Time To Activate Your UC Login

Important: You must activate your account in order to register online

Dear Student: Welcome to Utica College!

Now that you’re part of the UC community, you need to activate your online accounts so that you can access your e-mail, register for classes, and more.

Here's how to get started:
1. Have your 9-digit “Banner ID” number ready (it's on the address label of this card)
2. Go to password.utica.edu
3. Follow the on-screen instructions to set up your account access

That's it!

What’s next:

Check your new UC e-mail (and your postal mailbox) for important information you will need for the upcoming semester. Please remember to check your UC e-mail on a regular basis. This is used by several offices on campus to communicate with you during the year.

If you have questions:

Please call us at (315) 792-3032 – we'll be glad to help!

Best regards,
Steve Pattarini
Dean for Student Success
