

Thinking About Bringing a Tapestry?

Here is all that you need to know in order for your tapestry and/or cloth decorations to be approved!

Please note: in order for your items to be approved to be hung you agree to take part in this voluntary process and the college does not hold any responsibility for what happens to your items due to the fire retardant spray. We encourage you to ask us to read the bottle prior to agreeing to have your items sprayed

1. Your item must be sprayed with fire protectant spray. Your AC has spray and will work with you to properly spray your item.
2. Your tapestry must abide by all other fire codes such as location on the wall (this information will be given to you during your first floor meeting).
3. You will need to email your Area Coordinator to setup a time to have your items registered. The registration process must be done by Friday, Sept. 10, 2021 @ 10 AM or your tapestry may not be approved or allowed.

To register your items or if you have any questions about prohibited items or tapestries please contact:
