UTICA COLLEGE
utica.edu/international

A FOUR-YEAR PRIVATE UNIVERSITY
IN NEW YORK STATE
Learning that’s innovative and highly personal

Utica College combines the advantages of a university education with the high level of personal attention more commonly associated with a small academic institution. As a student here, you will belong to a special community of friends and mentors. You will know your professors, and they will know you. You will be inspired to pursue new ideas, take advantage of opportunities, and go farther than you ever imagined.

Academics

An independently accredited private institution, Utica offers 36 academic majors, 27 academic minors, and 21 graduate programs, including master’s and doctoral degrees. These programs are offered under the auspices of three academic schools:
- School of Arts and Sciences
- School of Business and Justice Studies
- School of Health Professions and Education

Some of Utica’s most highly regarded programs hold separate accreditation. These include:
- Business Programs (Candidacy Status) - Academy of Collegiate Business Schools and Projects (ACBSP)
- Chemistry - The American Chemical Society
- Cybersecurity (B.S. and M.S.) - National Centers of Digital Forensics Academic Excellence
- Education (undergraduate and graduate) - Teacher Education Accreditation Council (TEAC)
- Nursing - Commission on Collegiate Nursing Education (CCNE)
- Occupational Therapy (M.S.) - The American Occupational Therapy Association (AOTA)
- Physical Therapy (D.P.T.) - The Commission on Accreditation in Physical Therapy Education (CAPTE)

Distinctions

- A top 40 member of the national Excellence in Community College Transfer Honor Roll for support of community college transfer students.
- UC is designated as both a National Center of Academic Excellence in Cyber Defense Education (CAE-CD) by the National Security Agency (NSA) and a National Center of Digital Forensics Academic Excellence (CDFAE) by the Defense Cyber Crime Center (DC3).
- Utica College hosts the Central New York State Hackathon, a two-day event in which students from different schools in the region work on challenges designed and administered by professionals in the cybersecurity and network security fields.

“The diversity at Utica College has allowed me to learn about different cultures and backgrounds. It has also helped me build strong friendships.”

Jalaluddin Jamshidy
Afghanistan, Economics

“The professors are passionate about what they teach, and they are willing to assist you in any way that they can. There are plenty of academic and international resources on campus if extra help is needed.”

Jennifer Arts
Canada, Health Studies/Physical Therapy

“I’m deeply involved in student life at Utica College as president of several clubs, including Amnesty International and the International Students Club, while also interning at the campus art gallery. These leadership experiences have taught me valuable lessons in teamwork, perseverance, and management.”

Amarildo Ceka
Albania, Biochemistry

“I was able to conduct biology research with three different mentors and pursue my own research goals. Such opportunities are numerous at UC.”

Hardik Nariya
India, Biology

“There are lots of events on campus that allow international students to showcase their cultures. It is a really welcoming atmosphere.”

Marjorie Tetteh
Ghana, International Studies
