Dear Second-Year Student,

Welcome back to Utica College! We hope that you have had an enjoyable summer and that you are ready to return to campus to start your Second-Year Experience.

Your second year is going to be the time for you to continue to enhance your academic and career goals and strengthen your existing friendships while also developing new ones. You will also have the opportunity to become more involved on-campus to strengthen your leadership skills and to continue to define who you are as a Utica College student and as an individual.

Throughout this year you may find that you are facing different concerns than what you faced as a first-year student. These concerns can range from academics, career choices, to social belonging. This is why Utica College has designed a program to help you make the most out of your second-year. This brochure highlights some of the activities that will be taking place this upcoming semester to help you continue to be a successful UC Pioneer.

It is our hope that you find your second year at Utica College to be even more rewarding than your first!

See You Soon!
