Utica College is offering an additional health insurance option which will carry a significantly lower employee premium. This plan will be offered to all new employees starting on or after 8/1/2016. Current employees may switch or enroll during the College’s annual Open Enrollment period for a January 1, 2017 start date.

The plan is identical to the current high deductible offering from Excellus BCBS in all ways except the following:

- There is no Health Savings Account contribution from the College, although employees are eligible to set up one for their own contributions.
- Preventative Rx is not a component of this plan.
- Healthy Rewards is not a component of this plan.

The monthly premiums for 2017 are as follows:

Individual: $50.00

Employee + One: $113.53

Family: $156.61
