica College, Carnegie Mellon University Software Engineering Institute's CERT/CC, Indiana University's Center for Applied Cybersecurity Research, and Syracuse University's CASE Center.

The research agenda of the Center is guided by the Board of Advisors of Utica College's Economic Crime Institute (ECI) and a Research Steering Committee comprised of the Center's partners. The Center's research agenda focuses on critical issues in identity management, information sharing policy, and data protection, including:

- The causes, early detection, and prevention of identity fraud and theft.
- The evolving threat from cyber criminals, insiders, and organized crime groups.
- The impact and role of policy decisions, legislation, and regulatory actions.
- The improvement of identity authentication systems to reduce fraud and improper payments, and protect national security.
- The role of enabling technologies to protect information, facilitate privacy, and share information.

The Center provides cutting edge identity management and information protection resources to corporations, law enforcement, government agencies, academe, and the public through its publications and Web site (www.cimip.org). The Center also sponsors symposia to share the research findings with key decision makers in corporate, government, and academic organizations.

Economic Crime Institute

The Economic Crime Institute (ECI) was formed in November 1988 to support the major in criminal justice/economic crime investigation; prepare students to prevent, detect, investigate, and prosecute economic crimes; and provide continuing education opportunities for economic crime investigation professionals. The ECI meets its goals by encouraging the exchange of expertise between educators and professionals in the field; placing students in internships, co-op programs, and professional positions with corporations and government agencies; sponsoring conferences, seminars, and lectures; and supporting research endeavors. The Institute has a distinguished board of advisors that includes individuals at the top of their fields in higher education, business, and the federal government. These board members, who are experts in insurance fraud, credit card fraud, computer security, financial investigations, internal security, and corporate security, are working with Utica College faculty to accomplish the ECI's goal of preparing individuals to fight economic crime. In addition, the ECI has developed a computer-aided instructional laboratory to be used by economic crime investigation, accounting, and computer science students for a variety of courses.

Education Consortium at Utica College

The mission of The Education Consortium at Utica College is to provide exemplary, cost-effective educational opportunities to meet the certification and educational needs of teachers, administrators, and other employees of consortium members. Membership is institutional and is open to any school district, BOCES, or other organization desiring to participate in its activities. The Consortium provides an opportunity for members to develop joint programs to meet shared needs for professional development, the sharing of information and resources, assistance in meeting state requirements, and professional networking.

Ethnic Heritage Studies Center

Established in 1981 by Professor Emeritus Eugene P. Nassar, the Ethnic Heritage Studies Center serves as a clearinghouse for the creation of courses, seminars, and publications in ethnic studies, especially dealing with ethnic groups of the central New York area. It oversees the development of the Frank E. Gannett Memorial Library book collection in ethnic studies. It also has coordinated ethnic festivals with the Friends of the Library, honoring the larger ethnic populations of Utica. The Center's objectives are:

- To develop a library and other teaching resources in the field of ethnic studies.
- To promote the collection of historical and cultural materials.
- To support the publication of occasional papers, monographs, and other items on topics related to ethnic studies.
- To sponsor an annual lecture and artist series.
- To develop bibliographic references for area libraries, historical societies, and organizations housing research materials on ethnic studies.
- To work with community organizations toward the preservation and dissemination of information on the ethnic experience in central New York.
- To cooperate with The History Project at the Center for Historical Research sponsored by the Utica College history department.

Human Rights Advocacy Program

The Human Rights Advocacy Program of Utica College (HRAP) was established in 1992 by attorneys Theodore Zang, Esq., and Utica College Professor Theodore S. Orlin, Esq. HRAP's purpose is to counsel and train non-governmental organizations (NGOs) in transitional democracies. Accordingly, with the support of Utica College and private donations, it regularly works with human rights advocates in Eastern and Central Europe (e.g. Albania, Bulgaria, Kosova, Moldova, Romania, Slovakia), Africa, and the Far East (Taiwan).

HRAP's approach is to provide in-field training and technical assistance to human rights NGOs and their supporters, as well as to provide counsel via international communications. HRAP works closely with Helsinki Committees and independent human rights NGOs, supporting their legal defense efforts, the monitoring of human rights violations, and their human rights education programs, etc. It also provides technical support and training to university human rights centers in the Balkans and elsewhere.

As part of its training effort it invites young human rights advocates from transitional democracies to study and train at Utica College for a semester. Studying along with Utica College students, these advocates study human rights law and other specialties areas, bringing back to their own country skills and knowledge useful for human rights work. Utica College students benefit from their exposure to the experiences of these human rights advocates.

Institute for Excellence in Education

The Institute for Excellence in Education was established in January 2000. It is the academic and administrative unit of the College responsible for the coordination of all activities involving teacher education and preparation for administrative and supervisory service. The Institute also functions as the clearinghouse for communications with the New York State Education Department on matters of certification; the liaison office for the Education consortium with area school districts and BOCES; and the locus for all community relationships and activities related to teacher education and certification and administrative and supervisory certification.

Institute of Applied Ethics

The Institute of Applied Ethics at Utica College was founded in 1986 and has been affiliated with Utica College since 1987. Its fundamental purpose is to serve the Mohawk Valley region by promoting reflection upon and public discussion of ethical issues in health care and the related fields of law, social legislation, and business. The Institute provides the community with a resource of informed people willing and able to assist in the assessment of ethical problems, and sponsors conferences, seminars, workshops, and lectures for both professionals and the general public.

Mohawk Valley Center for Economic Education

The Mohawk Valley Center for Economic Education at Utica College opened in 2001. The center, one of nearly 300 nationwide, is affiliated with the National Council on Economic Education (NCEE), a nonprofit group of educators, corporations, and labor leaders devoted to improving the economic literacy of students throughout the United States. The NCEE developed Economics America, a set of programs aimed at integrating economics throughout the K-12 curriculum.

The Mohawk Valley Center's major focus is to help local districts implement the Economics America program by providing training for local teachers in kindergarten through senior high school in both economic content and pedagogy. The center's staff is also available to serve as consultants to school districts on curriculum development, needs assessment, and teaching strategies.

Commencement

This calendar reflects courses meeting on campus. Distance learning or other programs with non-traditional formats have separate academic schedules that can be obtained from the respective program offices.

NOTE: Utica College recognizes the right of each student to observe religious commitments. Although religious holidays are not reflected in the academic calendar, students wishing to observe such holidays should notify their professors or the vice president for student affairs and dean of students so that special arrangements can be made if necessary.
