

TRANSFER ARTICULATION AGREEMENT

Utica College  
Bachelor of Science Degree in Nursing (BSN)

and

Herkimer College  
Health Professions (Pre-Nursing Track)

December 2020

## SIGNATURES

Utica College

Laura M. Casamento, Ed.D.  
President

Herkimer College

Cathleen C. McColgin, Ph.D.  
President

Craig P. Dewan, M.S.  
Registrar

Utica College and Herkimer College, in recognition of a mutual respect for the integrity of parallel academic programs and in an effort to better serve students intending to pursue the completion of a bachelor's degree, hereby enter into an agreement of articulated degree programs.

### **OBJECTIVES:**

- To encourage the transfer of qualified students from Herkimer College (Herkimer College) to Utica College (UC).
- To award academic credit for courses completed at Herkimer College, that meet the terms of the Associate Degree programs for application toward the requirements a Bachelor of Arts or a Bachelor of Science at UC.
- To provide effective and concise guidelines for students seeking to transfer to UC. Students will have accurate and clear information regarding the transfer of their coursework and credits toward the Bachelor's degree at UC.

### **TERMS OF THE TRANSFER ARTICULATION AGREEMENT:**

UC guarantees the acceptance of students who completed an Associate Degree at Herkimer College with a cumulative GPA of 2.8 or better to UC. Transfer students who do not meet these criteria will be evaluated individually.

This agreement assumes the completion of the Associate Degree. UC requires that the last 30 credit hours granted toward the Bachelor degree must be earned in residence, with matriculated status. Additionally, the Bachelor of Arts degree requires that a minimum of 90 credits must be in the liberal arts while the Bachelor of Science requires a minimum of 60 credits must be in the liberal arts.

Herkimer College transfer Students will be subject to all general education requirements of UC as set forth in the UC catalogue.

Transfer students with a completed Associates Degree will be exempt from Components I & II of UC's Core Requirements.

Students who transfer 30 credits of liberal arts and sciences (with at least 2 courses in each of UC's three categories of Component II Core—including one lab science course) will be exempt from Component II Core.

Transfer Students who enter UC with Components I & II complete will be required to complete 3 credits of Component III: Integrated Writing.

This document is based upon the evaluation of course descriptions presented to UC. Courses will transfer to UC provided a grade of "C" or better has been earned. Credit will be granted where the coursework is comparable to that offered at UC or as general elective and/or liberal arts credit.

This Agreement shall remain in effect for a period of two years from the date listed below, with the provision that the terms specified herein will continue to apply to the students admitted from Herkimer College within one year of the expiration of the agreement. Each institution agrees to provide timely notice to the other in the event of any modification to the curriculum that might affect the compatibility for admission and transfer of coursework. This agreement may be subject to change, without notice, if curriculum requirements change at either institution. Students admitted to Herkimer College prior to such notification shall be admitted to UC on the basis of this agreement.

### **UTICA COLLEGE ADMISSION CRITERIA FOR TRADITIONAL BACHELOR OF SCIENCE NURSING PROGRAM**

1. Applicant must be a graduate with an accredited Associate Degree. Those matriculating with an Associate Degree will be exempt from Components One and Two of the General Education Core.
2. Students must complete both General Education Core and major-related courses with a GPA of 2.80 prior to beginning the nursing courses.
3. Transfer students, either internal or external to the College, must have a cumulative grade point average of 2.8 or better with minimum grade of C for major-related courses for admission to the nursing program. Applicants may receive individual consideration from the Nursing Admissions Committee. Following are the major and major-related course offerings required in the nursing program:  
BIO 101 and 102 - Human Anatomy and Physiology (4 credits each), CHE 211 - General Chemistry I (4 credits), BIO 203 - Microbiology (4 credits), BIO 205 - Human Nutrition (3 credits), PSY 101 - Introduction to Psychology (3 credits), PSY 223 - Life-Span Developmental Psychology (3 credits), SOC 151 - Human Society (3 credits), PHI 107 - Ethics (3 credits), MAT 112 - Basic Statistics (3 credits)
4. A transfer evaluation will be completed by the registrar at the time the student is accepted for admission.

Approved on (date) 1/26/2021
